Musical Organizations Present Varied Programs

The musical program for Thanksgiving lecureth called for participation from all of the organizations on the Harding campus. The groups taking part in the musical activities during the week were:

SMALL CHORUS

The first program was presented Tuesday night by the small chorus. They sang "Alleluia Amen," "Lamb of God," "There Is A Balm in Gilead," "As A Tree" and "Softly And Tenderly".

GIRLS' GLEE CLUB AND MALE QUARTET

The girls' glee club and male quartet presented a varied program of numbers on Wednesday night. Among the songs they sang were "Lup Thine Eyes" as the opening number, which the quartet followed with "Grandfather's Clock" and "In The Still of The Night". The glee club closed with two folk songs, "Flowers of the Forest" and "In the Valley Below".

LARGE CHORUS

Before the afternoon services the large chorus presented a program of both sacred and secular pieces. Most of the numbers presented are traditional songs at Harding, therefore very familiar with Harding graduates and friends.

GIRLS' SEXTET AND MEN'S GLEE CLUB

The final musical program of the week was presented by the girls' sextet and men's glee club. Some of the control songs were: "Poor O' Lazzrus," "Song of the Jolly Rodgers," and "Always".

Sadie Hawkins Day On The Harding Campus

Is A Gala Event, Come Fair Weather Or Foul

by Mary Jean Godwin

\* In spite of all the moans and groans, Sadie Hawkins Day at Harding was a gay day, because more gals caught more availabilities than ever before in Dogpatch history at Harding.

After all met at the gymnasium and then journeyed to Benson hall the great race began. Even though the boys had a 20 foot lead, the gals made up the difference by jumping over benches and everything else to catch them. They never had a chance.

The gals had enough energy to drag the males back to Godden hall to register, then our gals surprised us all by even cracking Dodg. Good ole Dogpatch food like turnips, po'k chops, gravy, and beans. For those of you simple had to be cut, knives were provided with which to eat the proletariat.

Then came the highlight of the great celebration...the program. First came a letter from Jed that had to read by Wayne Johnson. Then "The Boys", including Wayne Johnson, Kenneth Istre, and Joe Slatten, gave their rendition of "Down Yonder," "Cindy" and "Soldier's Joy".

A little culture was added to the program when Bob Morris sang some of his original classics about Beowulf.

The official Li'l Abner and Daisy Mae were chosen during the evening. Veranne Hall was selected as Daisy Dollie and Kenneth Istre as Li'l Abner. Veranne was the ATA's contestant and Kenneth was the LC selection. The most unusual feature of the evening was when a couple was drawn out of a hat to be married. The couple turned out to be Rena Luttrell and Garner Shadid. They were duly wed by Marryn Sam Abney.

Dudley Spears won the String-bean McPoole contest for being the best dressed man. Ru Morton took away the honors for havin' the prize crop of 'whiskers in the Hairless Joe contest'.

RESULTS OF LECTURE WEEK ANNOUNCED

Twelve hundred people attended the annual Thanksgiving homecoming services held in the industrial arts building on November 25.

Mr. C. L. Ganus, president of the board of trustees of Harding college, reported that $1,350,000, or $500,000 goal has been raised since the start of the drive last November. However, the building cost have been raised 15 per cent, so the final goal has been raised to $1,750,000.

A contribution of $944.86 was collected after the morning and evening addresses, for the mission work in Africa and China.

College Radio Station Is Increased In Power

WHBO, the Harding college radio station in Memphis, Tenn., which was purchased two years ago, has been enlarged. The original strength of 250 watts has been increased, giving it a power of 500 watts. The station can now be heard in southern Mississippi and eastern Tennessee.

New towers have been built and a new control building is being erected on a piece of property purchased for that use.
DO WE LACK CULTURE?

In the “Question of the Week” this week, someone said that all our programs at Harding were either silly or they were chorus programs. Now this is largely true. Most of our programs each year are chorus programs, or some silly thing, such as the Halloween program, and the “Sadie Hawkins program.” There is one other field which certainly deserves mention, and that is our dramatic program. The number of one act plays and the Lyceum program fill much of the vacancy in our more serious activities on the campus.

We feel that activities such as Sadie Hawkins day, since they are, have a place in campus as Sadie Hawkins day, silly as they are, have a place in campus activities. They give people a good chance to meet each other and have fun. Activities such as these have no point and they are not intended to. Chorus programs also certainly have their place. Harding is noted for its singing. Many people far and wide have heard of Harding simply because of its musical organizations.

However, there is still a lack of the more “uplifting” programs on our campus. But this is not any fault of the faculty or a number of the students. It is simply that a large number of students do not seem to care for programs of a serious nature to the extent that college students should.

Recently there was a program of serious nature put on that drew a large portion of few students purchased tickets to go. If we do not balance our college lives in this way, how can we know how to give our lives a good balance of cultural activities and humorous entertainment when we leave here?

Are you at fault? Be a little more serious. Take an interest in the finer things in life. Stop now for a minute and think about this.

ARE YOU A MAN OR A MACHINE

Machines have easy lives. They have no decisions to make; they need not trust themselves; nor do they need to exercise any judgment. The operator presses a button, tightens a screw, makes an adjustment, and the machine passively operates in its set manner.

Want to be a machine? Many people do; and for this reason the world has dictatorships. “Machinism” is a doctrine which dictators teach their followers. But many other passive accept this teaching in their own lives. Perhaps this is done to avoid responsibilities.

In our everyday college lives we are in danger of “machinism.” We must learn to depend on our own training to guide us and not on rules and regulations made by someone else.

OF THE WEEK

Are you in favor of the continuation of Sadie Hawkins Day?

Lurlyne Richardson: Yes, this is one of the few activities in which all can participate.

Liz Russell: Yes, it offers a much needed entertainment.

Sybil Bennett: Personally I don’t care for it, but since the majority do want it, I’m in favor of it.

Libby Langston: I know a lot of kids aren’t in favor of it, but what harm is done?

Harold Graham: It’s the only day out of the year that I can get a girl to chase me.

Don Horn: It gives the bashful girls a double chance (this is leap year) to chase the boys.

Imabelle Kimbrough: No, Because I can see nothing so called “oplifing” about it. I think they would be spending their time in a more beneficial way if they had something sensible for a change.

Don Wilkerson: Sure, they are even thinking now of making it a legal holiday. It gives the boys a chance to exercise their muscles.

Mary Beth Gordon: Yeah, it’s a good idea. Of course I’ve got my man but it gives us a chance to relax and have fun.

H. J. Waters: It’s up to the majority, but I do believe that too few participate.

Dot Welsh: It gives everyone a chance to let their hair down and have fun.

Sue Hogg: I like the idea of just having something to do. However, I do think something better could be planned.

Donnie Straughn: It was cute the first year but it’s getting old now.

Norma Forese: I think it’s the most stupid thing that has ever happened. Every program around here that isn’t a chorus program is just a mixture of silly stuff.

Frances Borrachlegale: It knocks some of the ego out of some of the boys, anyway it knocks some of them keep healthy. [Image 0x0 to 724x1013]

Your library with its vast collection of subjects provides good reading for you. Are you utilizing your opportunities?

As you go up and down the streets of different cities, you often see the faces of your Chinese friends. You see them, but perhaps you would desire to learn THE STORY OF JOHN HOPKINS. This story is told by Bertram M. Bernheim, M. D., a former staff member of that institution. He begins the story relating the development of the organization and the service it has performed and its performing for medicine and mankind.

Students of the freshman English classes and English majors would be interested in A DICTIONARY OF AMERICAN ENGLISH, a 4 volume set published by the University of Chicago. It is a compilation of words and phrases which are clearly or apparently of American origin.

The blackness of the night lay over a peaceful, still garden when a sound of men approaching disturbed the stillness. Lights then flickered through the trees revealing a mob of men with crude weapons, carrying lanterns and torches. The mob was searching for one man who with his teachings, had disturbed the religious world of his time. This man, unashamed of his doctrine, asked the mob whom they were seeking. They answered, "Jesus of Nazareth."

Men today still seek Jesus of Nazareth. Not as men intent upon riddling the world of Him; but as men with the desire to accept the great teacher, to accept his way of life and the fullness and joy which comes in being one of his followers.

That mob was then determined to destroy that great teacher and his teachings, but neither could be destroyed. Today, after two thousand years, attack from all sides has not destroyed these words of life.

Many today do not realize just what it is that they are seeking. Nevertheless it is that same Jesus who can fill that empty place in their hearts, and give them hope for a life hereafter. Many of these people have no way of hearing about Jesus for how can they hear if someone does not teach them? The cry arises from China, Africa, Germany, the United States. you, home town, the whole world. What are Christian people doing to carry the news of Jesus to them? Whom does the world seek? Whether they search it or not, they seek Jesus of Nazareth.

EAGLES TRAMPLE LUCKLESS RAMS

The Eagles trounced the luckless Rams by a 45-13 count. In the first half The Eagles scored three times on a 60 yard punt return by Gene Mowrer, a short pass from Mowrer to Red Hart, and a kickoff return with a double lateral from Les Perrin to return by Gene Mowrer, a short pass from Mowrer to Red Hart, Hart to Mowrer good for 51 yards. The Rams only tallies were in the Eagle line. John Davis Ram , three times on a score and Johnny Clark were less Rams by a 45-13 count. In tallied on a 39 yd. jaunt around Nell and a two yard buck by Bob.

Hugh Groover scored twice the game up. Hart scored on a 40 yard punt return by Starling on his own goal line and returned to the twenty. Starling, Beck, and Billingsley did the running for the Dons with a total of only fifteen yards. Starling passed to Istrc, Billingsley, and Beck for their three tallies.

Harris was the outstanding passer for the Giants although the Dons set up the best pass defense that they had this year. Collins and Nallion were the outstanding linemen of the game. The final score was 20-19 in the Giants' favor.

STATISTICS

Gene Mowrer is the total offensive leader with 386 yds. Tom Mohundro of the Lions was second with 475 yds. Others with 400 yds. or more are Norm Starling - Dons - 474, "Dudy" Walker - Yanks - 457, Lloyd Wright - Cards - 445, Starling Mohundro - 472, and Steve Eckstein - Bears - 440.

The five leading runners were Mohundro - 472 in 40 runs, Wright - 345 in 37 tries, Ron Smith of the Yanks - 371 in 35 tries, Hugh Groover of the Lions - 250 in 25 runs and Eckstein - 248 with 23 tries. Mowrer led the passers with 22 tosses for 25Q in 23 runs and Eckstein - 248 for 234, Wayne Johnson. Everyone gives them a big thank you.

Yanks Take Bears To Second Loss

The Yanks overcome the powerful Bears and also took a firmer grasp on the second place title. Westerfield, Word and Smith did the scoring for the Yanks and Vaughn and Graham scored the touchdowns for the Bears. Eckstein was the leading defensive man by pulling 5 rags feat by the loss of players.

RAMS WIN CELLAR WITH LOSS TO CARDS

Fighting to stay out of the cellar the Cards downed the equally determined Rams 26 to 13. The Rams offense was fair but their defense just didn’t hold. Lloyd Wright made 12 points for the winners with Garber Perkins were second with 7 each. "Pappy" Walker made both touch downs for the losers and Allison came through with one extra point.

For the first time this season the Cards defense as well as offence clicked at the same time. A total of 4 passes were intercepted by the alert Cards. Webb and Davis were outstanding in the Ram line while Walker held the backfield together.

Varsity Trips Alumni First in Three Years

The old grads came back for the annual Thanksgiving day basketball game, but evidently ate too much turkey as they bowed to the varsity 45 to 51. The game was close all the way with the lead see-saving back and forth, with the varsity leading at the half time 15-13. In the last few minutes of the game, the varsity stretched their lead to 6 points and held it to the end. Ken Istre led the varsity attack. The alumni had Ordis Copeland, Mahby Miller, "Nubbin" Roe and several of the faculty trying to hit the hoop. This was the first varsity win in three years.
