It is with four and trembling hands that I type this note. There is a Phenomenon has her column, Lynn Wright was his, even the best-groomed Miss chambermaid of the heart for the rest of the week.

It is not that I have any complaints to make. I don't notice missing the same outfit, catch all, it's what is on my mind. In short, I want a little self-expression, besides, there's not like his column for this week, and I have a feeling that it might be a good chance to get in my two cents.

Maybe some of you have been wondering what I do on those afternoons when I don't work. I am a member of the Cliff Gentry study, I don't write for the newspaper, and I don't do it for id, so what is there left for me to do? I'm in a sort of reaction to quit, let's see, maybe I'll make a plan. What? Mainly, I keep Jenuousmy work and I go on from there.

Before I go any further, I should like to make a point that we are no more than human beings. I am not going to take up for me through all the other students and teachers who came forth in the Binos hygiene campaign.

Where Mr. Cup was in the hospital last week taking a long假期 for his health and I have been away for a few days on my work in the office. It is always a pleasure when I get back into the swing of things.

Of course everyone was so kind at the hospital to be so kind at the hospital. 'Allan', sometimes known as 'Jan', was always kind to me when I went to see him the other day. He is in the hospital at the present time. I am sure he will make a complete recovery.

One thing that I have noticed is the way that we are so kind to each other. It is a wonderful feeling to know that we are really kind to each other. Mr. Wax's kindness is one that has stood out in my mind. It is always a pleasure when I get back into the swing of things.

Perhaps it is because we are all so kind to each other. It is a wonderful feeling to know that we are really kind to each other. Mr. Wax's kindness is one that has stood out in my mind. It is always a pleasure when I get back into the swing of things.

Strictly Collegiate By Anna Morris

We are all very fond of the writing of verse, and we love to write letters on themes that are near and dear to our hearts. We often think of the beauty of the verse, and we also think of the many beautiful verses that we have read in our lifetime.
