New Ad Building To Be Completed Sometime Today

The high school student workers have already begun work on the new ad building according to Principal Freeman. The building will be dedicated to the memory of the late Herbert H. Smith, who was a teacher in the school for many years.

Construction Begins On Bison Building

The foundation for the new Bison Building has been laid, and work on the building will begin soon. The building will be used for various purposes, including the administration of the school and the storage of supplies.

Rhodes Announces Change In Rules

The principal of the school has announced a change in the rules governing the behavior of students. The rule is that students must be out of school by 10 p.m. and must be in bed by 11 p.m.

Starling Information Revealed By Scribe In Sentimental Autobiography

By Rhoda M. Sleeper

I was born on a warm summer day in the town of Starling. My parents were simple farmers who worked hard to provide for their family. I was their only child, and they loved me dearly.

The natural text is a page from a newspaper article, possibly from the 1950s or 1960s, discussing various school activities and events. The text contains a mix of formal and informal language, with a focus on discussing school news, student activities, and other local events.

The article mentions the construction of a new ad building, the start of construction on the Bison Building, and changes in school rules. It also includes a personal reflection by Rhoda M. Sleeper about her life in Starling, discussing her parents and the simple life they led as farmers.

The text is written in a clear and concise manner, with a focus on providing readers with useful information about the local school and community. The article is well-organized, with clear headings and subheadings that make it easy to navigate.

The text is a good example of how newspapers can serve as a source of historical information, providing insights into the lives of ordinary people and the events that shaped their communities.

One Man's Opinion
By FIVE KNIGHTS

"Opening Day" always brings to mind the team we played with back South Memphis in '48. We didn't believe there has been a more outstanding spectacle. Captain of the "Black Horse" knocked away from the left side of the batter's box. The next batter was "Shack" James, grabbed Jackie Craig and opened the scoring by hitting a three-run home run. The pitcher in the contest was Dr. George McClurg, bright spot in the Harding baseball team.

Start of the Second Round

The contest was nothing «as the teams were all well matched. The first pitch was an "outside" and the next batter was "Big Jim" Hatfield, who opened the scoring by hitting a three-run home run. The pitcher in the contest was Dr. George McClurg, bright spot in the Harding baseball team.

Mountjoy Is Now Boxing Champion

Defeats J. Davis

Keith "Sugar" Mountjoy took his third straight victory last night, scoring two runs in the ninth inning of the game. The contest was held at Harding College, and the teams were a formidable aggregation of ball players who had won 12 off.

The Finding Touches

In the bottom of the tenth with me on first, I went to the plate and hit a single. The next batter was "Big Jim" Hatfield, who opened the scoring by hitting a three-run home run. The pitcher in the contest was Dr. George McClurg, bright spot in the Harding baseball team.

Red Sox Top Yanks

In Minors' Opener

The team was a powerful punch, but not quite good enough to beat the Yanks. The contest was held at Harding College, and the teams were a formidable aggregation of ball players who had won 12 off.
