Dear Folks:

Don't let the roof fall in just because you are getting a letter from me! There is but one reason why I am taking the time to do this job! We want you to know that we are really looking forward to having you visit with us in good ol' sunshiny Tennessee!

Seriously, We have two bedrooms upstairs with a double bed in each one. There is a bathroom upstairs so that you will have everything you need. We live in the downstairs back part of the house where we have the baby's room, our room and a full bath. So from the standpoint of physical facilities we have everything we need. But, more importantly, we would not think of letting the family stay elsewhere. In fact they never have and we have had more than four at a time. Now, if you still want us to be part of the family, you had better make your plans to stay at our house.

We will be looking forward to seeing you sometime Saturday or whenever you wrote Sue you would be coming. It seems like it has been years since we saw you last. That baby is hardly a baby any more and, I am telling you, the smartest, sweetest, prettiest thing I have ever laid eyes on!!

Now, remember the reason I wrote this letter, you all come right on to the house because everything is ready for you!

Love##,

*llll*
