Arkansas Tech Is Host
To 1952 A.C.P.A. Meet

Over 36 delegations from 16 states attended Harding College on April 18 and 19 for the annual A.C.P.A. convention. This year, for the first time, the convention was held on Harding's campus. Mr. Joe Hardin was chairman of the convention committee and Mr. John Wade was general chairman. The convention was well-organized and efficiently run.

At the business session Arkansas Tech was selected to host the A.C.P.A. convention next year. The convention will be held at Arkansas Tech the week of September 8th and 9th.

The banquet, attended by 224, was held in the Emeritus Room of Garden Student Center Friday night at 7:15. Tom Allen, editor and community newspaper, made an appearance on a sports column.

Presentation of awards followed the banquet. Acts of the convention were: (1) to present the Journalism trophy to Clifton, Georgia, and to wear the trophy until next year. (2) To name Mr. Joe Hardin chairman of the 1953 convention.

The convention closed with the formal dinner at the hotel Sunday night.

Dr. Benson Speaks To Senior Seals

Dr. Geo. B. Benson, chancellor of the college, delivered the introductory address to the 94 members of the class of 1953 on April 15 in the high school auditorium.

Dr. Benson, in developing the theme of the address, made a general statement that the school has been built to be used as a religious building and that it had been built for that purpose. He emphasized the importance of these buildings.

The following day was reserved for the graduates of the school.

Assignment: HARDING

I'm No Speaker But They Loved Me At Harding

By Chris Elliott

It still gave me cold chills when I realized that the old fellow was on the move. A small, round, little woman, who had been a subject of many a joke, actually had a chance to deliver a speech. It was a wonderful experience for me, but I wish I could have done it differently.

My interviewers were two old friends of my father's, and I knew, somewhere, there was a chance that I would get the job. I was the only one who showed up, and I'm sure they were glad I did.

I'm not sure if I correctly understood the assignment, or if they really wanted me to do it. I was so excited about the idea of giving a speech, that I agreed to it without much thought. I have always been a good storyteller, and I knew I could make the audience laugh.

I told them about my childhood, and how I had always loved to write. I showed them examples of my writing, and they were impressed. They gave me a chance to practice, and I did a good job.

Dr. Benson spoke to the seniors on the day after the convention, and they had chosen the topic of the year's work. I was glad I had been given the chance to participate in this event.

When I think back on the experience, I realize that I have learned a lot. I now know how to deliver a speech, and I also know how to draw the audience's attention. I am grateful for the opportunity to have been a part of this convention.

The convention was a success, and I am grateful for the experience.

Critic Gives Cast Good Review

Of Play "Tomorrow The World"

By Robert Macon

The first performance of the play "Tomorrow The World" was presented in the college auditorium on April 18. The play was directed by Dr. C. M. Moore, and the cast was excellent. The play was well-received by the audience.

The play deals with the story of a young girl who dreams of a better world. It is a story of hope and optimism, and the message is clear: the future can be better if we work together.

The play was well-received by the audience, and it is a great success for the college. I am glad I was able to participate in this event, and I am looking forward to the next one.
I cannot understand a person who says he is bored with life, and I am sure that, in the majority of instances, there is nothing to do around here; it is not that there is nothing for them to do. Perhaps it is the secret of their boring personalities.

I refuse to consider that there is or ever has been a situation in which a person is bored. There is always something to do. Whenever I find myself a little restless and I think of the fact that there is something that one can do, I find something to do. In this way, I have made the most of my life.

It is often surprising to me that so many people find themselves bored. It is almost as if they are looking for something to do. Perhaps they are bored because they are not doing anything productive. Perhaps they are bored because they are not focusing on their goals.

But even if there weren't such a concern, boredom is a common occurrence among those from the one at most state universities. You see student protesters leaving the campus for the day, and then they spend the rest of the day doing nothing. They are bored, and they spend the day doing nothing.

You may have noticed a few of these students at your own university. They are the ones who are always in the student center, always in the student union, always in the student government. They are always in the living room, always in the dormitory, always in the library.

There is no such thing as being bored. There is no such thing as being bored with life. There is no such thing as being bored with the people around you.

The Lord's day has a very definite purpose. It is a day of rest, a day for family and friends, a day for worship and prayer. It is a day for family and friends, a day for worship and prayer.

The business of putting paint on canvas is not something that can be rushed. It is a slow process, a process that requires time and patience. It is a process that requires thought and effort.

If you are busy, you cannot be bored. You cannot be bored if you are working. You cannot be bored if you are learning. You cannot be bored if you are thinking.

There is no such thing as being bored. There is no such thing as being bored with life. There is no such thing as being bored with the people around you.
