REPORTS

Parking- Larry talked to the administration and they suggested that a committee be formed similar
to last years to make proposals to the administration.
Bookstore- Steve Checked into the profit of the bookstore and they were very nice about telling
him anything that he wanted to know. They do not make a profit on the textbooks to
speak of. Most of their profit comes from other items in the store. If you have any
suggestions as to any other items they need to carry please let them know.
Gym- Lyndel talked to Dr. Olree about the new gym. It seems that the new gym is open for
any intercollegiate sports or supervised sports. The old gym has been closed more
lately because Cecil Beck has been ill. We just need to be very careful with the
New Gym because it is so easy to tear things up when nobody is held directly responsible.
Food Services- Bro. Tucker said that if you are picking up a sick plate for students you should
follow the following procedure: Heritage- simply use their mealticket and tell the workers
that you are picking up a sick plate. Patti Cobb- Bring a mealticket of the sick person
and also a note from the dorm manager or nurse. If it is the first meal that they have
missed, and you can't find the dorm manager, then you may go ahead and get the first meal.
Spiritual Life- Ross said that the attendance for the Family Commitment Seminar was good. We are
very appreciative of Bro. Watson for coming and sharing with us. If you would like a
tape of the seminar or one of the syllabuses, contact Brad Watson.
Physical Plant: The temperature in the weight room has been raised; the microwave in Heritage
is being fixed; the cobblestone path across the front lawn will be repaired as soon as the
weather is warmer; and new phones will be installed in the dorms, in June probably, to aide
in off campus calls.

NEW BUSINESS

Sarah is checking into the possibility of making the boys dorms have a lobby similar to the
girls dorms where girls can wait for boys. Russ is writing to Dr. Pryor to see about having
a Student Representative at the Faculty Meetings. Also, Russ suggested faculty car pools to save
energy and allow more student parking.
Have a good SPRING BREAK! Drive safely.

For the SA,

Nita Allen
