Late Democratic Rally Fails

A last minute Democratic rally featuring addresses by Bladon County Commissioner Jimmy Allen and Senate Chief John Noland had only a vocabulary audience yesterday at the school gymnasium. A last minute rally was held in the town of Terrell with Martin and a handbell from the local church society.

The rally, headed by Democratic chairman Don Martin, and with the help of Democratic Sen. George Perkins and local political group, was a failure.

The personnel group was led by Democratic chairman Don Martin, and with the help of Democratic Sen. George Perkins and local political group, was a failure.

Don L. Johnson, this week's chairman of the Republican ticket, led the Republican group.

At this young man's rally, there were no active volunteer workers, and only a couple of people had been brought in by Bob Ms.

A letter from Cliff Hovey, head of the local Republican group, was received by the Democratic group. It outlined plans for a full-time campaign, including meetings with the voters.

Late Democratic rally failed to attract many voters, and the people who were present showed little interest in the candidates.

The failure of the last minute rally is a testament to the lack of support for the Democratic ticket. Despite the efforts of the party and the candidates, the rally was not able to attract a significant number of voters.

Don L. Johnson, this week's chairman of the Republican ticket, led the Republican group.

The personnel group was led by Democratic chairman Don Martin, and with the help of Democratic Sen. George Perkins and local political group, was a failure.

We Enjoy Watching Bulldozers

Harding students have had a field day this past week indulging in that favorite pastime of man—watching bulldozers and steam shovels at work. In spite of the fact that next week is test week, we have observed several students testing the limits of their endurance by attending classes and then heading straight to the center windows at almost any time. And with good reason too, for almost everyone who has been interested in watching whole sides being ripped up and pushed along in front of the bright yellow bulldozer. And the little cedar tree that until Tuesday stood in front of the student center, suddenly uprooted and pushed forward to the edge of the roadway.

We wonder why mankind has always been so interested in watching bulldozers and steam shovels. It is a problem that psychologists are always speaking about. Maybe we like to see construction and progress in action. Or maybe it is just watching machinery.

We are a bit sorry, however, that we glided over the fascinating procedure without having to stir from our coffee cups. And in spite of other attentions we will continue to watch as long as they continue to tear up the earth.

Campus Face Lifting Nearly Completed

A finely wrought purpose seems to finally be emerging from the chaos and rubble that has been our campus these past few months. Boardwalks are no longer the fashion and fad, but rather new, shiny sidewalks are dominating the scene.

These sidewalks are welcome additions, for many of the old sidewalks were broken and diseased and the condition of the campus was unappetizing. It seems to us that something seems to be going right when the build-up of new pavement is more pleasing to the eye. And the sidewalks are well designed and are being constructed in such a way that the rainwater is directed toward the center of the campus.

The area in front of the student center and new auditorium has undergone a change as well. It is a matter of fact that the students have noticed a marked improvement in the area, and we are sure that they will appreciate the change that has been made.

With the controversy over whether or not to have drives on the campus settled—in the negative—we can now start planning our campus of the future year for the students of Harding College, Searcy, Arkansas.

CITIZENS ARE WAKING UP

The population of the United States may be on the verge of discovering political activism in a big way. Such a development is reported in Great Britain, where members of the British National Front are raising a storm of activity.

The problem is in the flood of excitement that has come in as a result of the crisis in Eastern Europe. In January 1945, the federal election of 1945 was held in Eastern Europe. The outcome of the election was decided by the collapse of the country's armed forces. The population of the United States may be on the verge of discovering political activism in a big way.

Welsh And Teutons Take Lead In Major League; Defeat Irish And Slavs in Thrillers

Three-Man Finish Disaster For Irish

By AL POTTERE

The adventurous Welsh today set another precedent in basketball by playing the Irish, a 68-to-57 setback to hel them win their first game of the 1937-38 season. The game was at the Civic League arena.

Irish's leading scorer was Tom Williams, with 49 points. Teuton's leading scorer was Robert C. Baster, with 30 points.

Welsh MEAKEN THINGS BOIT ON IRISH IN CELTIC LEAGUE

J. Hertzfeldt and W. Stemmerman combined to lead the Celtic League last night. It was a rough night for the Irish, who lost by a score of 68-53.

Welsh and Irish met yesterday and declared an undisputed win for the Celtic League. With Irish second in the league, Welsh first in the league, and the Teutons third in the league, the Celtic League was a grand victory for the Welsh.

The Teutons took a 15-point lead over the Irish in the third quarter and never looked back. The game was a battle of skills, with Welsh showing their speed and Irish their strength.

In the fourth quarter, the Teutons pulled away further, winning by a score of 68-53.

Welsh and Irish both played well, with Welsh holding the ball better and Irish showing good defense.

The Celtic League is a great league, with Welsh and Irish both showing their skills.

Standing:

Welsh 1
Irish 2
Teutons 3

PERRIN AND O'REILLE LEAD TEUTON WIN

By DON RUSK

Jan. 22, 1938, the Teutons top undefeated Magna league teams, Steve T. O'Reilie and L. F. O'Reilie, stand in a tight corner to lead the Teutons with a pair of wins. The Teutons were up against three points, yet the Welsh could only manage to win by a 54-to-50 score.

After a 30-minute wait, the Teutons finally stepped up and scored the first basket, since then the referee made a total of four technical fouls and ruled out a basket.

The Irish moved into the game with their 10-point lead and never got within three points. Of course, the Teutons showed off their skills in the end.

O'Reilie was the man who tied the Irish. In the first quarter, he led the Teutons to their 10-point lead. In the second quarter, he led the Teutons in scoring with 20 points. In the third quarter, he led the Teutons in assists with 10. In the fourth quarter, he led the Teutons in rebounds with 20.

Did you know that Steve O'Reilie is a Welsh native? He was born in Wales and returned to the United States to play basketball.
