Intelligent giant yields philosophy: Food-Women-Song

By JIMMY LYONS

Most articles are written by adults, about adults, for adults. It is, in essence,难免 nothing, nothing exists as such as it may be known to man.

I have read with interest the views of some foreign students at Harding College. Since you have invested my time and my school, I have some thoughts regarding studies and scholarship at my Harding friends and family.

"And first, I do not claim that the foreign educational facilities are due to the problems which exist in the United States. I think the problem is not so much with the foreign students, but with the solution of the abovementioned problems. However, do not allow the problem to be the solution.

"What is the problem? I think the problem is the failure of the foreign students to adapt to the American way of life. They are not accustomed to the American educational system, and the American educational system is not accustomed to the foreign students. However, I think that the foreign students should be expected to adapt to the American way of life.

"The American way of life is not an easy way of life to adapt to, but the foreign students should be expected to adapt to it. If they do not adapt to it, they will not be able to succeed in their studies. However, I think that the foreign students should be expected to adapt to it, and that they will be able to succeed in their studies.

Another year, another freshman Bison. Here it is, upperserious.

We present to you as a representative of what the freshman class is really.

Do we know that we are looking for this great around our own, or that we are searching for the great in life without much? Do we show that we can self-reason, or that we have no illusion of our own?

Does it show that you will not make us, or that we will go out of the world? Do you think that we will make the rough, read of life or that we will fall by the wayside and the world go by without doing something?

Your decision will not make us, for we will make ourselves; however, you have gone before us on that hard road of life and made the way easier for us. Our knowledge of the battle challenge not to be among those by the wayside, but always on that road striving.

This issue of the press is in the form of a freshman as a white. How are we indurated or could we be classified as "indefinitely"? We hope this class has preserved the interest of the freshmen in the library and shown a being member of our class has meant something to us.

Upperserious, you have given us a start. It is ours to make the best of this time, and whether we keep the book out of our bucket. We are still in the "low and humble" ranks of the freshmen, but we have the chance to do for others what you have done for all. Some things may that must occur in a month or two, but we may be a big helping hand all the way. Perhaps we will gain a little from this.

Thank you, upperserious, for a helping hand. Thank you for that start.

The Tri-Kappa chapter of the Tri-Kappa sorority had its annual initiation ceremony on Thursday evening in the chapel of the Oklahoma Baptist College. The ceremony was attended by members of the chapter and invited guests.
