October 21, 1960

Mr. Dick Cupp
Belmont Church of Christ
117 Ball Avenue
Muncie, Indiana

Dear Dick and family,

Sue and I were very pleased to get your letter a few days ago. You gave us some very interesting information about your work. I was also glad to learn of the school work you are doing. It is my opinion that your newspaper experience along with your M.A. will qualify you for a needed role in our schools. I know however that you must be getting a great satisfaction from your local work at Belmont.

Our little daughter is growing by leaps. She now weights 19 lbs. and can laugh all over her face (must take that after her Daddy). Sue and Mary Elizabeth are now in Springfield visiting Sue's mother. It has really been nice for Sue to be close to her mother after being so far away while in Dayton.

My work here is of such a complex nature that I hardly know where to start. In the mist of the various activities at Church I am taking 12 quarter hours at Tech. One of the most interesting phases of our work at this point is the Monday afternoon ladies Bible class. As you know I started a study of the historical development of the Bible while in Dayton. I have since doubled this material which will be the basis of my study with the ladies thru out this year.

I suppose you all have heard of John Allen Hardy's sickness. We just learned last Saturday that it is a fatal illness.

It was certainly good to hear from you and we hope to see you again before too many moons.

Faternally

John Allen Chalk
