A Challenge to Take Home" delivered by Dr. Benson, concluded Freedom Forum XVI this morning. Throughout this week, the forum has been meeting on the Harding campus. The subject of Forum XVI has been "The What and How in American Citizenship Education."

The basic purpose of this forum is to contribute to the strength and continuity of the freedom philosophy on which the American way of life is founded. The five-day seminar was planned and directed by the National Education Program under the direction of W. H. Green.

Top ranking industrial, educational, labor and government leaders from approximately 28 different states attended. About 2,000 people have attended the 15 previous forums. This number is in direct contact with 12-14 million people at the present time. There were about 110 persons participating in this year's forum.

President George S. Benson opened the forum with a stirring speech, "The Two-Pronged Job in America." In it he stated, "There should be an orientation course in the American way of life in every school in the country."

Other subjects of the forum were: bettering management-labor relations, economic education in industry, public opinion, communism in Africa, the youth of America.

Tuesday a panel discussion was directed by William Y. Investor, industrial relations executive, Arco Steel corp. and Perrin D. McElroy, president, Western States District Council of Iron Workers. "The Employer's - Employer's Responsibility in Good Management - Labor Relations."

Wednesday the conference heard Bill Haney on "Freedom and Economic Education." Glenn A. Green presented "The National Program Materials" and Dr. Melchior Palyi introduced "The Heart, Mind and Soul of Communism."

This morning C. Hamilton Mosse, chairman of the board of Arkansas Power and Light Co. spoke. His speech was "A Neighbor Looks at TV." Dr. Benson ended Forum XVI with his speech, "A Challenge to Take Home."

**Frosh Outing At Camp Tahkodah**

Frosh meet around an oven at Camp Tahkodah to prepare barbecues for those on the outing. They are (around the circle from I. to r.) Buddy McVey, Jimmy Dickson, Harold Norwood, Quinn Watkins, Mary Russell, C. V. Como and Garrett Zimmerman.

By Margaret Hardy

Despite gloomy predictions, a sudden rainstorm, a lost sponsor and a few similar problems, the froshmen outing held at Camp Tahkodah last Monday turned out to be the highlight of the class's activities this year.

Approximately 50 froshmen were present and according to all reports everyone thoroughly enjoyed the outing. The group left from the Student Center at 10 a.m. The outing was spent exploring the camp, bowling and playing basketball.

The menu of the day consisted of barbecued hamburgers with all the trimmings, potato chips, cookies and cakes.

Aptitudes whetted by the morning's brief activities found no difficulty in making sure that no food was left. The food committee, however, had to work rapidly to keep the steaming hamburgers coming off the grill to satisfy the hungry students.

An air of gaiety and excitement prevailed throughout the lunch period.

After lunch the group explored the area, here the simple entertainment consisted of boating and swimming, although most of the swimming was involuntary.

At the end of the day, 50 froshmen agreed that the outing had been thoroughly tried, wet, dirty but happy.

**Dr. Rice Speaks On Planet Chemistry**

The Arkansas Chemical Society met on the Harding Campus today. The spotlight of the meeting was focused on the presentation of "Reptile Advances in Chemistry on Jupiter" by Dr. Francis Rice. Dr. Rice, head of the chemistry department at the Catholic university, was able to make this presentation as a result of his several years experimentation in the borderland between physical and organic chemistry.

The whole object of his research was to duplicate here on earth the chemical process occurring on the planet Jupiter. Of necessity he had to use instruments that are known to exist on the planet.

Thus by duplicating the materials and conditions there he was able to obtain a series on colored compounds which he believes exists on the planet.

As a result of this work he has found here on the earth an exiguous reflection of the beautiful colors of our neighboring world.

**Expansion Dinner And Rally Are Set For Evening Of 19**

The launching of the Searcy area chapter for the third and a quarter million dollars needed for the Harding College Bible department expansion program is scheduled for next Tuesday, Apr. 19. First of the events will be a five-dollar a plate dinner at the Rendezvous to be followed by a mass rally in the college auditorium.

As their donation to the expansion program, Mr. and Mrs. C. H. Robertson of the Searcy area are giving $250.00 in gold.

The program with the dinner will consist of selections presented by the Harding College men's quartet, composed of Leon Sanderson, Joe Patience, Richard Richardson and Jerry Perrin, and brief talks by Dr. W. F. Whitney, Dr. J. D. Bales, Dr. West's topic will be, "For Such a Time as This."

Tickets can be obtained from members of the graduate department or Dr. West. An expected $1,250 will be raised through the banquet.

A crowd of about 2,000 is expected at the mass meeting following the dinner.

**Lily Pond Cleaning Is 'Scrub' Process**

By Bonnie Cates

Talk about spring housecleaning! The work crew not only waxed floors every Monday, but this week they even cleaned the "Lily Pond!" The process of cleaning is certainly no small job. (The work crew assured me.)

After the pond had been drained, it was thoroughly scrubbed. However, even before the scrubbing could begin, the boys had to remove articles like coke bottles, paper cups, from the pond.

While watching the boys work, it occurred to me that why the pond was being cleaned. None of them seemed to know exactly. I wondered if perhaps someone had reported us to the City Health council for having an unsanitary pool or water on the campus. Or maybe a student who was thrown into the pond had complained about the bad taste. It could be that some of the students had complained of the unpleasant smell as an excuse for not gathering for hymn singing.

I eliminated those reasons one by one as not being important enough to warrant the cleaning of the "Lily Pond."

In fact, the only valid excuse I could think of was that the pond had had many visitors on the campus this week for Freedom Forum. And we naturally want to make a good impression. Perhaps somebody decided this in the May Fete plans for April 30. But really who cares what the reason was, the important thing is that the pond was cleaned.

**A Highlight Of The Year**

The Arkansas Chemical Society met on the Harding Campus today. The spotlight of the meeting was focused on the presentation of "Reptile Advances in Chemistry on Jupiter" by Dr. Francis Rice. Dr. Rice, head of the chemistry department at the Catholic university, was able to make this presentation as a result of his several years experimentation in the borderland between physical and organic chemistry.

The whole object of his research was to duplicate here on earth the chemical process occurring on the planet Jupiter. Of necessity he had to use instruments that are known to exist on the planet.

Thus by duplicating the materials and conditions there he was able to obtain a series on colored compounds which he believes exists on the planet.

As a result of this work he has found here on the earth an exiguous reflection of the beautiful colors of our neighboring world.
Use Opportunity Now For Future

While at Harding one may do much planning for the future. The training which one receives from this institution better equips you to be an active and useful place in the working world. Without such preparation, one will face many more difficulties than if he has chosen work which is practical and valuable.

Preparation is essential for the individual's future well-being. Christ himself spent almost 30 years of his life in preparation for about three years of work; but during those three years he changed the world.

The useful person is the one who prepares to do the right thing at the right time. Not only does one at Harding receive classroom instruction, but much through experience and training for the future. It is these experiences which are now enjoyed that have a two-fold result. The first has been mentioned — practical preparation; the second is even more important — living today to its fullest.

Thus during this period of preparation, one must not lose heart, for there is life in living today, he must use every opportunity carefully now.

In fact, Harding's fine liberal arts education gives one a chance to do wide ranging work in almost any field, or one can help in a particular way for a specific purpose for personal advice.

One of a particular interest provide a meeting place for those of like views. One may improve his personality through the social clubs and the friends which are made through them.

At Harding, one learns a great deal about the social, governmental, and economic problems which affect the world. There is a feeling of oneness in Christ which makes life more wonderful for those who have been brought together.

It seems that one couple wanted to be sure to have a swing, so they kicked around for hours trying to find a "free" parking sign. Have they been getting mail for Easter this year? Flora Rutherford chose a boxy charcoal three-piece outfit worn by Freddie Lee, and was very happy to wear it as it was the Easter favorite this year. Flora also wore a small pink pillbox hat which had a green bow on it. It was the Easter favorite this year. Flora also wore a small pink straw sailor hat which had a green bow on it.

When class time arrives, these students often do not have their lessons. What is it that they are doing? They have not spent their time wisely; they are passing up opportunities to prepare themselves to do more service to Christ and to their fellow man.

Larry Bills - Making a perfect score on a scientific test.

Barbara Cope - The past two weeks have been busy.

Rachel Eason - The past two weeks have been busy.

Gayle Harman - The Easter easter egg hunt scooped up a total of 1500 easter eggs, each one with a small prize. Each one with a small prize that was in the egg.

Easter favorite this year. Flora Rutherford chose a boxy charcoal three-piece outfit worn by Freddie Lee, and was very happy to wear it as it was the Easter favorite this year. Flora also wore a small pink pillbox hat which had a green bow on it. It was the Easter favorite this year. Flora also wore a small pink straw sailor hat which had a green bow on it.

Many observers do not feel that the problem can be corrected by the courts. There is hardly any very disturbing, for them it undermines one of the great pillars of our concept of justice and the "justice" of totalitarian power.

The new national immigration law of the United States has been in effect for only a short time. It is a law which has been passed by Congress last year. The law is designed to stop people of the test which one should take to show that one has the ability to be of service to Christ and to their fellow man.

When class time arrives, these students often do not have their lessons. What is it that they are doing? They have not spent their time wisely; they are passing up opportunities to prepare themselves to do more service to Christ and to their fellow man.

Carter-Mattox Pledge Vows Apr. 5 At Church Ceremony in Baton Rouge

A double ring ceremony at the Convention St. Church of Christ in Baton Rouge, La., Tuesday, Apr. 5, 7:30 p.m. marked the wedding of Miss Margaret Ann Carter, daughter of Dr. George Carter, Baton Rouge, and Mr. William Joseph Mattox, son of Dr. and Mrs. W. W. Mattox, Seattle.

Dr. W. W. Mattox officiated at the altar which was decorated with baskets of white gladioli. An altar was entwined with white roses and ferns and candidates held white tapers. Groupings of white candles also formed window designs throughout the church.

Before the ceremony, Mr. Kenneth Davis, Jr., sang "Because" and "I Love You Truly." Given in marriage by her father, the bride chose to wear a gown of imported embroidered material with a fitted bodice and a low V-shaped neckline. The long sleeves came to points over the wrists and the full skirt was in tiers of taffeta-length organza with embroidered borders. Her veil of illusion was held in place by a small crown of seed pearls. She carried a bouquet of white feathered carnations and stephanotis centered with a white orchid.

The maid of honor, Miss Aline Alford, was attired in a gown of ice blue embroidered organza over deep blue taffeta, fashioned similarly to the bride's dress. She wore a halo of flowers and carried a matching bouqet of blue iris and white bastard anemones.

Miss Mary Louise Flowers and Miss Susie Payne attended as bridesmaids wearing similar dresses to that of the maid of honor's. They were attired in blue and white feathered carnations.

Miss Carol Baker, who served as flower girl, wore a dress of white embroidered organza with a blue sash that tied in the back to form a bustle effect. She carried a Colonial bouquet of blue iris and white bastard anemones.

The club will contain more than wishes for the senior class, philosophy and history will be taken from the well.

Through the courtesy of the church, speakers, the college and the school, the wedding party was able to make a few referrals before introducing Dr. George S. Benson as the groom. Dr. Benson, president of the junior class, will act as master of ceremonies and introduce the lighter side of the entertainment, consisting of songs by Ann Peters and Jean Haynes at the piano.

The university social committee will be Dr. and Mrs. George S. Benson, Dean and Mrs. L. C. Heady, Drs. and Mrs. Cliff Gausus and Mr. and Mrs. James Athey.

S.T.A.R.s Present 'An Easter Frolic' For Annual Banquet

"An Easter Frolic" was the theme of the second annual Sigma Theta Alpha Roxy's banquet held Apr. 9 in the Terrace Room of the Mayfair Hotel.

Pastel colored streamers formed the doorway and a ceiling in the banquet room. The mantle was decora-

S.T.A.R.s are members of Junior Women's Club who are seniors.

Seniors Are Guests Of Juniors Tonight

Flowers, a wishing well and other signs of spring will bring out the "Spring Rhapsody" theme of the Junior-Senior banquet to be held at 6:30 p.m. Apr. 15 at the Mayfair Hotel.

Pastel colored streamers formed the doorway and a ceiling in the banquet room. The mantle was decorated with four stucco Easter eggs with bunny candies on either end. An arrangement on the piano of Easter grass and flowers with an Easter basket of candy eggs carried out the theme. Centering the head table was a large basket filled with giant stucco eggs surrounded by grass and Easter bun-

Toefbl Social Club Has Tin Can Supper

The kitchen of Cathcart hall was the setting for a tin can supper packed full of fun Saturday night, Apr. 9, for the Toefbl. This event has grown to be a traditional supper with everything—meat, vegetables, dessert—coming from a tin can.

Dishwashing and business were done by Otis Combs and his wife. The program was directed by George Benson, and the entertainment was provided by Jamie Stanford, Alan Ritchie, Jamie Arp and Jim Davis. The theme of the event was "I Love Toefbl." The chief of this happy group, Mr. C. B. Spangles, was winner of this contest, and the hospitality of the club was freely given to the guests.

The club will meet Apr. 16 with a program on the campus.

Tofebt Club will meet Apr. 16 with a program on the campus.

Library And Social Clubs Sponsor Fifth Book Review of Year

The keynote of the review given by Dina Simen on "Our Christian Vo-

cation" by John House was that the strength of our nation and the church in the life of the nation lies in the individual's realization that his Christian vocation must be a composite part of his life. It should be serious, genuine and continuous.

Mr. Simmons is employed by the Southwestern Bell Telephone co. in Little Rock where the couple will make their home.

Miss Ceci, a sophomore, is a member of the M.E.A. social club.

Socially Speaking

Club And Private Parties Highlight Spring Activities

Spring fever is definitely here in April. Besides the rise in temperature, the weather is looking good to conduct outdoor activities. The social events begin Apr. 18, and will continue until the last Monday of the month.

The regular meeting of the HHH club was held at the White House apartments, which is the home of its sponsor, Mrs. James Burrow. The meeting was opened by a prayer, followed by the roll call, reading the minutes, and the regular business in which the plans for the club's next meeting were discussed.

Margaret Ann English was elected to fill the position of Secretary. Mrs. English is a native of Searcy, Arkansas, and is a graduate of Harding College. She is currently a student at the University of Arkansas, where she is majoring in education.

After enjoying the dinner so much that the members were forced to sit at a dinner party given by Mr. and Mrs. Thomas Olbricht, the guests were entertained by a program presented by the Campus Players. The program consisted of several skits and songs, and was well received by the audience.

The highlight of the evening was the auction of a chocolate cake made by two college boys. Maybe it was an accident, but the cake was the perfect treat. The guests were all垄eful, and the cake was enjoyed by all.

The annual bake sale was held at the Searcy High School, and was a great success. The students were busy making cakes and cookies, and the public was eager to support the cause. The sale was a great way to raise money for the school, and the students were happy to help.

The Searcy Variety Club presented a gift by Burl Hogins on behalf of the club's co-sponsor, and Mrs. Olbricht. The gift was a beautiful piece of jewelry, and was presented to the club in appreciation of their hard work.

Campus Players Receive Eight New Members

On Mar. 29, in the Blue room of the Administration Building, David Durrall, Norman Alexander, Jim Hayes, Bill Hampton, Piers Rutherford, David Treut, Gladys Taylor and Stella Stokes were initiated into Campus Players.

After a program presented by the pledges in costume and make-up, a menu consisting of sandwiches, pickles, potato chips, cookies, and cokes were served to members and pledges.

There was an informal initiation followed by a formal one.

Week's Thought

F.T.A. Meeting Has Mock Interviews

The F.T.A. meeting, Apr. 12, proved to be one of the most interesting and informative of the year. The program consisted of a mock interview under the direction of Mr. Hansel Webb. The purpose of the interview was to give the student an idea of what they will be expected to do when applying for a teaching job, and the best way to do it. In the interview Webb acted as his own student, and asked the questions that would be expected by the audience.

Counsellor 'K' Has Guests

At the last bi-monthly meeting of the Circle 'K' club, Mr. John Scharde, a visitor, gave a formal presentation and interview to the history of the Kiwanis Club. The regular meeting was substituted for by the program given by Mr. Scharde. Visiting at the last meeting was the Scharde high school Key club and two Searcy Kiwanians. After, the club's board of directors, composed of the club's officers and class representatives, met to discuss and prepare by-laws which were to be presented at Apr. 13, to all members of the club.

One Man's Opinion

By JOHN VANDERPOOL

THEY'RE OFF!

Because of the favorable spring weather we've been having lately (drying out the rain spells of course,) the outdoor sports have been stepped up to a much faster pace. This includes not only the track, but also the field day. Both seem to be declining steadily on that ladder of competition toward perfection.

The track field has been getting a good workout by a group of un­trained high school lads who seem to run second so much that they actually wear out the ground in the spring (this could possibly be a result of the recent joking?) These boys — men in this case — already have attended several track meets and are now looking forward with great expectations to the coming county and district track meets.

Their strong points thus far are in the long distance running and pole vaulting. The man carrying the pole is Edwin Todd with a record this year of 10 feet 6 inches. Distance runners in high school long distance running is Fred Massey — Fred holds the Arkansas class B state record in the 880 yard dash at the present time.

Continuing on the track field we also find some early winners in the cross country course; Apr. 6 — track and field day was an immense success and at their present pace, they won't have much trouble meeting their goal. Norman Massey, Searcy's top man, and Weble, "Two Indians," can be found almost every day charging up the hill — Harding club takes notice!

Roger Brown, being ineligible in academic sports, will also compete in the coming field day. Thus far, he has the amazing times of 57 seconds flat in the 440 yard dash and 2 minutes 5 seconds in the 880 yard run.

DODGERS DUMP CARDS
In Thrilling Mound Feat

By Bill Stafford

Apr. 9 The Harding baseball fans witnessed what might well be the outstanding game of the season when the Dodgers and Phillies played a good right affair at Ft. Worth. Combs, defeated by a score of 3-1 the highly respected Cardinals. Garrett Timmerman, Card hurler, pitched a magnificent game as he gave the Dodgers their first loss.

The first four innings were ritualistic, as Timmerman mowed down the Dodger batters with remarkable rapidity. Combs, who quite as sharp as Timmerman, had very little difficulty in disposing of the opposing batters.

Only one hit was collected during those innings. The only one hit occurred in the third when Rex Lewis strolled to the plate with one, away and promptly lined a solid base knock to left field.

The fifth, sixth, seventh, eighth and ninth innings were a pitcher's paradise. Combs struck out seven of the last 12 men. He had two walks during this inning as opposing batters were enjoying the field. But disaster was to strike in the next inning.

Timmerman retired the Cardinals in order in the first half of the fifth in the bottom of the same inning. Timmerman got Don Cope on the third strike. Combs hung there and drew a base on balls. He promptly stole second as Paul Shinumong took his throwing arm down swinging.

Timmerman, thinking the side had been retired rolled the ball serenely toward the mound and was leaving the field when Combs capitalized on his opponent's mistake and took third quite easily.

With two strikes on Jack Smith, and things looking bright for the Cardinals, 2-1 runs put on the scoreboard. Tim laid down a neat bunt, Timmerman made a nice play and a ground out to third first baseman couldn't find the ball and muffed the ball, Combs scored forever.

It was tough for Timmerman to lose his no hit game, but he had nothing to be ashamed of. It was equalled only one game for Combs to win. The little fellow gave good possibilities as a pitcher as at the same time put his team in first place in the standings.

Cats Sneak Past Eagles by One Run

Ran came closer by the down last Friday, Apr. 8, as the Ft. Worth Cats outlasted the Dallas Eagles in a 15-14 four-foul for-all. It was like a big merry-go-round and especially when both teams combined to put 10 runs across the plate.

The Cats collected eight hits compared to only two for the Eagles. Ft. Worth also bested Dallas on the field when Combs capitalized for victory. The first man up walked Turner, thinking the side had been retired rolled the ball serenely toward the mound and was leaving the field when Combs capitalized on his opponent's mistake and took third quite easily.

The next man to bat was Kenny East Center who opened with a bunt, Turner caught the ball at third base and advanced him to third. The next man up was Maxwell who homered. The next man up was David Wayne drove him in with a big rally. putting seven runs and increased the lead by 12 in the final two runs putting the Cats ahead 11.

The next man up was Rooker, who opened with a bunt, Turner caught the ball at third base and advanced him to third. The next man up was David Wayne drove him in with a double. The next man up was Turner who drove him in with a double. The next man up was David Wayne drove him in with a triple.
