Lions Club Sponsors Spring Horse Show

Jumpers! Roadsters! Walking horses! There are many exciting events which will be sure to see if you attend the White County Spring Horse Show.

Several exhibitors from the Ark.

Drove the last week in Little Rock have entered their horses for the Spring events. Assurances have been received that Jack Rice will enter two of his roadsters, and the second and the third in the Little Rock show, according to Bob Jurne, president of the Little Rock Lions Club.

Burke stated, "The Lions Club is sponsoring the show here in White County primarily because the above-mentioned friend kept trying to get us to take it up. Realizing the futility of our trip and began asking why the above mentioned friend had seen New York at its best - high above the East River, the United Nations, Times Square. Beautiful violin music for a 5:30 show!

Everybody who witnessed the May Pete this spring will surely agree that the Ju Go Ju club deserves credit for their traditional project.

It is also a yearly project for the Theta Kappa to present the "Spirit Award" to the senior chosen by the class as most representative of the spirit of Harding College. The Theta Kappa's annual project is presenting a plaque to the club with the highest scholastic standing for the year.

Every year the Theta Kappa Delta raised money for the heart fund. Their contribution this year was $231. The Galaxy club has a student loan fund of $250, and the nine members of the Cavaliers has a loan fund of $80 this year.

The Theta Kappa Delta bought a first screen this year for the fireplace in Sonte Haven. The project of the L.C. is to make a composite picture of the senior class. An outdoor intramural bulletin board the TVC project club.

A day was spent at Camp Wylde by the Phi Delta to get the camp ready for this summer. The Mohican generously gave Ralph Knight, their "Big Chief" last year, $100 to help pay his hospital expenses.

The Delta Chi Omegas, the M.E.A and the Sub T-U's are working on the new park. Mailing branches for the park is the project of the Delta Chi.

Social Clubs Serve In Various Ways

By Bonnie Gates

It is the custom each year for the Harding College social clubs to have individual club projects. In past years the clubs have clearly shown their school spirit in working to improve the campus buildings and facilities of the college. This year, as before, the students may certainly be proud of the way their clubs have worked to make this a successful "project year."

Three of the men's clubs, Sigma Tau Sigma, Prater sodollas, and Lambda Sigma worked together in painting the Negro church downtown.

Also working together were the GATA's and the Alpha Phi Kappas, who bought a crystal punch bowl and several crystal plates and cups for the library.

CAROLYN HUNT also reports color in an ensemble when she wears her brown skirt and beige blouse with brown figured trim and beige shoes. Jane Fletcher looks cool in her royal blue and white figured skirt topped with a blue blouse.

Jerry Henderson's white, brown, and light blue shirt is one of the most distinctive outfits this season. Joe Guffin is another Hardingite who looks good in black. His black shirt we like very much. It is a pretty example of this trend.

June Smoll looks like a sweet little school-girl in her crisp white blouse and blue jumper; she is just as sweet as she looks, too.

This year's ostentatious call for a slender figure, if one is to look at the best possible.

Jeanne Hartman, the answer to designer's wishes, is very attractive in her long tunic over dress with little black figures printed on it.

Lyman Turkey has an unusual shirt that we like very much. It has red and blue circles and squares printed on a white background.

Ramona Thompson is trim and sophisticated in her black blouse with a black and white print skirt.

John Guffin is another Hardingite who looks good in black. His black skirt trimmed with two little embroidered designs is an example of his good taste in clothing.

Hurb Stewart's yellow linen sport shirt with tiny brown figures is very cottage-like.

None of us like to pay out money as a rule, but Jan Meyer makes it a pleasure to pay our bills in this business office because she always is so very attractive. Jan looks especially nice in her brown skirt with white flowers on it and white blouse with brown figures. An orange belt and orange earrings add just the right touch of color.

Have a good summer but be sure to come back to Harding in the fall so we can write about you in our fashion news.

Conquering The World

"You say that 900,000,000 are not Communists? Of course they are! And the Communists don't intend that the two and a half billion shall be Communists, either. They conquered the 900,000,000 and they propose to conquer the two and a half billion. Those 900,000,000 are in the laboratory of Communist conditioning, being educated, indoctrinated, brainwashed, selectively liquidated, fanaticized, technically and militarily trained to conquer the entire world with the consequent destruction of vast segments of the human race.

"That is the simple and honest truth. No effort of the imagination can make it untrue. No heroic act of the will can blot it out. Unpleasant though it may be, like a terrible body malignancy, there it stands, demanding the most earnest consideration and urgent action. I suggest that an honest, enlightened, intelligent analysis of the figures can lead to one conclusion and one only: The Communist conquest of the world. Not that they will conquer it, nor that they could conquer it, not that they might conquer it. They are conquerors of the world; their technique of conquering:

Survey Results Prove Interesting

One hundred sixty six of the women at Harding think sex should be discussed before marriage according to the poll taken by Redstock 255 in chapel recently. Twelve say it should not be discussed.

One hundred seventy eight men concur that sex should be discussed before marriage as compared with 50, who dissemble.

One hundred eight women and one hundred sixty two men say "you" to the question: "Do you consider going steady a serious matter?" Seventeen women and 40 men say "no" to the question.

The majority think that "going steady" should be kept to a minimum, while 17 would not go steady with someone with they had no intention of marrying.

Among the men the consensus of opinion is almost equally divided on the question "To whom did you first couple to get after becoming engaged?" The score for the women was 126 "no's" to 50 "yes's.

A decided majority would marry a person of lower economic rank than their own. The women would marry someone with less money, but the men are not so sure.

The opinion is overwhelming that a woman's dress is an attractive disposition and personality. So turn on your best piano smile, feline and gall.

Family rank is rather important to the women. Mr. and Miss Harding prefer marriage with someone of like religious views.

One hundred nineteen men to 55 and 129 women in the period of Courtship should be culminated a church wedding. Little do the men realize what goes on in the minds of the girls as they march down the aisle. They have their mind centered on three things, namely, size, shape and good-looking.

Do you agree with the opinion of Mr. and Miss Harding?

Dodgers Nip Giants In Ninth; To Face Stars In Classic Fracas

May 12 — Harding’s Mr. Baseball, C. V. Combs, roared into his bag of tricks again today, and this time came out with a brilliant pitching performance and the pitcher’s championship for the amazing Dodgers. The high riding Giants fell victim to Combs and company by the score of 1-0.
