U. of Houston
To Give Twelve $500 Scholarships

Applications are being accepted now for twelve scholarships of $500 each, which will be awarded to students from eleven states in the South and Southwest who plan to enroll in the College of Optometry at the University of Houston. The optometric scholarships are for students attending at least one quarter of the 1959-60 academic year.

These scholarships are a part of the Better Vision Program initiated by the University of Houston to meet a demand for professionally trained optometrists in the Southwest. The University of Houston is one of the areas that offers degrees in optometry.

The eleven states participating in the Better Vision Program include Alabama, Arkansas, Florida, Georgia, Kansas, Louisiana, Mississippi, New Mexico, North Carolina, Oklahoma, and Texas.

Optometricists, optometric laboratories and suppliers, and optometric manufacturers throughout these states have contributed to the Better Vision Scholarship funds. These funds are derived from contributions from the participating states, plus other contributions from students for an individually designated student.

Qualifications necessary for admission to the College of Optometry include completion of the pre-optometric requirements in high school or college, completion of the required courses for a degree in optometry, and the availability of a commandant professor.

Conditional admission, how­

ever, is in some cases, possible from students who have completed the pre-optometric requirements in high school or college, but are not eligible for admission to the College of Optometry.

The Better Vision Scholarships will be awarded to students who meet the following requirements: The student must complete the College of Optometry pre-optometric requirements, and the student must meet the minimum grade requirements for admission to the College of Optometry.

Applications should be sent to the Dean, College of Optometry, University of Houston, Houston, Texas.

Silvey to Visit Brussels for Talent

Silvey, of the 1958-59 Bunny Board, will be presented Friday, May 9, at 7:30 p.m., in Brussels, Belgium.

Sibell us Henrici, Tom Wofford and Miss Peasley Hightower will review the program at the end of the show.

Some Enchanted Evening, the fourth annual talent show, will be presented Friday, May 9, at 7:30 p.m., co-di­rected by Miss Emma J. Bedell and Forrest H. Stine.

For the first time, the program will be divided into four sections, each with its own master of ceremonies and a theme which will, in most cases, be the most fabulous ever to appear on the Harding campus, says Miss Higginbotham. Miss Higginbotham adds, "The classical act is very stylish; the popular is modern; the western is sentimental; and the novelty is spectacular." Miss Higginbotham will be master of ceremonies for the "Halfway to Broadway" section.

Don Hampshire will be master of ceremonies for the "Latin American Vision" section. Talent in this section is expected to include "East of Guate­ 

leaves" a piano solo; "Pacifica" by Robert Stockford; "El Senor de la Plata" by Mr. and Mrs. J. A. Hunt; and "Wanna Play House With You," a vocal by Mrs. David Stockford.

For the "Triumph of Science" section, talent is expected to include "You Can Never Tell," "For I Am His" by Miss Rachel Blalock, "Crocodile Rock," "I Thank Thee," and "An American's Dream," by Mrs. David Stockford.

The closing number for "Some Enchanted Evening" will be a grand finale of "Enchanted Night," by Mrs. David Stockford, with a "Rolling Stones" rhythm and blues band plus special effects.

Ouachita Presents
"Antigone" Here Saturday Night

"Antigone," a tragedy by the Greek playwright Sophocles, will be the final show of the spring season at the Harding campus, Saturday, May 10, at 7:30 p.m.

Polytechnics, an offspring of the I-stated 8th grade, and in one of the Senior Dads is a familiar face. The orchestra is to appear on the Harding campus, Miss Higginbotham says, "Miss Higginbotham adds, "The classical act is very stylish; the popular is modern; the western is sentimental; and the novelty is spectacular." EDITOR BOWS OUT

With this issue the BISON the present
editor must step out of office and give
the newly selected editor an opportunity
to publish the last issue.

Before we leave, however, it is ap-
propriate that we express appreciation
to the many members who have taken
a little extra year this time and those
who suffered through the mistakes of
the editor in past publications.

First, we are deeply indebted to all the
men and women who have been so
hard each week. Of course there were
times when some of us caught cold and
failed to produce on time, but as a whole,

really overcast with heavy humidity and frequent downpours, cloud bursts, and vicinity is cloudy and few days to speak of, the Bison sports staff has reverted to the activities they knew best. Enthusiasts haven’t been hampered by rain. Actually all organized sports, except badminton, and shuffleboard in ages with about six being rained out. Only a couple of intramural games have been suspended in threatening days and the last track meet has been rained out.

The next event of importance, which the Harding sports fans can look forward to, is the track and field event festivities when the whole school comes out to watch the various clubs compete into the late evenings. This is topped off with a dance, after events, in the commons. The weather, however, is anything but certain in April. The biggest problem is whether the games can be played. If it rains, the facilities can be used as much as possible. Recess is mainly the only advantage this season.

Shriver Outmaneuvers Odom In First Handball Tourney

Several mildly interested spectators and a few early comers filled the gym Thursday evening as Gerald Casey and the Berkeley\'s Bill Shriver met in the first tourney of Harding\'s handball program. Ralph Odom, Harding\'s handball manager, set the rules for the tourney and its format. The tourney was to be composed of four games with the winner being the first to score 21 points. A player can only score a point when he control the net. A player who gains control of the net can score two points at a time.
