**Bite - Size Briefs**

Rockefeller is the governor-elect of New York, but the Demo­cratic ticket that included his name was defeated. The Senate is lost to the GOP for the first time.

Dr. Dale A. Roberts, Faulkner-board radical, won the House seat in the 27th district, reported by Henderson Brooks Higgs. Little Rock, ob­viously, is dominated by the Demo­cratic ticket by 41 - 50 votes, but the election is being contested. Vote-buying was thought to have been flag­rant in the contest.

Another dud. The Army rocket for the moon the other day. Another dud. The Army

CRITICISMS?
The events of the last few days have charmed the nation, and it is not surprising to hear skepticism regarding human relations: (1) Mooted, constructive action to international problem has brought results. (2) A ruble-rising spirit on the part of some members, so far, has been as the approval of practically everyone. (3) The Student Association, mistakenly to the Christian spirit, has represented the majority of the students in the Should it be lifted? (4) Unconfined criticisms andjumped-at conclusions have again reared their heads and been justified. Some people don’t want solutions, they just want to gripe.

It is, therefore, no surprise that the students have been criticized. It is probable that the critics were honest in their assertions, but on the other hand, it may be that their criticisms were based upon premature judgments. It is evident that they lack knowledge of the situation upon which to base their criticisms. Such criticism is not unjust, for the same cause has one faults, but because one has faults and no one can be avoided only by saying nothing, doing nothing, and being nothing.

Most of us believe in fair play. We expect a person to come directly to us with their criticisms (at least at Harding), certainly not to go to others. "As you would that men should do to you, so also do you to them." Let’s work together for a better Harding and a better world that tiny segment of our population who “go places and do things.”

EDITORIAL
This November, during the week which includes Veterans’ Day (Nov. 9-15), it is the privilege of the newspaper to bring to our attention the importance of American Education Week. The week is observed throughout the United States, a fitting time when the schools give their report cards to the general public concerning their pupils, goals, and problems.

During the first World War, America was roused to a noble indignation which was a shocking percentage of the American people, and yet the war dragged on uselessly. In 1921 the newly formed American Legion, which had banded together in protest against the armistice association discussed this problem and led to the first observance of American Education Week. In 1922, the U.S. Office of Education became the official sponsor of the event, and in 1938 the National Congress of Parents and Teachers became the fourth national sponsor.

The basic purpose of this week is to make every American aware of the immeasurable value of education, its importance in democracy, and to help him realize that good schools are his personal responsibility.

Why is such a week so needed? Because there is need for action. Among the people is a lack of appreciation for the value of education and even though we truck consciences into public education—let us talk about it. In 1950, this nation spent $10.7 billion dollars for education (public and private). That amount of money is a lot of money, but how does it compare with other things? The difference in $10.7 billion dollars we spent $4.6 billion on defense, 15.0 billion on space rocket research and $2.3 billion on space rocket recreation. This shows that we still do not put education into the proper perspective, recreation, drinking and smoking, and national defense. Or let us look to other figures. It has been estimated that we spent $14 billion for all public education (elementary, secondary, and higher). This again seems to be an extremely large amount until we compare with the fact that we spent $20 billion annually for crime. In other words, we spend $8 billion more to send criminals, degenerates and perverted minds to their legitimate destination (the electric chair) than we do for our public education.

Another way of seeing how little emphasis we place this nation on education education is graphically shown in the case of John F. Kennedy of Mass., “No amount of money we spend in education can have the slightest effect on our teachers until we make their salaries as much as those of the police and firemen.” We have to recognize the existence of these facts, and the idea is now almost as commonplace as the Christian Church.

Some of the difficulties concerning the Student Center and yard riots vividly point out the tragic situation of many schools. The disturbances, John F. Kennedy of Mass., “No amount of money we spend in education can have the slightest effect on our teachers until we make their salaries as much as those of the police and firemen.” We have to recognize the existence of these facts, and the idea is now almost as commonplace as the Christian Church.

In order to organize that the student body’s impatience with totalitarianism and on whose training over a longer period than was to be used in launching the space rocket was to be used in launching the space rocket. The only way for our students to know what is going on around the world is through our newspapers. As we can never be sure of tomorrow, we must work toward today. It is a part of that war is not an answer to world problems. We have to be able to prepare for tomorrow, and if we are called to the number of his fellow man, God took him because he was righteous in God’s sight and God prepared a way of salvation. Through Moses’ being hidden in the wilderness, or even after they reached the edge of the Promised Land, God can say that God did not provide for the children of Israel as it should. Our prayers are that God will provide for the students— as it should.

Through the children of Israel, God said to them, “When you enter the land in which I am giving you, every tree that is not appointed to you shall be holy (5).”

Therefore, through the children of Israel, God said to them, “When you enter the land in which I am giving you, every tree that is not appointed to you shall be holy (5).”

International Views

America Unsafe

by KELSO WATERS

A short time ago I quoted a famous chief of Army Intelligence as saying, "I don’t believe our strength will be increased even after Pearl Harbor." Since then I have learned of the Heisenberg’s secret so that foreign countries may discuss the news discovered in the Royal Air Force Britain. He was a senior intercepts who had access to the plans of Britain’s Black Knight rocket which was Britain’s first. This radars, and other equipment may be turned into the British intelligence. The secrets he passed on to the Germans will be valuable.

West Germany has its troubles also. A young general officer who has been posted to the 96,000 soldiers and on whose training over $100,000.00 had been spent for the purpose of passing secrets to the communists. He had access to plans and this is the different equipment that the U.S. had developed for anti-aircraft warfare. He had been sent to the U.S., to study our latest techniques of anti-aircraft warfare. An unknown number of vital secrets were passed to the Russians.

There have been actual sightings of mystery ships, unidentified flying objects in the Atlantic and the South Pacific. Also known "travelers" have been anchored for months on the Cuban coasts. Intelligence authorities think that the United States is preparing to counteract the menacing forces on the U.S. coast.

The fact that the United States has sent four billion dollars in aid to the United States, in the number of the ships you have and by 1950 they will have over 1000. It is estimated that in the mountains we spend four billion dollars to build up the United States of America Unsafe. If S.O.S. is soon changed it might well be too late. We are closer to destruction than most people realize.

The question is-

“What is your philosophy of Life?”

There is a long list of things to which I am not friendly—everything else has gone wrong today.”

A. E. Smith - "Serve the Lord and Country."

Donna Adams - “Be happy!”

Charles Jones - "Be ready to win anything at all."

Jeanette Harrington - "Be ready to win anything at all."

Fred Hawkins - "Be ready to win anything at all."

Sue Lambdin - "Better not tell my philosophy.""
Miss Sallie Turner, senior from West Virginia, is an English major and member of the Omega Phi social club. Enjoying food prepared by their queen are: (l. to r.) Bill Smith, Al Linda, Terry Davis, and Dee Hillen.

Pictured above are student wives enjoying a balloon game at a recent monthly party held in the Emerald Room for all wives of Harding students. "County Fair" served as the party theme. Cornstalks, pumpkins, streamers and fall leaves were decorations. Entertainment consisted of various contest games with prizes for the winners.

Dr. Joseph E. Pryor and Gary Peddle met with the Student Council of Mississippi College, Clinton, Miss., last Monday, Nov. 3, to talk with them regarding the installation of a chapter of Alpha Chi, National Honor Scholarship Society, at Mississippi College. Dr. Pryor is a member of the Committee on Expansion of Alpha Chi, and Gary Peddle is student member of the Regional Council for the Arkansas Delta Chapter.

Because they visited Milligan College at Johnson, Miss., Dr. J. B. Pinn, Chairman of the Chemistry Department at Milligan, and Dr. Pryor were granted an interview together at Louisiana State University. Dr. Pryor, national vice-president of Alpha Xi Delta, and the National Pre-Medical Society, discussed the possibilities of establishing a chapter of Alpha Xi Delta at Harding.

Rapley for the 1954 BISON All-Star game were: (l. to r.) Judy Forks, Carol Green, Nelda Garry Bies, and Betty Clark.

Frontiers in Physics’ Theme of Lawsons Talk

Mr. Monroe Lawason spoke to the science club Tuesday night, Nov. 11, on “Frontiers in Physics.”

October 28, a Shell Oil Company film, “The Fossil Story” was shown. Harold Tandy gave a “Bcollege Magic” demonstration showing how to pop corn with ultra violet light.

Thetis Psi Hold Club Initiations

With the memory of Friday night’s fund-raising rough initiation still vivid in their minds, thirteen pledges, before a floral archway beautifully decorated with the club emblem, blue carnations, became members of Theta Psi, Sunday afternoon, October 26.

Secretary Lenora Cross welcomed each pledge as she received at the house of their sponsor, Mr. Carl Arthur, Jr. President Blue Vinther, pinned a nametag on each initiate as she stepped forward to kneel on the sills below President Nancy Bannoury, who lighted the candle held by each new member. Treasurer Darline Lawer, Reporter-Historian Willsome Looney, Inter-Club Council Representative Rebecca Haffington, Parliamentarian Charlotte Goodwin, and Roa Johnson stood with the President behind the arch.

Initiated were: Arvenne Arm-strong, Dee Baker, Doris Barrett, Glode Bexon, Toi Brown, Lula Brown, Barbara Cornish, Mary Ann Foust, Marlon Hurst, Geraldine Masters, Alice Southern, Mera Stockett, and Lynn Winsfield.

At the close of the ceremony new members joined old in the singing of the club song.

While the membership of twenty-one enjoyed refreshments of punch and cookies, a short business meeting was held. Plans for the forthcoming third function, a bazaar, were discussed.

Formal initiation was the climax of a busy seven weeks of activity for the club. Their first fun of the year was a got to-gether on the part of the eight returning members for dinner at the Rendezvous and on Monday night, Sept. 22, the same group enjoyed a piano supper at the home of their sponsor, where they feasted on individual pieces of green salad, Hawaiian punch, sherbert, and dessert. The Theta Psi joined the Jo Go Jus for an all night rooftop at Wyldwood Friday, Oct. 15. On Tuesday, over a basin of German chocolate cake baked by their sponsor, the girls celebrated the official second birthday of their club.

Deutscher Sprachkabin Meeting in German

“Das ist mein Buforia” said Bob Ralaford to everyone present at the Deutscher Sprachkabin at the regular meeting Thursday night Nov. 6, in the Seminar room of the Tabor Hotel.

The past two meetings have been conducted entirely in German and attended by a goodly number of students.

Kappa Phi Elect Mary Quest Candidate, Council Representative

The formal initiation of the Kappa Phi sisterhood was held at the sorority’s house, Saturday evening, Oct. 29. Among the twenty-five following new members reported to attend: Alice Bleck, Charlene Antion, Marion Moore, Carolee McAdams, Shirley Glass, Mary Wyldwood, and Geraldine Walter.

Sunday, Nov. 1, the sorority held its informal initiation and birthday party at Camp Wyldwood. The Kappa Phi had its regular meeting, October 26, for the purpose of electing a May Queen candidate. Miss Cecile Thomas was elected to serve as inter clubs representative for the Kappa Phi.

Swimming Party Meeting Held By Lambda Sigma

The last meeting of the Lambda Sigma was held at the swimming pool. After a brief business session the meeting adjourned, along with Dr. W. K. Summitt and Professor Daniel Brown.

Betta Tau Gammas Elect May Fete Representative

The Sunday following the May Fete week saw all the members of the Beta Tau Gammas social club attending church and eating dinner together in the Empire room with Irene Johnson, sponsor.

Irene Johnson, sponsor.

The Regina's pledges planned and prepared a supper for their pledge masters and sponsor on Wednesday of pledge week. The center pieces on the three tables were the outriders and the outside tablecloth and blue nana mums carried out the color scheme. Chilis, ketchup, tossed salad, hot rolls, and tea made up the main courses. Raspberry sherbert and cookies were served for dessert.

Irene Johnson, sponsor.

To conclude the evening marshmallows were toasted over hot coals. To carry the programs back to Stines Auditorium. For the African Club members are encouraging everyone to attend the service which should prove both enlightening and entertaining.

The setting of the film was city and countryside of Tokyo, Japan, where the Bible Society is distributing the Scriptures. For the convenience of the Japanese people, the Koino revision is being made to put the Bible into their own language. A koto, a Japanese stringed instrument, will provide background music.

The Regina's newest program held a discussion centering on their homeland. Pansies were Ibarupu (Harry), Shimakita, To- shie Murabi, and Miss Yoriko Yamagami. John Lea, vice-president of the club served as panel co-ordinator.

The topics of discussion were religions, sports, arts, education, dating and marriage, and several others brought up by panels themselves.

Harding Student Spends Summer In Europe

By Frank Underwood

During six weeks of this past summer my parents sent me on a tour of Europe which they considered to be an invaluable supplement to my formal education. They were so right, for as far as I was concerned it was a thousand worlds. Even now I still think of Europe as being a thousand worlds.

The first thing that hit me on leaving New York was the cold. It was very strange to find ourselves out in the open with the wind coming up the streets. It was so different from the summer heat of the Middle West.

The only time I had to open my windows was when I returned to the U. S. London

Stubborn Defense Checks Clinton As Academy Claims 27-20 Victory

With less than four minutes left in the game the Harding Wildcats drove from their own 49-yard line to gain the winning score and then put up a 15-yard defense to hold Clinton, 27-20, last Friday night on the Yellow Jackets Field.

The two teams—eventually matched all the way—closed the half at 14-6 with the Cats in the lead. Clinton, Larry Hall scored in the fifth and the Cats put the ball on the one-yard line, and Tech went over for the score. Hall added the extra point to make the score 14-6.

Harding pounced on the short kickoff on their own 49, and five plays later Rodgers broke open over right tackle for 24 yards and the tally. The extra point was not good, and the score stood at 20-6.

At the opening of the fourth period Clinton kicked off and Harding's 40 yarder allowed to Harding 14.00 yards. Quarterback Jackie Whillock started his passing—a constant threat—but was unable to hit. On the third down Harding was charged with unnecessary roughness, moving the ball down to the 17. Two plays later a pass interference charge against the Cats put the ball on the one-yard line, and Tech went over for the score. Hall added the extra point to make the score 27-20.

“Boy! I can hardly wait until two weeks from tomorrow,” said an excited Fred Massey, backfielder from the District Monday night, “I think we will thump those little bitty Intercollegiate team.”

Enthusiasm and optimism appear to be the chief characteristics of this year’s squad, which is eleven men strong and features an unusually good and experienced defense. The 11-man squad should be able to hold most opponents to under ten points during the season.

Hartman's view by E.H. HIGHTOWER

“Boy! I can hardly wait until two weeks from tomorrow.” That was the attitude of the Cat’s last Monday night as they went to practice for the Intercollegiate basketball team’s feelings about their opening game with John Brown University on November 24 at the West Virginia State University Gymnasium.

Reluctance and optimism appear to be the chief characteristics of this year’s squad, which is eleven men strong and features an unusually good and experienced defense. The 11-man squad should be able to hold most opponents to under ten points during the season.

"Boy! I can hardly wait until two weeks from tomorrow.”

That was the attitude of the Cat’s last Monday night as they went to practice for the Intercollegiate basketball team’s feelings about their opening game with John Brown University on November 24 at the West Virginia State University Gymnasium.

Enthusiasm and optimism appear to be the chief characteristics of this year’s squad, which is eleven men strong and features an unusually good and experienced defense. The 11-man squad should be able to hold most opponents to under ten points during the season.

East Upsets West, 14-8 
In All-Star Grid Clash 

Climaxing the 1958 Intramural football season, the Eastern team, under the capable direction of coach Walt Nelms, upset the favored Western team, coached by Bob Wood-Freeman, with a score of 14-8.

At the 40 - In the third down with the ball on Austin's 40, Walt Nelms called for a dive play to Wayman Epp. Epp broke through the crowd of Bob and George to score the touchdown. The conversion attempt failed.

Casey Scores in Third 
In the 3rd quarter the Cats continued their drive along with their center and guard. On fourth down Austin was stopped at the 11. Casey took a hand-off from quarterback Cliff Boatright and moved the ball deep to midfield. He was stopped at the 50-yard line. The game ended in the last minute of the third quarter.

West.Collapsed to the Red Devils' three yard-line. Pete Weks for the score. Lanny Camp, left half, took a pitch-out around the left end for the extra point. The score was 21-8 and still in the first quarter.

Second Quarter Play 
The West fought back with Jerry Mitchell and James Blaine moving the ball 23 yards in five plays to open the second quarter. Ronnie Files broke through the powerful field on the next play and recovered a fumble, thus stopping the West's first serious drive.
