**THE HARDING INNERMAN**

**By ELLY ANDERSON**

A voice spoke from eternity and the first man stepped forward on a virgin earth. Before the voice spoke and man received a law, a law of liberty, a law of sacred freedom with the right of free will or treachery.

The running of the evil one crept from the shadows and man revisited the virgin earth. He could not control his will and all through his consciousness spread the eyes of the ultimate thing. He longed for God. And in the direction of Adam Abraham, Isaac, Jacob, Joseph sought to cover his eyes like a lion. And in the night, when their lights flickered and were extinguished, evil spirits came again.

A people that were meant for God, because of the destructions they were nibbled into the slime-pits of Egypt. God sent light into their conscious and expelled the darkness. Illuminated the wilderness, that God's people, who had entered the realms of light, they seared the hearts and weakened the arms of the hardness of man's breast. It was smothered in the dust of the Bin; the curse of Adam overcame.

A load of milk and honey; victory at Jericho just Judges — and a king to trim the lamp. Light was supplied to the greedy hoards of kings and was sprinkled on the arms of Egypt and the increase for the faithful, again through Adam's son the darkness sealed source from the creator's light.

Unhappiness was followed by disregard, disregard brought disobedience, disobedience increased war, war increased darkness (darkness, darker) false-worship encouraged carnality, carnality led to greed, greed increased war, war became more cursed; vise perfected his guidance; led to growth; led to murder; to every form of wickedness. It increased by: sate; darkness and bitterness and the lode of Earthly's light. Earthly's light will be replaced by chains of imperceptible darkness, Routefinding was the most alarmist darkness, the deepest dungeon of the moral world. Possibly event.

Then as if in answer to the muffled voices of the prophets walking through the byroads of the streets of man's history, Jesus came. One star shone through the muffled voices and a light radiated from his person. The light was for the world. Ti's not the voice of Cain's curse to replace Satan's curses with God's blessing. The light of the world is not a fig leaf growing dim for lack of light, but perfect and eternal light shone upon the world. The light illuminated the darkness of vampires. The light cut them as vampire's claws and weakened her feet. The light of the world is not to fall at all. It is to rise, to pass from lesser to greater light till we meet the Creator in the presence of his light.

**ANOTHER ISSUE**

**BY MAURICE KELSO**

Another semester is swiftly going by us and it is going to be filled with many wonderful things. First of all, the Campus Players are anxious to get starting recruiting new members. They have been planning the two major productions going up, "The Warbler's Husband," and "The American Bridesmaid." The second has already flowed and is all set to go. Pat Fore and Augustine Hendricke made demonstrations in make-up to the dramatic class of March 16. Quickly, and after "straighten up" and Augustine did" characterize and costuming, the players tried on subjects for the trip to be proved quite successful. Evening entertainment was also put on and were still making for more when the production opened.

The Talent show is scheduled for Friday, March 16. Since it is on the unlimit, the audiences can be sure that there will be quite a few shows put on for the many of friends and entertainment for the many that was to come to the Talent show but by now. The idea of Greek Week was to doubt where the emphasis was placed by "Plato," "Peach," "emphasizing showing you the way," or "my teaching is the way." These sayings were taken from a friend that was the voice of a Christian life is not a "principle" or a "principal" but a person. Beck Announces Club Standings

O Cecil Beck announces the inter-club athletic points standings including all events that were concluded before semester. The Sigma Tau Sigma social club leads by a nose-to-toe-comfortable margin of ten points over the Sub T-16, Alpha Phi Kappa, and Pioneers, who are tied for second. The Sub T-16 captured the softball tournament, followed by second-place Pioneers, the Alpha Phi Kappa's intramural football All-Star team built a way to victory in the tug-of-war contest, followed by the Mob- cans; and the Sigma Tau dominated the net in their volleyball championship, besting the Sub T-16 in a thrilling finale.

A new ruling which is being put into effect this year, and which has added the comparatively small Sigma Tau's conduct a few points. Points are awarded according to club size. Twenty points are awarded to clubs with 1 to 20 members, ten points to clubs having 21 to 30 members, and for clubs above 30, only 5 points are given.

Three events completed, and the awards, which are spent by eager apprentices and highpoints for their member's efforts, are included:

An Insight of the Drama Department

By Pat Forrest

This week we are going to take a tour of the drama department. First stop is the Green Room below the stage, the center of activity. This room serves as the office of Mr. B. Glenn Wiley, who with his wife, Miriam Wiley, is a co-producer of the Campus Players. Adorning this is the campus, where sets are designed and constructed and where many indomitable hours are spent by our appreciative working membership in the club along with the old members working to maintain their states with the group.

This year, a "buddy" system has been initiated, whereby each member has been assigned an appraiser for whom he will be personally responsible in helping achieve membership. A spirit of competition has been injected by the formation of two teams, Comedy and Tragedy, which will be competing to see the highest number of points. The winning team will be rewarded with a steak dinner, and the losing team will suffer the consequences of eating beans. Next, we go to the Costume Room, where a wide variety of costumes may be found representing nearly every period of history.
