Demagogue vs. Freedom

By KELSO WATERS

New York City's former mayor is one of the greatest wind bags since Huey Long and Hitler. He probably would misplace the left wingers in America. He is a dangerous extremist. He has dreamed up a bill in the Senate (Bill 125) that is aimed to increase the national censorship of publications. Support of another's property is contrary to all religious and civil liberties.

The first question is whether a federal anti-"hate" law is necessary. It is clear that others among them has already stressed that crime is a local responsibility. To make every citizen a federal offense would destroy all sense of responsibility that local citizen effort. Therefore, like many others, can be handled successfully on the local level.

Against All Bombings

Recently, we ought to be against all bombing, not just "hate" bombings. The unions violence in North Carolina and Kohler, Wisconsin, where bombs were dynamited, was used, not outlawed. Of course, it will never be passed. Organized unions are too powerful today and cannot too many. It seems ironical that we call liberals and democrats want to pass a anti"hate" bombing law and yet strongly opposes Senator McCollum's Bill of Rights for labor which sought to give laborers Federal protection of their organizational and Gospel given rights.

A Dangerous Precedent

Scandal, who decides what is hate? Is the Government in the ungodly, heathenistic, sensu­ lations which would sooner or later be used to destroy our freedoms. Furthermore, it is not just to destroy our freedoms. The first question is whether a federal anti-

Editor's Notes

With an awareness of many of the problems presented by an Editor or the editor's role, I begin with this edition to explore more fully the responsibilities that come with this position. A number of individuals have already expressed their sympathy to me in anticipation of the forthcoming headaches. I hope the staff that I've selected will help prevent any pain, but just in case, I'll bring back a good stock of aspirin on the fall.

The Bison closes the school year with the hope that all of you might have a healthy and prosperous summer. This year will hold many pleasant moments for most of us. Many of them will soon be forgotten, but in the event you are interested in preserving some, because those recorded in the Petit Jean, we will have several bound copies of all editions of the Bison on sale for $1 in the Bison office in a few days. An announcement in Chapel will notify you when they are ready.

Lyceum Analysis

With the presentation of the opera II Traverso tomorrow night an entertaining and cultural forum series will be brought to a conclu­sion. The merit of such a group of programs can only be judged by the people who viewed them. Some measure of success gained each of the presentations but the greater acclaim among the student body seems to have been reserved for the two programs which would have been of enormous value to us, due to a lack of information concerning the nature of the pro­grams.

The lack of attendance at some of the presenta­tions could also be attributed to the lack of background in some of which the performances or talks is presented. In selecting this situation, trying to present a program concerning the lynching placed at the top of the list. The second program is placed on display there could be a company in a reserve giving the necessary information and possibly a sketch of background material. Chapel could also be a center of distributing information concerning the program to be presented. Enlightenment on the nature and back­ground of those attractions could benefit the prospective attendees by bridging the gap in un­derstanding and sharing his knowledge with the group.

The second suggestion would be to have a list of programs which would have been of in­terest ability to bring the very best available and most serviceable presentations to meet the need. Would make possible the presentation of noted people whom we might never have heard or seen before, otherwise. Thus the benefits he would have been beneficial to the members and most accomplished people of our time.

The suggestions listed above are by no means in any significance to the program offered for the first, a desire to obtain a better informed public, second, to have made available the cultural advantage possible during the Harding academic year.
May 18 is the date the Pioneers have set for the climax of a year filled with activity, and services. Pioneers and dates will journey to Petit Jean state park. Plans were also composed at the last meeting for entries in the two annual club events.

Officers were elected for the 1960-61 school year. They are: Dale Yoder, pres.; Ken Cotrell, vice-pres.; Bob Niles, sec.; and Brenda Yoder, treas.

As Tenth Share AIC Victory: Harding Finishes in Fourth Spot At Track Meet in Little Rock Sat.

The Harding Bison wound up the 1959 season Sat. night when they traveled to Little Rock for the State AIC track meet.

The most proves to be one of the most exciting of Arkansas track history. A rather young and inexperienced States Teachers held a slight lead over their cross-town rivals and defending titans, Hendrix College. But the next last event of the meet — the miles relay, the lead changed several times during the race until big Bruin Bob Williams, running down the straightaway on the 1st leg of the relay to overtake all opponents and take the victory. This tied the meet between Hendrix and Harding with a score of 50-50, the first time in the history of the AIC meets two teams went home as champions.

Henderson completely dominates the sprints and relays, due mainly to the efforts of Fred Huf and Bob Jackson, while States Teachers showed enough over-all strength in all events to come away with the tie. Harding ended up in fourth place behind Ouachita and Henderson.

Roger Brown got the top place in both the shot and high hurdles, Charles Conderman had the shot 40 feet 7 7/8 inches to better the state record of 45 feet 5 3/4 inches set by Hawkins of AIC in 1950, and the second-fastest event of the night, the 300 yard hurdles, was taken by Thompson from Pine Bluff, shattered the old AIC mark with a blazing time.

Hendrix's Lewis Walker was only a fraction of a second from a time of 14.6. Walker won the 220 yard los hurdles with a highly respectable 23.4, which is only three-tenths of a second before the record.

Brown completed his un-distinguished career with his best time of 4:30. He outdistanced the second-place winner by 50 yards and was never pushed throughout the race. Fred Massey did as much in the hurdles, however, and was defeated for the first time this year in the 800 yard dash.

The Harding Bisons met defeat for the ninth time Friday as Arkansas State Teachers took both ends of a doubleheader 8-2 and 4-2. Harding’s ace right-hander, Steve Mayfield, started the first game and pitched good ball but could do no better than an 8-2 loss in a game riddled with errors and unearned runs.

Seven errors were credited to the Bisons in seven innings of the first game. State Teachers scored twice in the first and two runs in the fourth by theshort-hitting, error-filled order to get the big 8-2 win. Sharp had five hits and scored two runs. Game.
