Defective Speech Aided by Harding Clinic

By Edna Knox

Many students are troubled by the tremendous problem which exists in speech defects. Harding has long been aware of this fact and has sponsored a clinic designed to help the students improve their speech.

Defective Speech Aided by Harding Clinic

Defective speech is a common problem among students who are enrolled at Harding College. The clinic is designed to help students overcome their speech defects and improve their communication skills. The clinic provides individualized treatment to help students develop better speech habits. The goal of the clinic is to help students achieve better communication and social skills, which can have a positive impact on their personal and professional lives.

Candidates for May Queen To Be Presented Nov. 17

Couples attending the spring convention will be held in April at Little Rock. The campus was the largest representation of the 14 member colleges in several years. On the Harding campus, 1959 PJ delegate attended the meeting.

William R. Bell of Arkansas State Teachers.

At the business meeting held in the All Auditorium, it was decided that the spring convention will be held in April at Little Rock. The campus was the largest representation of the 14 member colleges in several years.

Married Students Show Enthusiasm Over Apartments

Something new has been added to the Harding campus. The married students apartments, which were first opened during the spring season of 1960, have been greeted with an avowed enthusiasm of all residents. There are three buildings grouped in a "U" around a fully-furnished courtyard. The apartments have three bedrooms and two bathrooms. Both types have single beds in the living rooms, dormitories with a single bed and two beds, in the living rooms. The modern, fully-equipped kitchens are luxurious affairs. Each building has a modern complete laundry and kitchen at its midpoint, and individual apartments have the plugs for tenants' owned laundry equipment. Parking spaces surround the buildings, leaving the residents with added security and ease of access.

This enthusiasm is expressed in strength of purpose by the resident students. When asked what the homes have mean to them, Miss Pettit responded, "We just love our apartments. They are a boon to marriage."

Representatives To Attend SA Conference At Pepperdine College

Officers of the Student Association will leave Nov. 16 to attend the annual meeting Nov. 18 at George Pepperdine College. The conference, which has been under the direction of the SA President, will be held on the campus of one of our member colleges. The purpose of the conference is to discuss problems facing representatives from all of the Christian colleges represented.

Final plans for the trip have been made by Miss Dorothy Hensley, SA President, and Mr. R. E. G. Engh, SA President.

The representatives are as follows: Corky Louis, Pepperdine; Shirley Wall, Stony Point; and Miss Dorothy Hensley, SA President.

Miss Berryhll Reeves As Queen At Academy Homecoming Activities

The annual homecoming activities have been organized by the students of Harding College. The Queen of the homecoming court is a significant figure in the school's social calendar. The purposes of these activities are to promote school spirit, foster community engagement, and create a sense of camaraderie among students. The activities include the selection of a homecoming queen, as well as other events such as parades, dances, and sports games.

Miss Berry Reeves, a junior at Harding College, has been chosen as the Queen of the Homecoming activities. She was selected by the students based on her leadership qualities, academic achievements, and contributions to the school community. Her coronation will take place during the weekend of Saturday, Nov. 14.

Speaking, Hunting Trip Successful For Benson

Speaking, Hunting Trip Successful For Benson

Dr. George B. Benson returned to the campus of Harding College following a successful speaking and hunting trip to the Colorado-Wyoming border.

The students and the club representatives were selected by the students of Harding College. The purpose of this trip was to provide a fun and educational experience for students, allowing them to connect with nature and learn about the outdoors.

The candidates for the Homecoming queen will be chosen from among the students who have been selected as candidates. The Homecoming queen is a significant figure in the school's social calendar, representing the school at various events and activities throughout the year.

Due to nine-week tests the Bison will not be published
next week. The next edition will come out
November 15.

More Effective News Coverage

There have been, and there will continue to be,
times when the Bison staff finds it difficult to "dig"
up and present news worth printing to fill all pages,
and at times the staff may have felt it was neglecting
any issue. This is often a result of news-worthy material
being covered by other local newspapers and
possibly by the college campus failing to notify the
Bison office of news.

The purpose of this column is to alert you to
ways in which you can help the news section of the
Bison.

The staff at the Bison appreciates this
encouragement and welcomes your suggestions
that you may have.

No assurances can be made that news material
submitted will be printed, but all worthwhile news
will be considered. You can be a great help in
making your paper a better publication through your
assistance.

At Harding We Sing

"At Harding we sing" is a favorite expression in
literature that prepared to advertise the school.
Even though the statement is trite, I am glad that it
is.

We do sing at Harding. Since coming here I
have been introduced to a number of hymns that
were unfamiliar to me. Chapel services and wor­
ship connection has performed many special privileges
because of the beautiful singing.

The high quality of singing is partly due to the
school's "Sing the Spirit" policy. I have noticed
persons (although they thought they were
singing that prevails on our campus.

Singing is the "music of the soul" and often
expresses things that cannot be put into words. When
you sing, you feel good and your spirits lift.

But singing on the campus is not limited to
Christian groups. Troubadours are particularly
popular in the dormitories, where one can often
hear the "music of the soul" as they go up and down the
toys. Some of the men that live near my room are always trying to
work up a little plot to sing together, but
they haven't made it yet. And dozens of times I have noticed
people (although they thought they were
alone) walking about the campus singing to them­

selves. I think that these things indicate that we are
making your paper a better publication through
this assistance.

Mrs. Benson Speaks To Oriental Club

Mrs. Sally Ellis Benson, wife of President George B. Benson, former missionary to the Orient, spoke to the Oriental club members and visitors last Tuesday, Nov. 3, on "Women in Mission Work."

She based her talk on 1 Cor. 9:22, "To the weak I became weak, that I might gain the weak; I became all things to all men, that I might by all means save some." The greatest characteristic necessary, in addition to great knowledge of, and faith in God, is a willingness to sacrifice and a "burning desire to carry the Gospel to lost souls," is to "have the determination to stay."

In doing this, she must "be able to make a home for her husband under all conditions. The men who stay on the field, she continues, "are the ones whose wives are sticking with them. She has to learn to adjust and be willing to put up her own way gladly. She must have a spirit of self-adjustment and self-sacrifice in order not to be easily discouraged."

Knowing the language, customs, religions and government, she brought out, was very important in order to have the right approach. Good health is a strong asset.

Once she had made a home for her husband and had brought out, was very important, in order to help the weak I became weak, that I might gain the weak; I became all things to all men, that I might by all means save some.

Mrs. Benson spent the majority of their time in Hong Kong and Kwang-tung China with some time spent in the Philippines. In China Mrs. Benson taught kindergarten and a women's Bible class in addition to visiting in homes. She taught English at Nanking Midefield School, Canton White School, small private school operated by the missionaries, and to a group of five children, and at home in a group and to a group.

The little girl who felt a vision of tragedy growing larger and larger in her life, and who felt her faith was quite a bit weaker, has been married, and now about, eight days she received a letter from China.

The little girl who felt a vision of tragedy growing larger and larger in her life, and who felt her faith was quite a bit weaker, has been married, and now about, eight days she received a letter from China. In the letter she was told that her new social science major department to be held Tuesday, Oct. 27.

"Burns" is a brand of cigarette for any size party. They are sold at the local store for 25 cents each.

Camel Club Meals Tonight At Library

Oct. 26, 1937, The Camel Club met at the library tonight to hear a program by Mr. and Mrs. H. W. Lewis of Bigelow, Arkansas, who have been in China for several years. The program, for the first time in the history of the club, was held on the campus of Harding University.

Mr. Lewis began by introducing his wife and the audience to the work of the Bible society in China. He then talked about the work of the missionaries and the difficulties they have faced in the work.

In his closing remarks, Mr. Lewis stressed the importance of prayer and the need for continued support of the missionary work. He ended his talk with a prayer for the success of the missionary work.

The Camel Club welcome Mr. and Mrs. H. W. Lewis to their meeting tonight and wish them much continued success in their work.

\textbf{College Dairy Farms Supplies Milk And Beer For Student Consumption} By Virginia Leatherwood

Harding College students consume around 200 gal- lon's of milk and 5,000 cans of beer a year. Most of these drinks are consumed in the dining hall, where pasteurization and homogeni- zation procedures are followed. The milk travels through plastic tubing and stainless steel pipes into a room where pasteurization and homo- genization are carried out. The milk is then pumped into a 500 gallon "bulk milk tank," a refrigerated holding tank, where the temperature is dropped to 38 degrees. Then the milk is clarified and stored in refrigerated containers and placed in a walk-in-cooler. In 1960 the farm was highly mechanized and the purpose of the dairy was two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furnish more stu- dents with labor, and to make a two-fold: to furni- sh milk to fill the college swimming pool. Startling to think is only through the coopera- tion of my supervisors, em- ployees and capital which was in- vested by Harding College. A call meeting was held on Friday, Oct. 30, to discuss business. Miss Donna Wise, a junior from Tulsa, Okla., was elected the May Queen candidate.

\textbf{Beta Tau Plans Function; Order Club Sweats} Monday, Oct. 30, the Beta Tau Gamma social club held its first regular meeting following pledge week. Plans were formulated for the third function and com-mittees were appointed to carry out these plans. Orders for club sweats were taken.
The big gold "E" is a rather familiar sight on the campus, but little thought is given to the work behind it. Everyone sees the gold "E" marks or initials in playing time. Nor is it just a sign of speed, size, or manuversatility; it's an emblem of work. Here's to the "E".

Basketball practice started Monday with a large group of excellent athletes trying out for positions on the team. Out of the day's work turned some fine looking material appeared from which Hugh Groover must choose some 12 or 15 boys to represent the black and gold.

Coach Groover will have a tough time eliminating down to the squad he expects to pick, but it not only takes ability to gain a position, but hustle, which comes as a result of playing, plays an important part in basketball.

Club flag football begins this Monday with the defending champion Alpha Phi the favorite but with all the new material around it would be tough to pick a winner before the season starts. Other teams to watch are the Bah 76, Kalamazoo, and the Mohicans who finished second to the Alpha Phi last year.

A freshman is the club in the process of being organized for men in intercollegiate competition. A constitution has been drawn up and officers have been elected. The officers of the "E" club are Buddy McLean, pres.; Leon McQueen, vice-pres.; and Dwight Smith, sec. The purpose of the "E" club will be to cooperate with the athletic department in bettering our collegiate athletic program.

John Bryant accepts trophy for softball batting championship from Intramural Director Cecil Beck. Bryant hit .431 for the season.

Led by John Billingsley, the Rams came through with the win that they needed the most by defeating the Lions 25-12. Up to this point the Lions were undefeated and the Rams had one loss lessing their record, but now it is a virtual tie for the championship.

The Lions still have one game to go with the goody Eagles. If they win this one, it will be necessary to have a play-off. The Rams have another scheduled game, but it is with the Faculty on the game so the game will not count on their record. The Faculty remains undefeated.

Billingsley ran wild in the Rams' victory over the Lions. He scored three touchdowns and had three others called back. Dave Munday scored the other and also kicked the extra point. The game was not digitized until the final minutes when Billingsley scored his second out of the middle of the field to give the Rams a seemingly insurmountable lead.

The Lions stayed in the game up to this time with the running of Harold Valentine and Ed Hightower, but Hightower received an injury which forced him to stop playing. Valentine made one of the Lions' touchdowns and Andre Hosta scored the other on an exciting catch of a deflected pass. It will certainly be quite as exciting a match as two of these teams to meet again for the championship.

The Rams, still plagued by injuries, lost two of their last five games. In a run-off for first place between the Rams and the Golfa, the Rams dominated the entire game, forcing the Golfa to 26-6. Again led by the running of Harold Goodwin and Max Kinningham, Brad Smith, Paul Farrar who all scored one apiece. In their other loss the Bears were forced to forfeit to the Rams because of the lack of enough players. The Rams thus finished their season with a record of three wins and three losses.

The Giants defeated the Rams 13-6 through running and passing. Bob Tucker, punt-kicker for the Giants, kicked five field goals and three of his kicks were better.

The Bears because of the lack of enough players. The Rams thus finished their season with a record of three wins and three losses.

The Old Men
By Ed Higginsbotham

Last week I began an article on the athletic accomplishments of some of the faculty members. My purpose is to show why the faculty as a team stays on top.

The mailings have been coming in from different parts of the country, and I must say I have been thrilled with the response. I have received letters from every state except Hawaii.

Ken Perkins - Ken halls from the Oklahoma State University football and basketball teams before coming to Harding. He played on a team that was successful in the state finals. Ken was all-county three years in basketball, averaging over twenty points per game. He was an all-state athlete at Harding, winning the intramural trophy for the year. He led his team to the state title for the third year. Pretty good record, huh?

Joe Pryor - Joe, Jr. graduated from Pennsylvania State University in 1951. He was only fifteen, so he hardly had a crack at high school sports. He has junior and senior years in college, though, so he was the starting center for the basketball team. He also participated in track, taking part in the high jump, shot put, and discus throw. Dr. Joe Pryor is a fine individual.

Pinky Berryhill - Coach Berryhill knows the football game. He was a star at Tanglewood, where he was twelve years old. In Tanglewood, Pinky was first in football and basketball. He played on a team that was successful in the state finals. Pinky was all-county three years in basketball, averaging over twenty points per game. He was an all-state athlete at Harding, winning the intramural trophy for the year. He led his team to the state title for the third year. Pretty good record, huh?

Coach Berryhill came to Harding, where he started in basketball, baseball, and football. He was a halfback on Harding's 1951 team. After leaving Harding, Pinky played basketball at David Lipscomb College as a junior. He later returned to Harding as a coach and is now head of Harding's athletic department.

John McKay - John McKay played high school football, baseball, and tennis in Oklahoma. He was an honor graduate from all district, all state, and all American. McKay pitched a lot of college ball for Oklahoma State University and David Lipscomb College. He is a good third baseman, too.

The Sub 7 club continued to dominate club sports by downing the Galaxies, in a game which featured 13 Sub 7 runs and 13 runs in the Galaxy's 2 for the National League championship.

Archies last pitched a brilliant game against the Sub 7s for as he allowed only four hits and struck out five. The Sub 7 scored four runs in the opening frame when Jim Brown swung single followed by a single by Gail, an error, a base on balls to Simpson, a fielders chain, and a double by Buddy Miles which was good for three runs.

In the only other game of the day the Koinonias continued to roll by defeating the Pioneers 19-6. This was the semi-final of the American League championship run. The Koinonias must down the Pioneers again in order to win the crown.

Jumping on Pioneer's pitching in the first inning the Koinonias scored five big runs on three walks and three base hits. The Koinonias scored one in the fourth, four in the fifth and nine in the seventh. Larry Peabody led the attack for the Koinonias with four for five and Bill Beale walked five times. George Greenie humorized for the winners.

The Pioneers scored all their runs in one big effort in the third inning on walks to St. Joe and Ritter, plus hits by Travispey, Finley and Cotswold.

Sub Ts Win National League Title As Koinonias Romp Pioneers For Victory In American League Series
