Cox, Who's Who

A including Pueblo, Colorado, listed for chapel at Lubbock only Fri. and Sat. By Harding Graduate this week to give scientific lectures.

Space Medical Center at Brooks will speak on space medicine and physiology in the American Chemical Society's Department of Physiology-Biophysics.

Because of limited bus space, Dr. Robert T. Clark, Jr., Dr. Robert T. Clark, Jr., will be here Wednesday, Nov. 21, to confer with two Russian scientists.

In 1949, before entering his work in chemistry, Dr. Robert T. Clark, Jr., obtained for $300 his degree in chemistry and physics from May 16, 1958 to May 15, 1960, the U.S. Air Force Osteopathic College.

The Bible class requirement, which was unfavourable to a number of Harding students, was revised to require 40% passing in this course.

Mr. George White, in speaking of the play, said: "This is the most difficult production I have ever seen."

Group members were: Myra Dasher, elementary education major, Estancia, N. M., Theta Kappa; and Edwin Hightower, mathematics major, Weslaco, Tex., Alpha Phi Kappa.

SPOTLIGHT ON HARDING

By Lynn Purssey

A MATTER OF INDIFFERENCE

For the past thirty-six years Harding has sponsored a competition in which students and faculty inform Christians on vital subjects of interest to the church. These lectures reflect an intelligent planning both in the selection of the topic and in the method used to present it. Each year, it is the task of the religious editor to choose the topic and to select the contestants. One of the greatest tasks of this editor is to select the contestants. One of the greatest tasks of this editor is to select the contestants.

The religious editor, on the other hand, has the job of selecting the contestants from the religious students at Harding. This is a difficult task because of the many good contestants that are available. The religious editor must carefully consider the background and qualifications of each contestant before making a final decision.

The religious editor must also consider the potential of each contestant. Some contestants may have a great deal of potential, but they may not have the ability to present their ideas effectively. Other contestants may have a great deal of ability, but they may not have the potential to present their ideas effectively.

The religious editor must also consider the appropriateness of each contestant's presentation. Some contestants may present their ideas in an inappropriate manner, which may cause the audience to lose interest. Other contestants may present their ideas in an appropriate manner, which may cause the audience to remain interested.

The religious editor must also consider the potential of each contestant's audience. Some contestants may present their ideas to an audience that is not interested in the topic, which may cause the audience to lose interest. Other contestants may present their ideas to an audience that is interested in the topic, which may cause the audience to remain interested.

The religious editor must also consider the potential of each contestant's potential. Some contestants may have a great deal of potential, but they may not have the ability to present their ideas effectively. Other contestants may have a great deal of ability, but they may not have the potential to present their ideas effectively.

Who's Gotta Win?
The favorite theme of many yells in the repertoire of each high school and college this fall is "we gotta win." The implication is that if "we" don't win, then certainly small frames will spring up next morning in all the grocery stores, hardware stores, dime stores, drug stores and filling stations. It's doubtful that the sun will rise, and if it does, it will be out of orbit.

Actually, we don't "gotta win." If we don't school and life will go on much as before. The sun will rise in its usual orbit the next morning, and while there will be regrets, there will be no recriminations. Much more important is that in this crucial game, the teams shall be well coached so that the boys shall play with spirit and determination, that they shall play according to the rules of the game, that they shall strive to win. Those things we "gotta do." If after all this "we" have a better score than the opponents, well, that's just a very desirable and much appreciated bonus.

Perhaps that "we gotta win" business is just an exaggeration to spur a bunch of boys on to greater effort. Maybe we merely don't win, we don't school and life will go on just the same. It's doubtful that the sun will rise, and if it does, it will be out of orbit.

The implica­tion is that if "we" don't win, then certainly small frames will spring up next morning in all the grocery stores, hardware stores, dime stores, drug stores and filling stations. It's doubtful that the sun will rise, and if it does, it will be out of orbit.

Clubs for the year
Fencing

From Professor

Mr. Verkler (left) demonstrates thrust technique to a member of the fencing club. The club is open to both men and women.

They will participate in intercollegiate matches.

Practise sessions are held three times each week: Tuesday at 6:00, Thursday at 4:00, and Friday at 4:00. Any of these sessions are open to interested persons. It is not necessary to be experienced in the art of fencing. Dues of $1 per semester include cost for equipment used in the lessons. The fencing club is open to both men and women.

Fencing is one of the fastest sports and tends to develop skill, coordination and grace in the individual. Good requirements for fencing are: a sense of balance, coordination, sharp reflexes, and a sharp eye. However, Mr. Verkler added, these qualities, if lacking in the individual, can be developed by fencing.

To select now, while Curlee suits are, interestingly enough, the principle thing; it is not great who is not wise. —Shakespeare

"Wisdom is the principle thing therefore, get wisdom and in all thy getting get understanding." —Wisdom

The Alpha Phi Kappa Downs Sub T-16 On Late Scoring For 12-0 Victory

In club football this week the Alpha Phi Kappas remained undefeated by defeating the Sub T by the score of 12-0. The A.P.K. scored late in the third quarter on a pass to Ray Griffin to break a scoreless deadlock. Anderson started the other touchdown for the winning team. Center, fullback defensive play was displayed by Dave Meyers while Bob Mitchell did an excellent job for the Sub T. The Alpha Phi are assured of a spot in the championship game.

In other games of the week the Galaxy downed the T.A.G. in a hard fought game. Hugh Groover was the outstanding player of the game as he put up most of the yardage for the

Wallace Takes Trophy In Cross-Country Run
Bob Wallace, senior, won the intramural cross-country run with a time of nine minutes and 30 seconds.

This year's course was lengthened considerably over previous years. The race was run in extremely cold weather — across bridges, a railroad trestle, fields, and six innings. Wallace said of the cold, "Man, I hit out and nearly froze to death."

Bob said that Don Blair, who won the second place trophy, pushed him all the way. "I nearly caught me one time when I fell over a fence," said Bob. Ben Miller came in strong for a third place finish.

Everyone got a fast start, but Wallace took the lead right away and never was headed. Bob worked out for about two weeks prior to the race. This is the first time in his career that he has entered the cross-country run, finishing in fifth, third, and first respectively.

The "Old Men"

This article is a continuation of one started several weeks ago on some of our faculty members. Its purpose is to show what Harding's faculty really is up to nowadays in intramural sports. Let's look at a few more of our faculty members.

Carl Allison — Coach Allison participated in high school football, basketball, baseball, and track at McKenzie, Ohio. He won all state honors in football and baseball and was an all-American high school fullback. At the University of Oklahoma, Coach Allison lettered four years in football and four years in baseball. In 1964 he played in the Orange Bowl football game in Florida.

While at Oklahoma, Coach Allison was a part of the first undefeated team of one sta rted several weeks ago. This high school team was undefeated Indepen­
dently, and Scholastic All-Missouri. He also played in the famous East-West Bowl game in San Francisco. He was drafted by the Chicago Bears professional football team, but he chose to go directly into coaching. To say the least, Carl Allison has a credit to Harding College.

Bob Meyers — Bob Meyers played high school football, basketball, and football in Oklahoma. He was offered a football scholarship to A.B.C., but he de­
decided to study Athletic at Freed-Hardeman. Mr. Meyers was more into sports than any other sport. He has played on several really good football teams. For instance, in each of his three years in the Army, his team didn't lose a game.

He played on the team which won the 1964 national football championship in Oklahoma City in a game against Arkansas, won twice by defeating the best. In this game he played college football at Cumberland College.

Harold Bowie — Mr. Bowie participated in basketball, track, baseball, and football at East Tennessee State University. He pitched and played second base in baseball, played guard in basketball, and was a three-sport athlete. Mr. Bowie played on district champ­ionships in football and basketball.

Mr. Meyers seems to think his age has nothing to do with his being a "Bullet Bob". He still runs some, but intramural softball players still refer to him as "Rapid Robert" or "Bullet Bob." He has been here for 10 years. The last four years he has been a three-sport athlete. He played college football at Cumberland College.

EPBEAK, student association president, left Tuesday aboard American Airlines for Los Angeles and the annual Christian College Conference. About 75 student representatives from various Christian schools are expected at the session.

PEPPERDINE ROUND — Gerald Ebker, student association president, left Tuesday aboard American Airlines for Los Angeles and the annual Christian College Conference. About 75 student representatives from various Christian schools are expected at the session.

PRACTICE SESSION — Shirley Sisco warms up for her piano recital, which was presented Tuesday night before 150 persons. Her program included works by Bach, Mozart, Brahms and Liszt.

COURT ACTION — Harding College's Bisons, right, turned from football to basketball last week with a scrimmage against Beebe Junior College. Thanksgiving Day the Bisons open their schedule against John Brown University of Siloam Springs.

BIBLE BUILDING — Concrete walls of the new Bible Building basement, left, project from the ground as a result of recent construction activity. A concrete floor in part of the basement has been poured and foundations for other parts of the building are being prepared.

FINALLY — Bob Wallace, who has been in the “also rans” for the past several years, forged to the front in the recent cross-country race to take the first-place trophy. Presenting the award is Cecil Beck, director of intramural athletics.

CHORUS TOUR — Professor Ken Davis directs the Harding College A Cappella Chorus in preparation for the annual fall tour. Traveling 2,400 miles, the chorus will make appearances in New Mexico, Texas, Oklahoma and Colorado. The 43-member group leaves Friday morning Nov. 27 for the first performance at Cordell, Okla.

A WAZIT? — Somewhere on the campus the object performs a vital function. The first student to mail the answer to Box 1101, wins a free $.10 root beer at the Student Center.

A WAZIT? — Somewhere on the campus the object performs a vital function. The first student to mail the answer to Box 1101, wins a free $.10 root beer at the Student Center.

PETIT JEAN QUEENS — From I. to r. the Petit Jean Queen finalists chosen last week are Margie Clark, Juanita Lawrence and Carole Thomas.

MAY QUEENS — May Queen nominees picked from 15 girls are I. to r. Virginia Organ, Edna Lamberson and Kirsten Christensen.
