Recommended Citation
At the December 12 meeting of the Faculty Representatives from ten colleges who are members of the Arkansas Intercollegiate Athletic Conference, certain changes were made in the grade point averages required for eligibility to compete in intercollegiate athletics. The 4.0-2.5-2.0 scale of figuring scholarship averages adopted in the 4-3-2-1-0 scale being used by the University of Missouri to the larger membership.

The report submitted, based on the new scale, is (1) by the end of the freshman year a student must have achieved a minimum grade point average of 1.5, (2) by the end of the sophomore year a minimum of 1.75, (3) by the end of the junior year a minimum grade point average of 2.25.

These averages are computed over the student's entire college work and includes courses which have been dropped. However, both the 1.5 and the scholarship average is obtained by dividing the number of honor points acquired by the number of hours of college work attempted.

The new requirement remains the same. A student must have passed at least nine semester hours of work the semester immediately preceding participation, except for first freshmen, and at least 14 hours during the semester, except for second-semester freshmen. A student must be enrolled in at least 12 semester hours during the semester of participation and not more than one hour of vacation may be counted during any semester of participation.

The following basis of classification is used:

A. Freshman: A student who has completed 24 semester hours and a sophomore who has completed 24 and 55 hours and a junior who has 50 or more hours of credit.

B. Summer repeat courses are taken to remove a grade of "F" will count toward meeting the requirements for promotion, and summer repeat courses will count in meeting the grade point requirements.

C. A student who withdraws from school before having completed ten weeks is considered as being in residence for a semester.

SA Council Sponsors "Keep On Camp - Clean Week!

Next week the Student Council is sponsoring a "Keep On Camp Clean Week." As far as we know, it is something new here, but certainly not unnecessary. Shortly before the holidays many of us were becoming careless about our surroundings as we thoughtlessly scattered waste material over our campus, littering things in general and a few even defacing tables in the Student Center with their accomplished works of art.

I am sure you have noticed the fine job of cleaning done to the whole campus during the holidays by Mr. Bowler's crew. Many hard hours were spent fixing things for our return so it is only reasonable that we try to keep it that way.

Our campus, which can compare favorably with any school of comparable size, should be a source of pride to all of us. We can keep it to one of the finest in the South by cooperating through this "Camp Clean Week." Remember, much of a visitor's impression of our campus will be determined by what he sees of Harding in general.

Gerald Ethier, SA President

Placement Office Serves Students in Many Areas

The Placement Office, directed by Dr. W. L. Roy, Roy, is equipped to serve all students present and absent, providing them the best guidance in choosing a field of study. The office is a part of the School of American Studies and was instituted to serve schools, industries, businesses and government with the best interests of students interested in working for positions.

Harding Graduates Wanted

Harding's fame, through dedicated efforts of all employees, has created an extra demand for employees whose education stands on these pillars of strength. Such is the case of the college and others who recognize the value of a Christian education, are in constant touch with the Placement Office for cooperating in the search.

Parents Matched Job

In close cooperation with the Placement Office, the Student Association sponsors a placement program where parents and graduates are matched in vocational courses, and graduates and students in business, industry, and academic fields.

By Virginia Leatherwood

"Before the motors died, I was working on planes," commented Miss Irene Johnson, former professor of history, about her arrival at the Frankfurt, Germany, on December 17.

Miss Johnson returned to Germany after having helped with, but of Germany's, not only of the work which she had helped with, but of Germany's, as well. She was impressed with the rehabilitation program being carried on in Frankfurt and all of Germany. As Miss Johnson speculated, the new trend toward modernization, which has developd as a result of this rehabilitation, has left a marked effect upon the young people. She recognized that there were no signs of unemployment, therefore, the young people seemed more ambitious. As amazing thing to her was the change they have for American hillbilly music, especially, or "Waterloo." She observed that the modernization affected many of the German young people greatly, those in, to...
**Examining Yourself**

By John Lau

No doubt the majority at Harding, having returned happily from Christmas vacation, have at least a great pile of happiness that our loved ones have provided for us and that we have somehow earned. As one has said, "happiness is a per­

sonal experience, and each must find it on his or her own. Whatever happiness is something reciprocal and compensatory, for the giver receives as well."

**Happiness—Priceless Gift**

There is no reason why this joy, happiness, should be the monopoly of those of us who are really interested in reforms that would make our school a better place for those who are supposed to be Christians. We believe as a matter of principle that everyone should have the opportunity to serve his Creator in the way that he finds most meaningful. When we ask ourselves, "What is happiness?" we find that we are faced with a question that has been asked and answered by many throughout the ages. The answer is not as simple as we might think, but it is not impossible to find the meaning of happiness in the lives of others.

**Avonlea To Happiness**

One of the best ways to find happiness is by doing good deeds. One of the things that we do wrong with our money is that we spend it on things that do not make us happy. We should try to spend our money on things that will make others happy. For example, we should try to buy gifts for our friends and family. We should also try to help others who are less fortunate than we are. By doing this, we will not only make ourselves happy, but we will also make others happy.

**Finley’s Findings**

By David Finley

Whenever we are asked, "What is happiness?", our answer is not going to be the same. It depends on what we are looking for. Some people may say that happiness is having a lot of money, while others may say that it is having a lot of friends. But, no matter what we think happiness is, we can all agree that happiness is something that we all want.

**Spotlight on Harding**

By Ron Carter

Although it has been over four weeks since the production of "King Lear," there are still some people who are interested in the play. Some students have been invited to share their thoughts on the play. These students were asked to write a brief essay on what they thought of the play and what they learned from it.

**Amicus Humanum Generis**

By Wope

If you were present at the first meeting of the Amicus Humanum Generis, possibly your attention was drawn to a letter in the School signed by members of SAD (Society for the Advancement of Democracy). We hope that you will consider signing this letter. It is the better of me, and I applaud one of the girls mentioned on the subject. To my astonishment, the signatories of the letter did not exist and seemed to be well organized.

Here are some of the participants: Mary Harris, vice-president; Anna Lynn, treasurer; Juanita Lawrence, editor; Jeanette Reed, watch dog; Judy Card, secretary. I am sure that the letter is inaccurate and not well organized, and that Miss Joyce Spinks, sponsor; Momma; Joe, drink; and the others, are happy to see you.

The aim of the association is obliteration, that is, for all members to become inactive by the end of the school year. The ultimate, or the ultimate out­
come, is to prevent the association, by the engagement of the high qualities necessary for that purpose.

A list of the 25 members is posted on the bulletin board, including Thomas Bach, a bachelor senior who, in the main, provides that the association has a high quality qualifications necessary for that purpose.

The aim of the association is obliteration, that is, for all members to become inactive by the end of the school year. The ultimate, or the ultimate out­
come, is to prevent the association, by the engagement of the high qualities necessary for that purpose.

Nelson Rockefeller’s carefully canvassed decision on running for president.

Various explanations have been given for the announcement of the Democratic party. One explanation is that the Republican party has forced him out because of his controversial views. Another explanation is that the Democratic party view that his withdrawal would be welcomed by the Republicans, as Rockefeller has been a leader in the party for many years.

Rockefeller’s withdrawal

In contrast to this state of af­

fair, it is interesting to note a report; if there be any virus, and if there be any grain, think on those things, Phil. 4:6. The wise man says, "Better is a little of that which is right, than much of that which is wrong.

Rockefeller was due to withdraw from the Vermont primary.

**A Future Path**

In view of this fact, Governor Rockefeller made the wise and sad decision to withdraw from the presidential race at some time in the future.
Regina Sponsor Gives White Elephant Party

The Regina met at the home of their sponsor, Mrs. Joe Pryor, Friday, Dec. 11, for their annual Christmas party. Every member brought a white elephant gift and a toy to be used for the ready at Christmas. After all the gifts were placed under the tree, each girl drew a number and selected her own gift in the order of her number. Following the opening of the gifts, Mrs. Pryor was presented with an umbrella by the club in appreciation for her service to the club.

In the last meeting before vacation, the club discussed plans for the forthcoming banquet and selected a club beau, Ken Nixson.

December Banquet For Delta Chi Omega

On Dec. 11, the Delta Chi Omega Social Club had a Christmas banquet at Anderson's Restaurant, which was decorated to give a Christmas atmosphere. Jeanette Ross was the mistress of ceremonies. The entertainments included a Christmas story by Augustine Hendrix, Carolyn Gref and Larry Lambeth. Mrs. Kenneth Davis selected a club beau, Ken Nixson, and an entertainment poem "The Night After Christmas" by Augustine Hendrix. Carolyn Gref and Larry Lambeth selected a club beau in Elvis and Queen, and were presented with house of candy and a toy to be used for Christmas trea. Kenneth Davis then led the group in Christmas carols.

**Hillbilies Galore**

By Sue Vinther

"We went up on the stage and took the famous place on the piano, stepped up on the bench, and through polish and glee, and a second pipe announced that the Masons was challenging The Guys to a spell match. After noon's the busy women all's their backs and passing out two big leotards per person, a game of 'good grief' ballroom, and show was "spalmup" out thin good of mountain words. Then the finkles's higgy young daughter (it poxed she was so 'tain' orders for an on the side) an' a slicked-up blonde from Fisher side of the valley led a swagger hunt righter that in the Legion Hut, that high usto were out the bare feet of the fine young men that was 'walking all the runnin'. Everybody was rising 11:30 when Fewner was served and mug with color. This thin was good of 'school, plenty of 'stit and fine yodlins by guests in the room an' 'Aille Miller. Due to the fact that it was festivity, Dec. 12, the party left early to cheer at the Blue's Hillsm's.
Kappa Phi Choose "Silver Bells" As Theme For December Banquet

On Dec. 12, the banquet room of the Mayhill Hotel was transformed into a dreamland of blue and silver for the annual Kappa Phi banquet.

Bells, bells, bells — suspended from above, dangling from测试 white trees draped with silver balls, and scattered throughout the room — the theme "Silver Bells."

Following the meal, Kirsten Christiansen, president, introduced the guest speaker, Dr. C. G. L. Janus, who spoke on the theme, "Bells."

The "Silver Tasca" composed of Bonnie Smith, Mary Kirk, Donna Bissett, and Thome Rogers read some of the literature on Christmas. Following the quartet, Margaret Rogers read a poem, written especially for the occasion by Grace Davis.

Don't Can't Get A Man With A Gun, presided over by Mrs. DeVoos, was next on the program. Music by Yvonne Jansma completed the evening and drew another banquet to a close.

The highlight of the evening was the club banquet. The highlight banquet was held at the Legion Hut.

The banquet was held on December 14, the club held a regular business meeting at their sponsor's house. Plans for the banquet were discussed and completed the agenda of an Omega Phi weekend.

One of the highlights was the Silver Banquet, which is to be held in March.

Pineapple Moment

The Theta Phi's first meeting of the quarter was held Jan. 11 at Rober- son's Rendezvous. The dining room was decorated with pink stars, pink table decorations, and a large tree covered with pink angels' hair and Christmas balls. Dean L. C. Spear spoke appropriately about pineapple moments. Entertainment was provided by these "beau" Theta Kappas giving their version of "The Night Before Christmas."

A quartet sang an arrangement of "Winter Wonderland." Santa Claus arrived just in time to distribute presents to each couple.

Tri Kappa and their guests were: Liz Cole, Carl Christie, Margaret Rogers, and Mary Rogers; "Rosette" Bells and "Belle" Bells; "Beat" Bells and "Bells" Bells; "Belle" Bells and "Beat" Bells.

The Theta Phi's last Thursday evening was the Student Center for malls. They won the cakes from Dr. Cliff Gannus for cleaning the largest number of bricks per person during the brick cleaning contest. The bricks were sold to raise money for the new Bible building. Each member wore her new club sweatshirt.

At a recent meeting Jean Murphy and Regina Parton were chosen as athletic directors. Plans are being made for the banquet, which is to be held in March.
Not every one realizes or appreciates the role of the bench warmer in winning basketball. A freshman at Muskingum College once wrote an essay on the subject of "the case for the substitute." Among other things, he wrote: "the bench warmer is the man who warms up before a game, joins the opening huddle, and then quietly goes to the isolation of the bench. People fail to realize or appreciate the effort this man must put out to earn the right to "ride the bench."

"The only time a bench warmer shows down is during practice. He is the equal of any who are starting five. What's the use? For the unknown reason that he is the person who makes the team. He inadvertently wins the b i l l i g m a s t e r's first string is praised for winning.

On Monday of each week, following the games of last Saturday, he is assigned the name of a player on the next opponent's team. The coach tells him in detail the favorite shots, moves and passes of the opponent. He also learns the part his opposite will play in the function of the opponents' offense. Thus, for one hour and forty minutes weekly, he will impress himself and his team in a manner against the defense the variety will use in the coming game.

Stiff Competition Hurts Faculty Team In Major League Play

The red-hot Hoosiers continued to roll this week by downing both the faculty and the Hawkeyes. In the first game Ken Perrin had a good night, scoring 29 points for the faculty, but could not get the help from his teammates as the Hoosiers trounced them 82-50. Four Hoosiers scored in double figures with Ray Griffin leading the way with 20, followed by Barden with 17, Brown with 12 and Tom Bridges who garnered 10 points.

The Hoosiers gained their second victory of the week by tipping the Hawkeyes 49-43. Down 26 to 17 at the half, the Hoosiers scored 22 points in the last half to gain the victory. High man for the Hoosiers was Jim Brown with 15 followed closely by Tom Bridges who had 13.

In the second game, the faculty had a tough week as the red-hot Hoosiers continued to roll this week by outscoring the faculty 82 to 50. The faculty was led by the shooting of Jerry Pigeons who scored 17 points, while Bill Smith had 12. Butch McLarey netted 17 points, and Dean had 11 points each. The final score was 82-50.

Elks Undefeated As Minor League Activity Resumes

By Jim Miller

Harold Tandy led his Hoosiers in a 45-31 victory over the Mid­dies to get the minor league basketball season back in swing after the Christmas vacation. 38 points were high for the game with Bud Austin adding 11 more for the winners. Anderson countered with 14 points for the losers.

The Faculty had the last 10 points and 40 some recruiting in order to hold a team against the Mules. This proved to be one of the most exciting games thus far as they came under the wire in a tie and had to go into an over­time period. Moore was top gun for the Mules with 18 points. Bill Baughn got all of his eight points in the overtime. The faculty had only three men to get into the scoring column. Brooks had 17 points while Campbell and Dern had 11 points each. The final score was 43-39 in favor of the Mules.

Scoring for the Spiders was pretty evenly spread as they downed the Lobos in a low scor­ ing game, 29-20. Porter, Miller, and Richardson hit for the vict­ ors with nine, eight, seven, respec­tively and Meadwood had 10 points for the losers.

Larry Moore jumped off to a start that helped the Academy 33-30. Yates for the winners and Farrar drove and hit from outside shots to lead the losers.

The Terps led the Sharks half time in a game that was touch and go until the end of that period. The start of the second half also appeared to be the awakening for Jerry Pige­ ons as he poured in 15 points to bring his total for the night to 19 and victory to the Sharks, 46-30. Ray Smith had 16 for the Terps.

The Elks remained undefeated as they trounced the outnumbered Gators 52-32. Cottrell and Year­ ing was led by Leon McQueen with 14 points followed closely by Beene with 16 points.

The faculty was led by Jerry Pigeons with 21 points and the Hawkeyes.
