SA Plans Talent Show for Apr. 16

The Student Association announced plans for a spring talent show which will be presented April 16. The program, comprised of students who will demonstrate their skills, will be selected by Andrew Hendrix for producer and Ron Carter for director of the show.

A theme for the show has not been decided. Several ideas that fit this topic, some of non-speaking events, have been filled. May interested in them should see either of the Directors.

Business Representatives of Class of 1965 to Interview Seniors Wellborn Says

Dr. Roy Wellborn has announced that the seniors will be on campus the later part of April. The seniors will be interviewed by business representatives of the class of 1965.

On Feb. 23, R. E. Westover, Director of the Student Councils Committee, College of Bus­

ness Administration, University of Arkansas will talk to juniors and seniors concerning their plans of study.

A special attraction is planned for the after-the-game rally. Members of the Harding basketball team will be held in the college gym prior to the main event. They are also providing the labor for making popcorn; the popcorn is to be purchased at the entrance to the field house.

Other entertainment will include a color guard. The Drill Team, sponsored by the campus recreation office, will be held in the gym. They will be accompanied by music.</p>
There has been much talk and some discussion concerning the new policy of cenciling articles in the college newspaper. There are many reasons for this change in policy and there is no need to restate every point. Some of the arguments put forward by those opposed to this proposal are just not relevant today by the standards of the reformers. There are many arguments which are not applicable today, and it is only necessary to point out the main points: Vosk, Hazel and Veidt Searcy, Arkansas, Post, weeks, by the students of Harding College, Religious Editor ........... CIRCULATION CHANGE FOR BISON

There are two sources of revenue through which the BISON is dependent for its budget expansion. These sources are the 50% of students' tuition income, and the revenue gained from the sale of advertising. There has been no increase in the student subscriptions for over a decade—but printing costs have continued to rise. In order to retain the circulation of the paper greater than the past year.

The BISON and other publishing costs and the fact that revenue has not increased to keep pace with costs) have resulted in a deficit in our current operations. The BISON has been struggling to make ends meet. In order to maintain a free circulation for students, it is also necessary that each student limit himself to only one subscription. The BISON has decided to cut 2c postage stamp should be affixed to it and regular mailing channels utilized.

It is hoped that this policy will be temporary and necessary for the remaining years. In order to continue the regular policy in future years it will be necessary to increase the student subscription rate or to raise the advertising rate.

Sub T-16 Plans Annual Trip To Mardi Gras Festival At N. Orleans

The Sub Tay have been busy this season with a schedule of annual plans now being formed for the crew's traditional trip to the Mardi Gras at New Orleans. The trip will leave the campus Sat., Feb. 27, after classes and arrive in New Orleans early Sunday morning.

The agenda will include viewing the Mardi Gras in person, completely participating in the festivities, tours of the famous historic places in and around New Orleans and the French Quarter, probably a trip to the French Palace, dinner at the Cafe de la Nonne, the French Market, and the many unanticipated and interesting excursions that the famed city should provide.

Also in the planning stages are the approaching holidays with its annually adaptable, if not unconditionally theme and future baseball and swimming competition plans.

Book Reviews Given at Colhecon Meeting

The Colhecon members met in the Randall Room of the Library Building Thursday evening for their regular monthly meeting.

The following officers were elected to serve next year: Mrs. Mac Westphiao, pres., Miss M. A. Hays, vice-pres.; Helen Thomas, sec.; Betty Wintershal, hist. Peggy Rand, treas., and Paul Inmon, asst. sec.

All girls are urged to join Colhecon now for the spring semester. Dues should be paid to Ruth Hargrave.

Foreign Students Provide Spice

By Grace Davis

Harding College students have come from varied backgrounds. Many have come from foreign countries and one has spent part of his life in a prison camp.

John Lee, a Harding senior, was born in the age of 13 in a missionary compound, was a Red Chinese prison camp. John was born in Pittsburgh, Pa., but Harding has students who come straight from foreign countries.

"Americans Friendly"

Two years ago Nick Kefalopoulos arrived from Thessaloniki, Greece. Nick came to the United States for further study. Schools in Greece, and Nick, are stricter than American schools and there are more competitions. Americans are friendlier than Greeks. Do you have a boyfriend in his own country? Americans are friendlier than Greeks. Americans are friendlier than Greeks.

John Lau, a Harding senior, has come from the Philippines to study. John was sentenced at the age of 13, two years ago, in a Red Chinese prison camp. American Customs of Dating are Much Different

Many have come from foreign countries and one has spent part of his life in a prison camp.

In Japan are much harder than in America and this the country for a few months. They are willing to teach the language fluently. This is due to his high school work, she said. In Japan, they have a school for the children of diplomats. They do not date in this country, she said. If a boy is attracted to a girl she writes him a note asking if he might correspond.

Others foreign students agree that the American system of teaching is much different from that in her own country. At the end of high school all students take exams. Much depends on the exam that many of those who fail it outside, she said. Com- peting with those who are successful, she says those who are successful wear too much makeup. They dress better than they are going to a party when they go to dinner.

One Harding student from Tokyo, Japan, Yoshio Ohna, says that high schools in Japan are much harder than American schools and that the country for a few months. When Ban arrived in America he was confused by the statements, "How are you?" What do you know?" But after a few months, I could tell you what I know and they didn't say anything when they were coming back, he complained good naturedly.

When asked about the American teenagers, she said, "They are much more difficult to satisfy. They are not as much interested in schoolwork as they are in other things. When they finally decided upon the words he wanted, he called them "boy friend" and "girl friend."" John Lee summed up the thoughts of many of the foreign students in this statement: "American young people are pampered. They don't take advantage of their many opportunities."

Valentine Party Given For Toeflets By Sponsor

Wednesday night, Feb. 21, the Toeflets social club met in the home of its sponsor, Mrs. Debus, for a Valentine party. Mrs. Debus served rolls, ice cream and jello. Plans for the banquet end and for entering the tournament were discussed.

When Ban arrived in America he was confused by the statements, "How are you?" What do you know?" But after a few months, I could tell you what I know and they didn't say anything when they were coming back, he complained good naturedly.

Last Thursday night the quarter-final final of the women's Indoor/
Travelers volleyball tournament got under way with three close
matches between the Independents and WHO. At the University
house, the Independents beat the WHO in four sets 21-18, 20-15, and
19-16. At the same time, on another court, the M-Kappas were taking
on the TACs. What started out as a tie game ended with the M-Kappas
winning 17-15 and 19-17.

Congratulations

Bisons Fall Before League Leaders In Tangle With Tigers

The Harding Bisons gave the Ouachita Tigers a run for their money last Friday night at Arkadelphia, but the Tigers emerged on top by 79-73. The game was nip and tuck all the way with never more than five points separating the two teams. The win left the Tigers in a first place tie with State Teachers in the AIC.

Leon McQueen and Jim Rodd-
ing again led the Bisons scoring efforts. Redding again led the Bisons scoring with 23 points. Redding followed a close 48-46 victory Saturday night against Arkansas Tech. Redding has established himself as one of the Bisons’ top scorers in recent games.

The front-running Huskies al-
most met their match this past week when they faced the Mules. A close game from the first too-
sup to the final buzzer, the Mules led at various times but fell near the close of the game to become the Bisons’ sixth victim, 24-30. Ken Randolph led the scoring with 13 points for the winners. Rick Baughn and Bill Moore each had nine points to lead the losers in their scoring efforts.
