Dear John:

It has made us very happy to receive the good reports of the great progress of the church there since you have served with it. This has confirmed our confidence in you. We can imagine how badly they hate to see you leave.

As soon as I learned that the elders there were considering Brother Paul Dobson as your replacement, I felt a desire to write you about him. I know of no person who could be more highly recommended than Brother Dobson. He has done an outstanding work at Irvington, much of the time under bad circumstances. When he went there that church was in a mess. He did not single-handedly clean it up, but he surely helped.

Brother Dobson can organize and lead. It was chiefly through his efforts that Herald of Truth came to Indianapolis. We most sincerely wish he would stay in our area, but since he has decided to leave we do not hesitate to recommend him.

You may give this letter to the elders if you like, and I hope that it will be of some help to them.

Brotherly,

P.S.: John, we pray that you will have Godspeed in your new work.
