Ablenem Felllowships Offered to Preachers

Abilenem, Tex.—The J. W. Mc­­Gervey Fellowship program for the 1963 Summer Session at Abilene Christian College has been expanded to offer additional fellowships to 100 preachers.

Fifty Fellowships

In 1962, first year for the program, 50 fellowships were offered to graduate students. This year, the college will hold five sessions, the first six weeks term (June 4-July 18) and five to graduate students. Dear Editor:

I'm writing this letter to reply to a disgusting article recently written in the newspaper of the University of Arkansas, the Arkansas Traveler

In it, columnist Bam Parks stated in his column, "In Defense of Bamber Groups," that the editors of the Student newspaper, the Bison, were editors of the previous journal, the Traveler. He has been accused of saying that the editors were not in accordance with the newspaper's purpose.

Dear Editor,

I am writing this letter to express my concern about the situation at the University of Arkansas. Recently, I came across a letter that contained a significant number of errors and inaccuracies.

I believe that the editors of the college newspaper, The Arkansas Traveler, have failed to properly address the concerns raised by their students. Additionally, I would like to bring to your attention the fact that the newspaper has been inconsistent in its representation of the issues at hand.

The Traveler editor has as her position that she should be considered the only voice of reason when it comes to the matter at hand. She argues that the students are not able to understand the complexity of the issues and that their opinions are not worth considering.

However, I believe that the students have a right to voice their opinions and that their concerns should be taken seriously. As educators, we have a responsibility to encourage critical thinking and open-mindedness. It is essential that we provide a platform for diverse perspectives to be heard and considered.

Furthermore, I believe that the university administration has a responsibility to act in a manner that is fair and impartial. The student body is an integral part of the university community, and their voices deserve to be heard.

I urge the university administration to take immediate action to address the concerns raised by the students and to ensure that the newspaper remains a platform for open and free expression.

Sincerely yours,

[Your Name]

As a member of the Belles and Beaux team I'd like to share with you some European fashions and foods which we saw and sampled during nine weeks there.

German People Nice

One of the most noticeable characteristics of the German people is their friendliness. Most of them dress just as tritly as they keep their home and yards.

The women's fashions are predominantly tailored and simple, with more emphasis on the German chocolateundy than on the German chocolate.

Bill with all the goodies we saw, one of the best-looking, most economical meals on the menu remained hamburger - US.

Ann Landers Fan Gives Men Advice

Recently the following letter to Ann Landers appeared in her daily column.

Dear Ann Landers:

I was amused at the letter from the young man who didn't know how to go about kissing a girl. It seems this is an age-old problem. I ran across a copy of the Louisiana Advance, published in Aradale on August 16, 1899. The article was entitled "How Girls Want to Be Kissed." It certainly proves that human nature hasn't changed much in the past 73 years. A young woman wrote:"I am getting tired of having my hat destroyed, my hair pulled, and my corsets torn to pieces by beginners. If the doors were told how to go about kissing their girls perhaps they would make less of a mess of it."

Mr. and Mrs. Tibbs, both of Rogers, Ark., announce the engagement of their daughter, Nancy Jean, to Treats Wayne Jenkins, son of Mr. and Mrs. Vistor Jenkins, also of Rogers.
