Dear John & Sue:

May I take this means of saying again how very much we enjoyed staying in your home during our recent Bible school workshop with Broad Street. We feel that we "know" you so much better, and appreciate you even more than we did!

We appreciate John's influence in getting us the invitation to come and engage in the efforts to improve the Bible school program. And I only hope that we, in some small measure, did set the stage for greater accomplishments in that phase of the church's work.

Susan continues to talk about Mary Beth. She seemed to have enjoyed both looking after Mary Beth and the going swimming!

We made it home without incident. We were home by 2:30, and we felt that was pretty good time since we didn't get away until quite late. I began my meeting near Rector Wednesday evening and from here I am to go on down below Paragould for another meeting.

We would like to see you while at Fulton, but I just doubt if we'll make it.

Yours,

  
Brad Brumley
