The year has especially been a rewarding one for us. The year's presentation was turned into a series of "swan songs"-a period (or order) was in good shape, vocally, for the performers in the chorus, and the other performers. There was quite a bit of study and work, but the overall result was a successful performance.

The Burgess Opera House was full. There was a lot to answer the question: How was it possible to perform such a challenging work? The audience was enthusiastic, but they did not know what to expect.

Mohican, TNT Are Favorites

By Johnny Vaughan

Harding's annual Intramural Track and Field Day, originally held in lieu of an intercollegiate track team, has nevertheless maintained its popularity through the years. The meet kicks off tomorrow at 5:00 with the field events, and after an afternoon break the running events approximately twelve hours later with the mile relay. Two men's and one women's divisions will be contested.

In winning, APK dethroned Sub-T, the perennial large club champ, while TNT extended its current winning streak among the small clubs for three years in a row. Both champions appear strong and unbeatable for another year.

In the large club division, it appears to be an extremely close race between APK, Sub-T and Mohican, with the last-place club holding a slight edge.

Graduation Honors

Both APK and Sub-T lost two seniors this year, but Mohican has "inherited" some points from a senior coming up as a blue chipper or two of its own.

In large club dashes and relays, it's anybody's guess who will win. Glenn Whitaker of APK is a miler and looks like a repeat winner in 6'6" and 220-yard dashes. Glenn is also a contender in the 400-yard dash.

In the field events, TNT seems to be in good shape. Trying for a third straight pole vault champ will be Steve Grant, and although the shot put for the Bombers will be either Ron McFarland or Carroll Hargrove.

The relays are unpredictable, but only Sigma anyone could win the two short-relay races. TNT stands to defend its title as the mile relay champ.

MENA, perennial women's champ, is favored among the small club teams.

For their doubles effort Beck and Yurcho were a high team score for one game, 1,019. and Yurcho received engraved plaques.

Winners of the shutout effort Beck and Yurcho received engraved plaques. They each won medals in lieu of an intercollegiate tournament in his first attempt under the handicap produced by a slammed door two days before the tournament.

John caught his right hand in a door Tuesday night, cutting his middle finger badly enough to require four stitches. Since he was unable to use that finger, the Bombers "simply didn't come home empty-handed."

Among the throwers in Harding's hat were a second place finish by the double team of Yurcho and Beck, and seventh and eighth highest single divisional scoring by Beck and Yurcho, respectively, and the high team score for one game, 1,163.
