40 PEOPLE KILLED IN DARING RAID ON COLLEGE PRINT SHOP

Two daring bandits, armed to the teeth, made a daring raid on the print shop last night. These bandits got away with the new 40 foot camera with the F 2.2 lens, a couple of offset presses and an Intertype. These vicious men were caught in action by your Bison reporter. Here is his story.

"I was walking around about one O'clock this morning. I could not sleep for some reason. I suppose its because of the print shop, I saw this big truck parked by the print shop, and noticed that a portion of the wall had been blown away. There were bodies all over the ground. I thought this a queer place to sleep. Having a somewhat curious mind I decided to investigate. When I realized the print shop was being robbed, which was some time later, I saw that I was in great danger. But having no fear of this, I loosed a flash bulb from my pocket and took a

Benton Garrett, Columnist, Gives Advice On Speaking

"Most of the people in this world are always in a hurry. They never take time to stop and think. Elizabeth Garrett, columnmist in many papers, on better speech.

"Take the art of speaking, for example," said Miss Garrett, "you will find a large number of people just racing through as if they are saying without so much as a pause for breath."

Benton, who visited on the Harding campus recently, cited several cases of this tendency on our campus. "Tom Olbrich, Johnny Morgan, and Grover Sexton" are examples of this speed in speaking.

"But, Hal Hougey, Annie May Alston, Lou Marken, and James Bales, are fine examples of people who are slow of speech, and the result is that fine Southern fried drawl which is so pleasing." Betty Garrett, who is often confounded with Betty Perkins, Betty Kell, Betty Jones, Betty Davidson, and others with similar names concluded by saying, "There is no substitute for courtesy. Take my word for it, slow speech is by far the most superior."

Paul Clark, speech major, said, "Well, what about that?"
Shut Up When I'm Thinking

The other day I was walking down the sidewalk thinking about some pretty important things, and what d'ya think happened? A bunch of loons keep saying hello and making such silly remarks, and I forgot what I was thinking about.

Now this is just plain silly. When you are walking along the sidewalk, you don't want other people to bother you with some silly grin and make you forget what you had on your mind.

Let's be a little bit more thoughtful.

I'm SO Lonesome!

I am so lonesome. Nobody ever comes into the bison offices and when they do you'd think they were in a morgue, they are so quiet and reserved.

Flees, people, drop into the bison office sometime and say hello. I miss you. And when you come in, be informal, put your feet upon the desk, the trouble with people these days is that they have flat feet from keeping them in the floor.

Little Johnny was sad and dejected when he returned home after his first day at school. "I ain't going tomorrow," he told his mother. "Why not?" she asked. "Well," he replied, "there's no use, I can't read and I can't write and they won't let me talk."

Green Bays Drown Wet County Drys

Playing here before a confused crowd of 12,000 people and two faculty members, the Green Bays drowned the Wet County Drys by a score of 20 to 2 yesterday.

The game opened when Don "Juan" Flanagan, forward half back for the Bays, dropped the ball where he was bringing it down the sidewalk and three spectators were injured when the Bays attempted to recover Flanagan. The referee gave the ball to Charles Rice, left of center for the Drys. The Drys' left-of-center, Marion Hickenbottom, goalie for the Drys, from Mar Vel, Arkansas, slipped on the ice and cut a hole in his toupee. Twelve loyal Gawr club members rushed out and offered their president the use of their own toupees.

The game was told at half and the 12,000 fans enjoyed tea and crumpets at the College Inn. Regarding yesterday's business, Clyde Hall, chief bus boy at the Inn, had this to say: "I've been to Bald Knob, and Kensett and Texas and Possum Grape, and I sho am tired."

40 PEOPLE KILLED

picture of these men at work.

The flash blinded them. Under a hail of bullets, I fled the vicinity. These men were identified by the authorities as "Hammer Head" Don Garner, alias Dirty Mudpack, right, and Monsieur Gerald Kendric, alias Aqua Regia and sometimes called lead slinger Kendric.

Mayor Morris of hutsville had offered a fifty cent reward for them dead or alive. "Wild" Bill Johns has been put on the trail of these vicious murderers. Bill says that the search will start in Pattie Cobb Hall.

The alarm has been sent out over the 48 States and Taxes.

Garner is a notorious bank robber and bootlegger from Missouri. He stands six feet one and weighs 160 pounds. He escaped from Alcatraz last November and has been robbing print shops ever since.

Kendric is five foot five and weighs 140 pounds. He is from Louisiana, where he used to skin alligators for a living, but he found his work boring, most of the 'gaters were dead. He has escaped from Jackson La. many times. How Kendric and Garner got together we do not know. Perhaps they ran into each other when going around a corner.

The relatives of the bodies have been notified.

These two men have a great sense of humor. Even before leaving the scene of the crime, they placed a bucket of water over the door. Mr. Halik the printer said "Never, have I been so humidified in all my life". Mr. Halik said that he did not mind the equipment being taken, but they took his gold plated cuff links too.
