Thieves Rob College Safe On Weekend

By Lynn McCauley

Thieves entered and burglarized the Harding business offices early Wednesday morning, Nov. 4-5 and took $371.03 of their contents, according to Lott Tucker, college business manager.

They entered the offices, which are on the main administrative building, by prising open a window of the office of Dr. C. L. Ganus, Harding's president.

Going through Ganus' office into the main hall of the administration building, they then broke the lock to the front door of the business office. Once inside the office, they pooled back the concrete and steel door to the college safe.

Secretary Discoveries

Latina Dykes, Tucker's personal secretary, discovered the robbery about 7:45 a.m. Monday when she arrived for work. She immediately called Tucker, who in turn called Sgt. Carl Rolen of the Sylvania Police Department and Capt. Lucy Anderson, commander of the Arkansas State Police and initiated the investigation.

The exact time of the incident is unknown but was sometime between Saturday at 1:00 p.m. and Monday morning when it was discovered.

Motive

The apparent motive for the robbery was to obtain the receipts for the Bison football games and the Saturday night activity, which would have been about $700 and also to prevent the closing of the safe late Saturday night after the game. Tucker said the problems with the trouble of coming back to the school and putting the money in the safe were enough to make an individual who was in charge of game admissions feel a need to get rid of the money at home.

The loss of the cash is not covered by insurance, but the cost of the new vault and its installation are Tucker's responsibility.

Junior Lynn Rolen

Is Selected Queen

Lynn Rolen, a 19-year-old junior from St. Louis, Mo., was crowned 1967 Bison Homecoming Queen by Dr. Clifton Rolen, Dean of Students and Virgil Lawyer and Dean of Men Carl Allison last Sunday evening at 6:00.

The Galaxy social club queen and junior class SA representa­tive enjoys spectator sports, "especially football and rag­ing."

O'Neal, Curry
Discuss Campus
Problems and
Recent Trends
To the Editor:
Most of us as students have come to the conclusion that if it offers a Christian environment and encourages understanding of the other 19 state schools in our nation. We have come because we feel that the administration is trying to retain faithfulness to the Lord and to given on the more religious questions, I dare to say that not one student is satisfied with these answers because he thought that Harding was a place of learning, not a place of religion. Tell me, then, why is it that after we have come to the campus, we feel that it is not perfect and that no one (except the students) is interested in trying to make mistakes?
When I think of this, many of us immediately try to impugn the motives to those who made this happen to be part of the administration (or at least hippie would say, "the establishment"). As a result, many hard feelings and much animosity is aroused.
In many cases, many of us immediately try to impugn the motives to those who made this happen to be part of the administration (or at least hippie would say, "the establishment").
As a result, many hard feelings and much animosity is aroused.

Journalistic Principles

The editor also subscribes to journalistic principles as well as to the editorial policy set forth in the first issue to "exemplify the ideas and ideals set forth in Christian living, by the integrity of man, and characteristics of the place man holds as a free being, capable of reasoning."
The editorial staff is grateful for the keeping of this American heritage from the same time realizing that freedom of the press does not allow a paper to become scandalous, untruthful, or libelous. If the latter should ever be descriptive of the Bison, then censorship might be in order.

Belles & Beaux Open Season

By Andy Saunders

Last Friday night in the American Heritage auditorium, the Harding Belles and Beaux modeled their spring Belles and Beaux School year. It was exceptionally well received.
The show is good, but the performance was plagued by some inevitable first of a Christian euphoria. When the spit and polish, experience, is lost, the Beaux and Belles can be seen more than ever, and the Beaux and Belles can be seen more than ever, and the Belles and Beaux should be the same as the McCaskey.

MANY OF LAST YEAR'S problems in mood changes and pacing have been effectively dealt with, producing a show less tiring, and more consistent appealing throughout. The show is a good sound, but perhaps due to their small size, a number of voices bored through the over all ensemble production. The performers seemed to be come more involved in the show as it progressed; consequently the latter portion of the production was superior. This excitement was maintained by the minstrel show, which I believe the Belles and Beaux have been the best to date.

NOT MUCH CAN REALLY be said negatively, and what can be said in this direction did not come from the same source of the show. Though some thinking and our actions, then the piano was a little off, and the story was almost nonexistent.

Special commendation should be given to Dr. Davis for his work as director and performer. He achieved an integration into the show that he might not have thought he could do.
SA President Submits Summary for First Nine Weeks

(Editor's Note: The following report is submitted in accordance with the Student Association constitution which requires that a report of activities of the SA council and cabinet be presented to the Bison for each nine weeks period. Included in this report are summer activities and activities for the first nine weeks.)

Summer Activities:
1. Sponsored three S.A. movies.
2. Opened Entrance Room.
3. Completed revised the student handbook.
4. Put up S.A. activity bulletin board.
5. Completed reworked the S.A. filing system.
6. Recommended changes for chapel improvements.
7. Recommended changes in the Bible curriculum.
8. Letter and memo to new students.
9. Paid $1,000.00 on the new movie projectors.

Fall:
1. Established entertainment chairman on cabinet.
2. Freshman and transfer mixers.
3. Information booth and name tags.
4. S.A. bellhops.
5. Ride service and REA delivery service.
6. Refreshments in registration line.

Activities:
1. Established entertainment chairman on cabinet.
2. Freshman and transfer mixers.
3. Information booth and name tags.
4. S.A. bellhops.
5. Ride service and REA delivery service.
6. Refreshments in registration line.

SA President Submits Summary for First Nine Weeks

1. Established entertainment chairman on cabinet.
2. Freshman and transfer mixers.
3. Information booth and name tags.
4. S.A. bellhops.
5. Ride service and REA delivery service.
6. Refreshments in registration line.
7. All-school watermelon party.
8. Lily Pool devotions.
10. Recommended that Patti Cobb Dining Hall be opened at 6:30 p.m. rather than 4:45 p.m. Recommended that it be opened at 10:50 a.m. rather than 11:00 a.m. three times.
11. Printed and sold Student Directory.
12. Printed and sold Activity Calendar.
13. Initiated the establishment of Mission Study and ACT.
14. Initiated and sponsored a central devotional in the New Men's Dorm every Tuesday night.
15. Secured permission for a large number of students to go to the Mission Workshop at David Lipscomb College.
16. Approved the increase in the number of cheerleaders from 6 to 7 and settled the long-debated question of how they are to be financed every year.
17. Opened Entrance Room four afternoons per week and six nights per week. Rebuilt two of the table tennis tables and acquired an extra table.
18. Recommended that Fledge Webb be earlier in the semester.
19. Activated the book exchange and ride boards and the lost and found cabinet.
20. Conducted elections for class officers and freshmen S.A. representatives.
21. Submitted a list of off-campus activities to be approved and had approved the all-school football game at State College of Arkansas.
22. Recommended to the Faculty Library Committee some changes to help solve the problems caused by overcrowded conditions.
23. Initiated action to get more songbooks ordered for chapel.
24. Printed phone-call note sheets for the dormitories.
25. Collected and sent gift packages to servicemen in Vietnam.
26. Recommended that the Friday after Thanksgiving be a school holiday.
27. Printed and conducted the annual S.A. Leadership Conference.
28. Had a dinner meeting with Dr. Ganus to discuss the problems involved in financing a Christian college.
29. Submitted a list of qualified students to be recommended for Who's Who in American Colleges and Universities.
30. Showed film of Maryville College annual convention.
31. In the process of conducting a study of bookstore problems.
32. In the process of conducting a study of fire extinguishers on campus.
33. Initiated action on the Red Cross Blood Drive sponsored by Circle K.
34. Recommended that the new extension phone be installed in the New Men's Dormitory.
35. Recommended the installation of a variety of cold drink machines in the New Men's Dormitory.
36. In the process of making recommendations concerning the campus parking problems.
37. Awarded the Club Academic trophies and certificates.
38. Secured approval for a campus lecture series.
39. Secured approval for sponsoring a popular group for a lyricism.
40. Initiated action on collections for flood and hurricane victims in South Texas.
41. Sponsored four single engagement movies and one double feature. Also making improvements in the movie program.
42. Sponsored four chapel programs:
   1.) 9-18-67 - Religious program to acquaint students with religious activities on campus.
   2.) 10-3-67 - Steve Sanderson and Jerry Flowers - singing.
   4.) 10-30-67 - Meet your faculty - Dr. Gilliam with slides.
43. Sponsored homecoming activities:
   1.) Chili Supper with entertainment.
   2.) Pop rally, bonfire and devotional at Bee Rock.
   3.) Chapel program.
   4.) Parade and car caravan.
   5.) Double feature movie two nights.
   6.) Half-time ceremonies at homecoming game.
   7.) Pick-the-winner contest.
44. In the process of studying the problem of lack of communication between the administration and the student body, and the S.A. and the student body.

Former Political Prisoner to Speak

By Bruce Smith

A former political prisoner of the community will address the Harding student body during an evening meeting of the American Studies students on Thursday, Nov. 9, in the Heritage Room of the American Studies Building. According to Billy Ray Cox, director of the American Studies program, Vladimir Petrov, an associate professor of international affairs in Georgia State University’s Institute for Sino-Soviet Studies, will speak to the American Studies students on “The Making of a Great Power’s Politics” and will present a similar discussion in chapel.

He will also speak to the students in chapel the following Friday.

Petrov obtained his doctorate in political science from Yale University while teaching Russian there from 1941-1945.

In USSR

Petrov was born and grew up in the U.S.S.R., where he wholeheartedly endorsed communism during his early life. He lived in Leningrad while studying civil engineering. While there he became a victim of political pressure and was imprisoned as an enemy of the state. He spent several years of the area following the assassination of a high government official. He was subsequently sentenced to a Siberian gold mining

conviction camp where he remained for six years. He escaped almost certain imprisonment shortly after his release from the camp in 1947 and traveled through Europe during and after World War II as a refugee from the Soviets. The year 1947 found him in Italy from where he came to the United States and joined the Yale faculty.

Petrov has written three books describing his relationship with the Soviet regime. Soviet Gold, My Return From Russia, and Empire of Fear are all in the Harding Library. As an expert on international affairs, he also authored What China Policy, a study of the U.S.

policy toward Red China, and Money and Gangsters, an account of U.S. policies and practices during the occupation after World War II.

Following his speech to the American Studies students, Thursday evening, Petrov will participate in an interview program with Cox on KHCA from 10:00 to 10:30 p.m. Early Friday morning Petrov will be filming two television programs to be viewed on channel 7 and channel 21 some time Friday, according to Cox.

Cox also said that Petrov would possibly be willing to talk to any political science majors early Friday afternoon.

Petrov is being presented to the Harding student body by the American Studies program in conjunction with its 1967-68 theme, “America in Perspectives.”

Harding Will Hold AHEA Workshop

By Linda Frost

On Friday and Saturday of this week, Harding will host the State Leadership Workshop of the College Club Section of the Arkansas Home Economics Association.

This year’s theme is “Success Through Leadership.” Participating colleges besides Harding include Southern State, Arkansas Tech, State College of Arkansas, Philander Smith, A&N, Ouachita, Henderson State College and the University of Arkansas.

Each of these schools will send four officers from their local club to the workshop. Harding is represented in the state AHEA organization by Linda Hacker, a member of the College of Business, and Frankie K. Hodges, a member of the College of Education.

AHEA and Harding will pool their resources to provide a weekend camp where the show will be presented.

The setting, the stage, the entire set was moved to the Bernard Auditorium where the show will be presented. It is a unit set with complex platforms which can be altered to change scenes. The set is designed in rising levels to give a steeply raked effect. This is for more effective groupings. Also it will allow the angel to occupy a higher physical position throughout the scenes.

The setting will start virtually in the laps of the audience as the stage will extend out and “thrust the play forward,” creating no barrier between the action and the audience. The show will be primarily presented in front of the apron and on the front part of the stage.

---

BA in Missions, BS in Bible Approved for Spring Semester

By Sandra James

Provisions for a Bachelor of Arts in Missions and a Bachelor of Science in Bible have been accepted by the faculty and will go into effect in January, 1968.

Dr. Joe Hacker, chairman of the Bible department, announced the changes, explaining, "Increasing interest in missions and in cultural and religious areas at home and abroad suggests the need for more thorough training of evangelists and missionaries in the future."

At present there is only a Bachelor of Arts in Missions and a Bachelor of Arts in Biblical Literature. The new degrees will be specifically designed to provide preparatory training for missionaries and ministers or for those considering graduate study in Bible.

The missions major will call for the addition of nine courses, and a student will be required to take three courses, while the present B.A. in Bible requires a minimum of 32 hours.

Dr. Hacker explained that these changes and additions were largely the result of a Bible department self-study, and continued, "Recent trips abroad have convinced me that one of the great needs of the church today is for more adequately trained missionaries for the field. This new training program is an attempt to encourage and to train more workers for the field before the battle is lost for our generation."

PLACEMENT NEWS

A United States Air Force Office Candidate School team will be here to give a group test on Placement Office if you wish to take the test at this time.

STAFF MEETING

There will be a Bible staff meeting Sunday afternoon, Nov. 12, at 2 p.m. in the Bible office.

Randy and Scott: More Than Supper

By Ann Camp
Little Tommy Tucker sang for his supper, but Randy and Scott got more than "puddin' and pie" out of the deal. A four-year working music scholarship will put the freshmen out on the recruiting trail for Virgil Lawyer, Dean of Students.

A year ago today the couple sang in a chapel program on a try-out basis for the recruiting scholarship. If the program works well, others will be put on the same scholarship to strengthen Harding's recruiting forces.

This year Randy and Scott have already sung at Batesville and will journey to Shreveport, La., Saturday.

Randy Burris and Scott Wilson, both from McClellan High School in Little Rock have been singing since the ninth grade.

Math Major
Burris, a math major, took guitar lessons and has played the folk guitar for four years. Wilson, an advertising/public relations major, has played the guitar for two years.

The two got together when Wilson began playing the bongos with Burris and another student. The Beattle craze was on at the time, and Randy and Scott made their first television appearance by accident. They were the first in line to buy Beattle wigs at a department store. They appeared on the 6 p.m. newscast.

In their first appearance together, they used the Beattle wigs in a pantomime.

The two turned professional singers in the junior year of high school as they accepted as eight month engagement at the Lavee, a Little Rock coffeehouse. However, their first real paying job was to perform at a Mohican banquet when they were in the tenth grade.

At the Lavee, Burris feels that their time at the Lavee was well spent, as it was "a valuable experience which matured us as performers." Wilson didn't like the atmosphere, or the audiences, but feels that the experience brought polish to his performance.

When the establishment began serving liquor, the singers ended their engagement.

Also during the period of their engagement, the couple made periodical appearances on Channel 11's "Eyes on Arkansas," a variety program. They have made television appearances with personalities Andy Russell, Eddie Arnold and Roberts Sherwood.

In their first appearance on television, one thought from our minds, "the idea of communicating one thought from our mind to a group of minds through instrumentation and vocalizing is overwheming."

Wilson added, "folk music deals with all human emotions. It spans the generation gap through feeling. Because of this, folk music will not fade out like musical fads." The folk singers try to communicate on an individual level through singing to each member of an audience.

Some of their songs bring audience reaction, "Puff, the Magic Dragon" has delighted children and made adults cry.

The explanation of the varied reactions is the level of understanding and interpretation. Others which have aroused audience response are "Old Cole," "Hoor the Ship Comes In" and "All My Trials.

Future plans for the boys include computer programming work for Burris and an advertising public relations career for Wilson. When asked if they would continue singing together after college, their answer was yes.

Saturday Movie
Cary Grant stars in "Father Goose," the SA movie to be presented on Saturday, Nov. 11, at 7:00 p.m.

This movie features Grant as a rebel against civilization who enjoys the pleasures of carefree freedom as a beachcomber on a Pacific isle during the ravages of World War II.

Grant is conscripted into the service as a coast watcher by the Australian navy. Then he meets Leslie Caron and seven sub-teen students. Exciting and hilarious adventures follow.

This movie won the Academy Award for best screen play in 1964.
Optimism Marks Basketball Fortunes

By Jean Flippin

Unprecedented optimism, dotted here and there by a sprinkling of question marks, describes the general outlook for Harding's varsity basketball fortunes this winter.

"We'll have to wait and see, of course," conceded Coach Hugh Groover, his optimistic tone belying the caution he would be unlikely to have voiced than I've ever been about a team. We have, he indicated, kind of possibilities.

1971-72 Year

All hands return from last year's campaign, which saw Harding finish in third place in the AIC standings by virtue of a 10-11 conference mark for fifth place in the AIC standings.

Fortunately for AIC recruiting purposes, Groover said, some outstanding players are returning.

Bison Coach Danny Russell and John Bucz also gained experience last year and will be depended upon for reserve help.

"There's a place for every player on the team this year," Frazier noted. "We all do our part, we win and we certainly have the capability of winning the conference.

Before counting unatched chickens, however, those nagging question marks must be eliminated. How will the team react under pressure? Can the offense, with two new additions, jell together?

Bill Early

As Groover emphasized, it is still early. Workouts began the first of October, with the squad going through rigorous daily conditioning drills. AIC rules prohibit the use of a ball in practice until October 15.

In order to begin answering the questions, the team has scheduled four pre-season scrimmage games. Two have already been played, one with Christian Brothers and another with Little Rock University; the remaining two are with Arkansas State.

"These games were good for us," Groover feels. "We made a lot of mistakes, but learned the things we want to correct.

Senior forwards Donnie Cox and Dick McMurry are likely to start, as is junior George Frazier, last year's top rebounder and starting center.

The team has also picked up two transfers, Marvin Levels, 6'4 junior forward from Lubbock Christian College, and Bill Fere from Ohio Valley College.

"We now have more height and maturity on the starting five," observed Turner. Junior Ron Goss added, "This year we are stronger in rebounding, we have two of the top guards in the conference, and we've added some outstanding personnel."

Lamb and McKeel

Lamb and McKeel came on strong in the closing stages of the last season, spring, and coach Groover is expecting them to continue this improvement. Sophomores Danny Russell and John Bucz also gained experience last year and will be depended upon for reserve help.

"There's a place for every player on the team this year," Frazier noted. "We all do our part, we win and we certainly have the capability of winning the conference.

Before counting unatched chickens, however, those nagging question marks must be eliminated. How will the team react under pressure? Can the offense, with two new additions, jell together?

Lamb and McKeel came on strong in the closing stages of the last season, spring, and coach Groover is expecting them to continue this improvement. Sophomores Danny Russell and John Bucz also gained experience last year and will be depended upon for reserve help.

"There's a place for every player on the team this year," Frazier noted. "We all do our part, we win and we certainly have the capability of winning the conference.

Before counting unatched chickens, however, those nagging question marks must be eliminated. How will the team react under pressure? Can the offense, with two new additions, jell together?

Still Early

As Groover emphasized, it is still early. Workouts began the first of October, with the squad going through rigorous daily conditioning drills. AIC rules prohibit the use of a ball in practice until October 15.

In order to begin answering the questions, the team has scheduled four pre-season scrimmage games. Two have already been played, one with Christian Brothers and another with Little Rock University; the remaining two are with Arkansas State.

"These games were good for us," Groover feels. "We made a lot of mistakes, but learned the things we want to correct.

Senior forwards Donnie Cox and Dick McMurry are likely to start, as is junior George Frazier, last year's top rebounder and starting center.

The team has also picked up two transfers, Marvin Levels, 6'4 junior forward from Lubbock Christian College, and Bill Fere from Ohio Valley College.

"We now have more height and maturity on the starting five," observed Turner. Junior Ron Goss added, "This year we are stronger in rebounding, we have two of the top guards in the conference, and we've added some outstanding personnel."

Lamb and McKeel came on strong in the closing stages of the last season, spring, and coach Groover is expecting them to continue this improvement. Sophomores Danny Russell and John Bucz also gained experience last year and will be depended upon for reserve help.
Harriers Go After 5th Crown
In AIC Cross-Country Battle

Harding's cross-country team goes after its fifth AIC championship Saturday at Henderson State College in Arkadelphia, in the AIC cross-country meet.

The meet, usually held at the school of the previous year's winner, was passed on to Henderson for this year's meet. Harding, first fielding a cross-country team in 1963, won the AIC that year and two more years under the coaching of the late Dr. Robert T. Clark. The Bisons won the championship last year under coach Virgil Lawyer.

Harding has two runners favored to win the meet individually. They are Jim Crawford and Joe Boyle. Crawford won the Western Kentucky meet last week and Boyle was second. Boyle is running his first year of cross-country for Harding. Both face tough competition from State College of Arkansas' Ricky Richardson.

Richardson won the meet last year. According to early reports, Richardson may not be able to run because of injuries. Harding's top five runners are hoping to cop the first five places and a perfect score.

While the varsity team was running colleges and universities outside the conference, the junior varsity team defeated four AIC varsity teams during their season. Both teams will be competing in the AIC meet Saturday.

The winner of the AIC meet will travel to South Dakota for the national championship where the top runners in the country will be found. Harding has finished as high as 7th and as low as 17th in this meet. The NAIA includes some 460 colleges and universities.

Boyle, Crawford
Set Records
In Kentucky Meet

Jim Crawford and Joe Boyle, both setting new course records, placed first and second, respectively, in the Western Kentucky Invitational cross-country meet in Bowling Green, Ky., last Saturday morning.

Harding placed second in the meet behind Western Kentucky which placed five runners in the top 11 in the field of 48 runners. Harding placed fifth in the same meet last year.

A small crowd saw the pre-meet favorite Crawford, bare-footed in the 37 degree temperature, and Boyle pull away from the pack at the end of the first half mile and move away from the rest. Crawford set a new course record of 31:84 for the 4 mile course. Boyle ran a 31:11.

Most of Harding's runners finished in the position they held at the end of the first mile. Russ Sanders, showing improvement, finished in the 9th spot in the meet. Craig Kenterman, Dick Shenefeld, John Thompson and Herb Bentancourt rounded out the Bison effort for a low of 86 points. Western Kentucky had 35.

Sub-T, Independents
Lead in Club Bowling

Club bowling enters its sixth week of competition with Sub-T and the Independents tied for the league lead with 16-8 records.

The Independents entered last week's round in second place, but their three victories over Sub-T enabled them to grab a share of first place. Chi Sigma moved into the third spot at 15-9-3 as they took four from TAMU. Galaxy fell into fourth place losing three as did Sigma Tau which dropped to sixth. TNT won three to move into the fifth place spot.

Larry Sadler of the Independents had the high game with a 269 and the high three game series of 515. Donald Ailes of Koinonia had a 294. The Independents had a 2304 series which is an average of 107 per bowler.

Senior Athletes

Business and industry are making strong selling pitches to the college senior. Even Uncle Sam has been aiming his recent advertising toward this select group.

Apparently some general has been talking to the college coach.

Coaches in any sport lad the worth of the senior athlete to anyone who will listen. They have known since the first that any successful campaign depends in large measure upon a strong senior nucleus.

Maturity, experiences, calmness under pressure, team spirit and pride are just a few of the intangible qualities which come most strongly from seniors. Intangible though they are, however, their presence—or absence—is always evident.

In most Harding sports, seniors come in spurs. Year one a team will enjoy a strong core of leaders, only to be followed by a lean year when few are around.

FOOTBALL IS AN exception. Here the teams are large enough to allow for a good number of seniors each year, each with a lot of experience as well.

This year, the coaches vow, the ten seniors possess the best attitudes they have ever seen. John Froehle acknowledges their worth by refusing single captaincy so as to let them alternate each game in this capacity.

Basketball, lean last year in seniors, has two top leaders in guards Harold Alexander and Rick Turner. Alexander brings three years of Bison experience and Turner is a junior college transfer who was high in AIC scoring.

KEN ELLINGWOOD, senior cross-country captain, has been sidelined this season with shin splints, but this has not stopped him from carrying out his leadership obligation. He mans a stopwatch and clipboard at all the meets and yells times and encouragement to his team-mates during the race.

BASEBALL ENJOYED a wealth of top senior talent last spring, but must join the other intercollegiate sports in bidding its time this year. It will be more of the same in swimming, bowling, tennis and golf, with lowerclassmen taking the initiative and leading the squads.

The problem of finding seniors lengths every year. More athletes are participating, and their caliber is improving as well.

With proper recruiting, planned reshuffling and adequate incentive, the problem may someday cease to exist.

College Identification Required

Steelers Win Ragtag Honors

The Steelers met the Rams in their fifth game of the ragtag season to decide the school championship. The 5-0 to 4 win came after a 20-14 win.

The team battled on even terms for half of play and at halftime the score was tied 14-14. The second half saw the Steelers manage to push across a six pointer and forge out into the lead. The game was not over for the Rams drove down within the Steelers' twenty yard line four times, but each time the Steelers' defense met the challenge and prevented a Ram score.

The Steelers finished a perfect season with a 9-0 record that saw them average twenty-one points per game while holding their opponents to only nine.

The Steelers entered the game boasting a perfect 8-0 record while the Rams had a 9-2 slate. In a previous meeting of the two teams, the Steelers walked away with a 38-20 win; but the second meeting was a closer contest.

JV's Rock SCA with Running Attack
By Jean Filippe

Harding's junior varsity football team had a field day Monday night, scoring almost at will and submerging State College's freshmen, 28-7, under a strong running attack.

Fullback Charles Caffey, freshmen from Seminole, Texas, racked up 116 yards on 16 carries to rate as the game's leading rusher. He also had an outstanding night as a punter, and scored 12 of the Bisons' points.

Caffey Scored

Caffey scored the first of his touchdowns in the second quarter on a six-yard plunge. He also had a strong second half night, scoring almost at will as a punter, and scored the only touchdown in the second half. Parker took the reins for the final score, after a short punt gave Harding the ball on the Bear 15. John Kelley got the nod for the TD this time, and Miller again converted.

Outstanding defensive performances were turned in by Curtis Booker in the line and Parker in the backfield. Wayne Stover and Jim Duncan also were singled out for praise by coach Jimmy Smith.

Kingston, a hardworking halfback from Searcy, gained 84 yards on 20 carries as the second most prolific ground-gainer. Copeland had one of his most accurate passing games as well.

With one game remaining, the junior Bisons stand 3-1. Their only blemish was in the season opener to Southwestern College, a team which they later defeated. They close out the season Friday at 7:30 p.m. against the Arkansas Tech junior varsity.

But the junior Bisons were not through. Running by Caffey and Merrill, Harding followed a long pass from Copeland to David Reves, set them up on the 12. A holding penalty put them back on SCA's 31, and from here Copeland lofted a 46-yard pass to end John Manning in the end zone.

Parker took the reins for the final score, after a short punt gave Harding the ball on the Bear 15. John Kelley got the nod for the TD this time, and Miller again converted.

Post-Season All-Star Game Planned
By Tom Call

The Arkansas Intercollegiate Conference will climax the football season on Monday evening, Nov. 27, with its own All-Star series.

The head coaching job will be divided among four Arkansas schools. At least one coach from each of the four will be included in the all-stars ingredients that will be needed.

The star squad. Specialists which the coaches will agree upon.

Thirty-five athletes. The head coaching job will be divided among four Arkansas schools. At least one coach from each of the four will be included in the all-stars ingredients that will be needed.
