Dear John Allen:

It was with pleasure that I received your letter stating the future plans that you have for attending school in Abilene. I am happy for you as the training in the McGarvey Fellowship program is excellent and will be very beneficial to you as you strive to better educate yourself. Also it was good news to all here in McGregor that you would be able to come and be with us some this summer. I gave the elders the letter that you sent and they discussed a date that would be suitable; they decided upon July 28. I’ll not be gone that day but they wanted you to come and be with us and for us to have a "special" day so that we might have quite a few visitors. I hope this date is all right for if it is not please let us know.

Last week I was in Abilene for the lectureship and found that it will be earlier next year. Next year it will be February 23-27. I have not spoken to the elders about this as yet so we will have to discuss it further possibly when you are with us.

Let us know how this date agrees with your plans and I shall be readily awaiting further news from you.

Yours in Christ,

Kenneth Dye
