Dear Brother Chalk:

I am glad to give you information requested in your letter of the twelfth.

The only congregation that is not dominated by those of the anti persuasion located in the western part of Birmingham is West End. Central Park is about two miles from our building. We have some six or seven families that live in the Central Park area, and over twenty more families that live beyond this area. In the last three weeks we have had request from four families to identify themselves with West End because they no longer wish to be associated with one of the two or three other congregations in this area, due to their constant harping on the anti question.

Transportation would be the only problem of the Harkins.

Enclosed are our two latest bulletins, which you might pass along to the Harkins. Please tell them that we would be glad for them to attend West. Time of services are listed on the front of the bulletin. A Tuesday morning Bible class for men and women will begin October 1 at 10:00 A.M.

I shall be glad to contact the Harkins and work with them after they arrive here. Please keep me advised as to when they plan to move. Incidentally, I live only a few blocks over the hill from the Central Park area.

Cordially yours,

*Ernest Clevenger, Jr.*
