Dear Brother Chalk:

GREETINGS IN THE THRILL OF CHRIST!

It was generous of the Holy Spirit to lead you in contacting us. By now you have measured His witness in our presentation of the soul-winning and visitation skills, as well as other of the helps. You will be interested to learn that ours is a fellowship raised up for the work of equipping His saints with the know-how for personal obedience. Therefore it is a privilege to serve you, brother John.

There is an excitement in Christ. And an even greater treat is reserved for us if we join hearts to see His glory manifest. I hear from many over the land, and here and there churches are exploding as the different ones get going in the power of God! I covet for you the "fun" of getting in on this working of the Lord.

Now that you have written and I have responded, won't you think of me as a personal friend? I ache for God's people, and it would seem this exchange is enough reason for our being interested in each other. Should we not meet until the other side, we know we are going to live together as brethren forever, in the presence of the Lord. Why not let that eternal fellowship begin now as co-workers for our Saviour in some way? I will be able to write once in a while. But with so many of the brethren interested in this program, it is hard for me to write to my friends too often. You understand, of course.

I will be praying that the Holy Spirit, Who really authors these things, will grant you an amazing blessing as our friendship produces much fruit.

Joyously His...and yours, dear friend,

C. S. Lovett
