John:

Sorry that I left out this schedule yesterday.

None of our games are over your way this year so it would be hard for me to see us play.

Sincerely,

Mr. John Allen Chalk
Broad Street Church of Christ
Cookeville, Tennessee

Dear John:

It was such a pleasure to hear from you last week and to know that you and your family had a safe trip home. I was afraid that the Bell Witch might get you before you got there, but even so surely she would have turned you loose at the first break of daylight.

Thank you so much for the names of the boys playing on the Cookeville High team. I turned their names over to the coaching staff here and told them that you were planning on sending a film later this year. When you do send the film, be sure to identify the teams by the light or dark shirts, and to send the numbers of the boys for them to look at....their position also.

Ruth and I feel that we have been blessed because of our association with you while you were here. Our God has blessed you so much and has given you so much ability to lead others in service to Him. Stay close to Him in all you do and there will be no end to the amount of good you can do in His service, and to the numbers you can influence to Christ. I mean this sincerely.

We hope that somehow we can be together again before long and hope that we can get to know your wife better. Let me here from you if there is anything I could do for you over this way.

Most sincerely,
