Mr. John Allen Chalk
Broad Street Church of Christ
P.O. Box 474
Cookeville, Tennessee

Dear John,

It has been some time since I've had contact with you, but through the grapevine I keep up with you pretty good.

I wanted to write and extend my congratulation on your building program at Broad St. Through your bulletin I have followed the program and I saw last week where you had broken ground.

Someone told me that they thought you received "Outstanding Young Man of the Year" in Cookeville. I know that you deserved it. However, since I received the same honor in Martin, I will not expound on it.

We are real happy here. I feel we have been successful to some extent in my first year. Two plants are being constructed in the county. One will employ 100 men initially and the other 300 men. We will start construction of a Country Club next month.

Things have gone so well that we have built a home in Martin. I hope that you and the family can stop by sometime soon and visit with us.

Keep up the good work and let me hear from you.

Your friend always,

Bill L. Teuton
