Dear John Allen,

We need your advice, brother. As I have mentioned to you before, in passing, one of the reasons for our coming to Michigan State was not only to establish a great campus outreach through Campus Advance and the students involved in it but also to establish a university congregation of people truly dedicated to taking Jesus Christ to the campus; a congregation in which there would be an atmosphere of real freedom and love, made up of a few local residents but mainly of several from over the nation who will be moving in to join the exodus to MSU. As a result The University Church will begin as an organized group on September 28 with a midnight communion service. Of course, one of our prime concerns is the educational program. Doug Brodie was one of the two fellows coming here September 1. He was to organize the educational program but, among other reasons, because he wasn't accepted at Michigan State for this fall, he, of course is going to Atlanta instead. As a result we are in need of someone very badly. I am hoping you can recommend someone who could both serve the need we have and also fit into the "environment".

We do not feel a need for someone on a full time basis for several months, although we may be proven wrong. Of course, an unlimited amount of personnel could be used to mobilize the students, so if adequate financial resources could be found, this person, if schooling or secular activities were not desired, could easily spend the remainder of his time working directly on the campus.
If you do know of someone who would be worth our contacting, I would appreciate your letting me know immediately. If he happened to be in the southeast or southwest, I shall be in parts of both the week of July 13. The challenge to reach people could not be greater nor the opportunity to be a part of organizing a dynamic congregation of the Lord's church more thrilling. We have looked forward to and have planned for this a very long time. We shall be subject to no person except Jesus Christ.

Please pray for us in this endeavor. I look forward to hearing from you concerning the above, John Allen.

Your brother,

Lee Harrington
