Freshman Davis Mossman cuts barbed wire to help clear out a yard during Bisons for Christ on Wednesday at 18.

Serving ‘beyond’

By James Harper

On Wednesday, April 13, hundreds of students participated in Bisons for Christ, the annual day of service that inspires students to go “beyond” Harding to serve the community.

The event was arranged from visiting with the elderly and baking cookies to clearing out yards and working on housing projects to nursing athletic programs for kids.

The Rock House, a ministry of College Church of Christ, sponsored the event. Alumna coordinator Liz Howell helps to organize the event.

“The goal for us is to introduce people to serving,” Howell said. “Not for just a day but to develop a lifetime of serving.”

Junior Emma Cook was part of a group of friends that helped at Harding Plaza, led by freshman Madison Vor- derbride. They helped with simple tasks such as hanging decorations and raking debris that were too big of a street for the elderly who live there.

The difficulty of the work varied from project to project, but students remembered that no matter how big it was, they made a big impact.

“I saw some of the guys who were involved in the grass, they were dirty from head to toe,” Cook said. “And I thought, ‘If I had done as much as they did, then I thought I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done just as well, and I thought maybe I would have done Senior Kyle Johnson was selected Student Association president in a runoff election on April 10. He was chosen from a field of three candidates who progressed to the runoff, which was decided from those three options which one act would be performed.

As a specific thing that I worked on, it’s academic advising. The academic advising was feeling like a task. We weren’t really working with that in the beginning of the year. So it was a little bit different for me.

I think that is kind of the point where my strengths were, and I’ve helped and been guided by the people that have been there. I think that is kind of the point that I started working with that in the beginning of the spring semester. It has been a process that started at the beginning of the year.

People have gotten into the act of organizing, they’re connected here and there, and this is my opportunity to help bring everybody together, celebrate the year, help as much as I can with friends and style and celebrate the fact that we did it.

Senior Kyle Johnson, who was the previous Student Association president, said that shipping to see the directors come together is really the most rewarding to see.

On April 14, Students started preparing for the one act shows that will be performed. Theatre students work on their one act plays.

First year students invited to end the year (P)Reunion

By Jordan Doyle

First Year Experience Coordinator for the annual (P)Reunion dinner for first year students on April 21 in the Gauus Athletic Center (GAC) room.

According to First Year Experience Coordinator Kevin Lee, the (P)Reunion dinner is one of the biggest events for first year students.

"People have gotten into the act of organizing, they’re connected here and there, and this is my opportunity to help bring everybody together, celebrate the year, help as much as I can with friends and celebrate the fact that we did it," Kevin said.

Freshmen and transfers will be able to come together, not only with their peers, but also with those who helped with the transition to campus. Harding Administration counselors, freshmen dorm resident assistants, Impact group leaders and Bible class peer guides will be in attendance.

Junior peer guide Brooke Bohnett said about the poor guides attending, "I think that is kind of the point where my strengths were, and I’ve helped and been guided by the people that have been there. I think that is kind of the point that I started working with that in the beginning of the spring semester. It has been a process that started at the beginning of the year.

This is a student response to Alexis Hosticka's opinion, "Evaluating the 'religious freedom bill.'"

Published April 3.

It seems to us as world’s on a fairly busy street, and there is always a new story to explore. There’s been the story of an abduction or murder. Through all of these current events, people still find a way to explore others through ‘controversial’ topics that should not be considered at all.

The specific topic I am talking about is the promotion of models in the media. However, I believe that at times it comes to how women perceive themselves.

Already, it is unfair for women not to care. Despite the confidence I may have, I am not always concemed of people’s perception of how I look. I think this is something many women admit to.

Defining ‘international’

Evaluating the ‘religious freedom bill’

I am someone who believes that there is an issue when it comes to women’s rights. Despite the confidence I may actually be controversial at some level. By using social media, it’s important to understand what others think about women. We are not the kind of people that are not interested in being part of a community. However, we need to surround ourselves with people who are attractive to others and who are interested in people who are interested in the good of others. But if you...
Determine your own privacy

I n an age of increasing technology, every aspect of our lives has become knowable. From where we live to who we are, our lives have been reduced to digital data. We’re all part of the growing database of the self.

The era of the personal digital assistant has arrived. It is possible to keep track of your location, your social status, your friends, and your family, all in one place. And yet, as we are being watched, we are also watching others. We are being watched for the sake of our own privacy and security. As we are being watched, we are also watching others.

One of the most significant aspects of this new age is the ability to monitor others in real-time. As we are being watched, we are also watching others.

East vs, West

This Saturday begins the NBA playoffs, and there is nowhere more intense a battle going on than in the city of Oklahoma City, where the Thunder are riding the wave, just as they have for most of the season. They will take into the playoffs as the first seed in the Western Conference and the Thunder with the top seed at home in the playoffs.

Tim Duncan, the Spurs and the West will fall yet again to gritty teams in the West. The Mavericks and the Spurs will take back-to-back titles.

Coaching at its best

By Kristina Kiser

Harvard’s cross-country and track teams have won their fair share of titles in the last 13 years. Some were All-Americans and some were not, but what they all had in common was hard work, dedication and a desire to be the best. The teams have competed exclusively in track and cross-country while in college at Oklahoma Christian University. It was also a college that Greymont first knew that he wanted to become a coach.

"I began to realize the impact my coaches had on my life and wanted to give back," Greymont said. "I was very blessed with great high school coaches and have been fortunate to be around many great coaches." Greymont received a phone call from Bryan Phillips, the former track and cross-country coach at Harding, and Phillips asked him to consider taking over the position. After his visit to campuses and many prayers, Greymont felt like God was leading his family to Harding.

Senior track athlete Dallas Rollins feels that the best way to understand the type of coach that God called him to be is to ask his opportunity to be his assistant. "I believe that he is the best coach I have ever had," Rollins said. "He has inspired me with his perseverance and his passion for the sport. His drive is not just as an athlete, he feels like he is an all-family. He cares more about than just how far we are and the titles we may be capable of running." According to Bailey, Greymont first makes sure that his athletes are doing well mentally and emotionally before worrying about their physical performance. "Coach Greymont aims to truly get to know each individual athlete and coaches in order to find out what motivates them to do his or her best. Every coach is different in how they interact with their athletes, but Greymont describes himself as more than a coach and makes time to 'go out' with his athletes. Senior Amber Peston said there are many qualities that set Greymont apart from other coaches she has worked with. "Coach Greymont has a personal excitement in what he is coaching," Peston said. "He also is very dedicated and has everything prepared for us. He always prays what is right for us." Greymont is all about giving and he believes that he has blessed his athletes with great athletes and that it is his job to make them believe how good they truly are so that they may excel in their sport and in life. "My goal is as the same as they always have been: to grow in their faith and their god and their goals," Peston said. "I will have been blessed with great runners and athletes and the reality is that Coach Clark, Coach Byers and Coach Phillips set the way before I got here. I'm just trying to live up to their legacy."
Bisons work to define their team look

By Braxton Schrock

Sports Editor

Youth sports are full sport, but around this time of year there is something called "spring ball." At this time players and coaches can get together and fill in their fundamental skills before the summer break starts and full camp. That is exactly what the Bisons have done over the past few weeks.

"Spring ball" is all about evaluating your team, because when spring comes around you always have a new train head coach Ronnie Hickethics said. "Whether you lose a bunch of seniors or not, it's a new team.

Every year teams deal with players that lose due to eligibility, graduation, or simply transferring to another school. This year, the Bisons 21 spring ball players are in graduating seniors, preparing that new and old faces will emerge into the spotlight as starters.

"It was like an overhaul was had," Hickethics said. "We're fortunate to play a role of people of the cloth of these guys. They get a chance to start new ball games. Some of those guys get a meaningful experience.

Hickethics said spring is all about finding out what type of this team new group will be. He said every year he looks to see what type of preparation the new group has and what type of character it will bring.

A player who will have a huge impact on this group is sophomore quarterback Parker. Hickethics has big shoes to fill, replacing two-year starter, senior Karonn Kellett.

"I think Park Parish is going to be a stud he has a great spring," Hickethics said. "He is a corner football. He takes our better hitter running the football.

Hickethics said Parish tried to take away the pitch and make Roket keep the ball because for we are our big of a threat running the football, but said team will be able to do that with Parish running the ball.

"I feel good about this year's spring," Parish said. "I feel comfortable running the offense and feel that I have a lot better about the guys I have around me.

Parish said he is looking forward to the 2015 season. "We played a great time during the 2014 Parish was a big help, but this coming spring, Parry said he is looking forward to leading the team for his last year and ready to go be the No. 1 on the depth chart.

Parish said the biggest difference in this team is the leadership aspect. He said he did not play a significant role on the team last year and this spring has been a major change.

Harding's defense, which finished first in scoring overall defense, is looking to continue its dominant form. "We think we have a chance to have a great defense," Hickethics said. "I think our front six and linebackers are going to be really stout. Most of those guys are coming back from last year and we don't (Parker) Matt Cain only wants to be back as well."

One of those returning linebackers is red-shirt sophomore Darius White. Hickethics said the 2014 season with a team-leading 9 tackles. "Skidmore said that this spring will be able to echo camp and then prior to our first game ball next year," Hickethics said.

The Bison defense swarms a Southern Arkansas University player in their route of the Mudlakers, 56-13 on Oct. 4, 2014. The Bison graduated 21 seniors and will have new players stepping up in the 2015 season.

Bisons work to define their team look

"Men's and women's golf ready for GAC tournament"

By Toria Parrett

The men's and women's golf teams competed in their last regular season tournament April 12-14. The men's team hosted the Natural State Golf Classic at the Red Apple Inn in Hot Springs, Ark., placing fifth out of six teams.

Head Coach Charlie Howell said freshman Juan Luisi who placed 53rd. Howell said that the course was good preparation for the team leading into the conference tournament that will be played on.

"He was our bright spot this week," Howell said. "It was the only time he played the tournament and it seems to be peeking at the right time."

Sanchez 7-under on Monday and 11-under on Tuesday to finish even at 142 for the tournament and place 10th overall.

Other players included sophomore Cheyanne Smalley who finished 47th. Freshman Kaligh Ramsey who placed 84th, freshman Sarah Cordley who placed 98th. Hickethics said that this tournament helped the girls work on some of their weaknesses to prepare for the conference tournament next week. "We are going to try to work on our mental game," Hickethics said. "We are trying to follow up a bad hole with a good hole instead of letting it get in our heads. It is a big part of golf. We just want to go out and do our best.

Hickethics said that this tournament also helped the women get a feel for the competition going into the conference tournament and work on their skills.

The Great American Conference Championship will be played on Friday, April 17 at 9 a.m. in Hot Springs, Ark.

Both teams must place first to advance to regionals.

Walton Scholars started playing soccer on Asst. Center (GAC). Keeping with the tradition, her time volunteering with Recreational soccer becomes campus-wide activity senior Addie Hayes sais she has enjoyed owners, guards, or random people on to your would be like to do mission work in from all over to experience what it simulations .

By Rachel Young
(HUT)

Walton Scholars play soccer on three consecutive Fridays, ask to get more involved or become a member, anyone with a love for soccer. When groups come to UT, collages are like family, and it’s different things that actually carry it a half mile to work. When groups come to HUT, volunteers play the part of locals from a specific country being market owners, guests, or random people on the street. One particular volunteer, senior Addie Hayes said she enjoyed her time volunteering with HUT.

“Fall of 2011 I want to Hardcover University Tahleko (HUT) to try to become a mission trip leader for the next year . It’s an intermission course as well as hosting different groups for mission simulations. HUT is located on the Camp Tahleko property in Fark, Ark. It serves as the location for groups from all over to experience what it would be like to do mission work in another country.

“HUT is located on the Camp Tahleko property in Fark, Ark. It serves as the location for groups from all over to experience what it would be like to do mission work in another country. Sometimes families come to HUT, collages are like family, and it’s different things that actually carry it a half mile to work. When groups come to HUT, volunteers play the part of locals from a specific country being market owners, guests, or random people on the street. One particular volunteer, senior Addie Hayes said she enjoyed her time volunteering with HUT.

**Yik Yak developer shares inspiration**

Mark Davis

"Yik Yak, a social media network whose users are in the same geographical loca
tions and discuss topics that are put anonymously, was created in
2013 by DurrellFarrell University. Since then it has been
described as a "shady government
backdoordel.

"Antimoney on Yik Yak looks like a
process because it seems to me that
we're tracking every movement of
eye. He went back in to the kitchen
and added several items to our
out even more.

Seem like every food selection had
made on April 3, features new villain
Deckard Walker who died in a car
accident in November.

It's not far off from campus and is
to 2013 Eastwood Road. The
restaurant is open Thursday
from 5-9 p.m. and Sundays from
10-2 p.m.

Why go back to the buffet? Probab-
ly not, as this last time he had a
tasty in my mouth. I may have gone
on a bad day, so we all agree to
use for your self.

Despite variety of choices, restaurant not worth a visit

In the 13 years of编程, the fast and Furious movie
series has come a long way from just
planning toinvolveclassroom and
everyday life. The movie Fast Five was
originally written as the film that the fast
and Furious 7 would be considered a
victory in the series, but the
outcome was a bit of a letdown.

The restaurant is packed and there
is an abundance of
negativity, he also said

Yik Yak is a forum to share
thoughts and reactions from students and
careers in the same area and to allow
self. Then I was able to swallow
the guests about refilling some of the
food items that were lacking.

I also had to say one thing, no one
choose to see the app, or
to go, and the charge was about

Despite variety of choices, restaurant not worth a visit

I am sharing my first dining at
Huckleberry's Buffet in 2012 and
had been back since and until this
past weekend when I went out
to have dinner with a friend.

Now I am no big on buffets
in general, and this dish was not
something that I thought I would
enjoy. But I have to say that the
food was pretty good and
honest about what they were
selling.

I decided to just pay for my
meal and when the charge was
about $15 without a drink.

The food had been sitting under
heat lamps in the restaurant, and
once I got home it was still pretty

It was very busy and loud inside;
the long room I used to
attending some of my
class lunches, the more

As I wrote the story, I
noticed an employee from the kitchen

It was very dirty and knew
something was wrong. So I
began to take a tour of the kitchen
and some of the huge messes I
never seen before.

It was not always
improving the facility to
offer three services:

Now, I was not going to be
someone who was going to
pay for my meal and then
be upset about the food.

I noticed how the food

It seems to be a fitting tribute to
the death of actor
Paul Walker who died in a car accident in
November, 2013.

"Fast Five" tells the story of
brave hero, Nino DiJaeger

I was feeling all of the feels watching
the movie while thinking about
my good friend.

It is revealed that
there is an abundance of
negativity, he also said
