Dear Dr. McCord:

Thank you for your encouragement of the past week. I thoroughly enjoyed getting to be with you during the North Texas Teacher Training series. Hearing your profound comments during the panel sessions as well as having your repeated personal encouragement made for a very wonderful week.

The notes you gave me on the Old Testament development of the church were extremely helpful. They have already been employed as guidelines for more study of the concepts you mentioned. Thank you for your help.

I feel so keenly the need for my deeper understanding of God's word. Yet I also see the need for making sure that what I do know of His will is lived out in my daily life and relationships with others. I pray God's richest blessing on you and your special ministry of teaching and preaching.

Your brother,

John Allen Chalk
