Dear John Allen:

We appreciate your being with us in the North Texas Training Series and appreciate the good work that you did. It was very enjoyable to have lunch with you on Tuesday.

In the round table discussion you mentioned the information you had concerning the study that was made by one of the colleges in the northeast in regard to widows contacting new widows in the community. You stated that if we would write you that you would send us this information. I would appreciate having this information because it seems to me that it would be an excellent program of work for some of our older women and that it would also be very evangelistic.

When you are up this way give us a call if you have time.

Fraternally yours,

Chester M. Hill
