Dear Melvin:

Thank you so much for your letter of November 7. I deeply regret that I did not answer it before the semester was over.

I did have some interesting visits with Mark. He attended the services of the Highland church very faithfully during the past semester. I believe he is now attending services at one of the other congregations. He may be going to Minter Lane, though I am not sure. I was able to get him in touch with some students and professors on the campus that I thought would have some good influence on him. We had some very honest discussions, and I hope profitable ones. He may have told you even more of our relationship while he was home than I have been able to discern.

I will continue to watch for opportunities to be with him. If there is any specific thing I can do at any time to minister to him, please let me know. Be assured of my continuing interest and my attempts to relate balanced, mature Christian students to him in his campus life. He is a very talented young man who can make great contributions.

Your brother,

John Allen Chalk

November 7, 1969

Dear John Allen:

In a recent letter from Mark he was expressing his excitement concerning your preaching and his association with you. For this we were thankful knowing that you influence upon him would only be for good. I just wanted to let you know of his attitude and of our appreciation for all you have and will be doing to help him to grow up in the faith. He is very talented in many ways and if his talents are used for the glory of God it will be such a blessing both for him and the many people he can influence.

I would appreciate a report from you giving me your evaluation of his status as I am very concerned about his spiritual welfare.

I was happy to learn that you are staying at Highland. I hope you are happy with your decision. It seems to me that there would be a great opportunity for you to influence the lives of young people there.

We are very happy in our new work here at Campbell. This is a great church in so many ways and we consider ourselves fortunate to be able to work with them.

Yours in Him,

Melvin E. Weldon
