Tennessee Local Board No. 60
Selective Service System
Macon County
Lafayette, Tennessee

Dear Sirs:

I am writing in regard to the draft status of Mr. James Whitley Taylor, 40-60-42-64. Mr. Taylor is employed as a pharmacist at the Jack Sells Drugstore here in Cookeville where he and the owner of the store are the only two registered pharmacists. This is a drugstore in our community that does an unusually large amount of business and dispenses a large amount of drugs.

I know Mr. Taylor personally and professionally and believe him to be an extremely vital and badly needed member of our community. Any consideration concerning deferment of drafting this man will be appreciated and is considered a highly justifiable act.

Sincerely yours,

John Allen Chalk
