Dear Brother Chalk,

After discussing it with Carl Davis, we feel it would be better to continue with our original plans. The two nights that you speak will be given over to lecture with no discussion - Brother Bullington and Sister Speck will have the discussion groups the last two nights. Do not feel bound to the topic we selected. Our only concern in choosing it was to have the lectures and discussion groups correlated.

The 7:15 p.m. period in the auditorium is for everyone and at 7:45 we will break into classes. You will have approximately forty-five minutes of lecture time - 7:45 - 8:30, to an audience of junior high and above young people.

If you have any further questions or comments, we will be glad to hear from you.

In Christian love

Thomas D. Pipes
