Dear John:

It was good to talk with you on Saturday evening and to know of your safe arrival in Southern California. I had a nice chat with Susan and conveyed the information to her that you gave to me as far as phone numbers are concerned.

As indicated to you on the telephone, we have an unparalleled opportunity now on XEMO, 50,000 watts, serving most of the West Coast. The rate for this broadcast on a 52-week contract is \$45.95 per broadcast. May I urge you to do all possible on your visit there in Southern California to generate interest in underwriting this program among our brethren there. I would love to see five congregations add \$10.00 per week to their present commitment and take this over. Let me hear from you if I can supply you with additional details that will help you in presenting this to brethren there during this week.

We are looking forward to a great time tomorrow in Nashville and will certainly miss you.

I certainly do covet your continual prayers for guidance in the work here, and the sale of real property in Oregon. God bless you real good.

Most cordially yours,

Marvin R. Steffins, Jr.
