Dear Brother Chalk:

It is a thrill to be associated with you in this great effort for the unfortunate children of the Midwest. I have thanked God often for you and what you mean to Mid-Western Children's Home.

Rally day is over and we are pressing on to new and greater goals. Not only are we seeking to raise $1,000,000 in gifts and commitments, but we are launching a special effort which will end on July 31st.

In July we find five Sundays which means many congregations will be planning to give some of their fifth Sunday contributions to good works. No greater work is now being developed in the Midwest than the "Mid-Western Children's Home". You can be of great assistance to the home at this time yet without burdening yourself and complicating your schedule. We are asking every advisory board member to find two congregations which will give their fifth Sunday contribution or at least a gift for this special effort. Our goal and dream is to raise $25,000 cash on this July 31st date.

I'm sure you agree this is a reasonable request of you. We appreciate your interest and we believe you are the type person who will work with us in the interest of the needy. Let us know today that we can count on You!!! Please sign and return the enclosed card which states your commitment to this project. This is a crucial period in the history of the Home. We need your support to announce the Advisory Board is 100% behind our fifth Sunday drive. Pray over this matter! The two gifts you gain may be the difference between victory and defeat.

God bless you for your goodness. I close thanking you in advance for your effort in this special drive.

Sincerely,

John L. Shaw
