Dear John Allen:

At the meeting of the Steering Committee in Dallas last week, I was commissioned to compile an annotated bibliography of books which would be useful to those of studying the campus situation.

Would you be willing to give me a list of any books you feel should be on this bibliography? If you can annotate any of them, it would be good, also.

I know you're real busy, but if you can just jot some notes at the bottom of this, and mail it back, that will be sufficient.

It was good to be with you at Arlington. Looking forward to your meeting with us in spring of '68.

Yours in Christ,

Joe D. Schubert
