April 22, 1966

Dear Brother Chalk:

Thank you for your April 15th letter. As a matter of fact we have been very busy around here and as a result have pushed the tract series into the background. We are now planning to introduce these tracts this summer. Which means we will have to print them the first part of the summer.

I too have often started to write you but like you I was "too busy" I thought to ever get around to it. I still am most anxious for you to write this. Out of the five original subjects I already have three written and in my office. You and Bill Banowsky are writing the other two. If you can get your manuscript to me sometime in May we will be ready to go.

Enclosed is a tract which is the size we plan to use. It contains 1700 to 1800 words. Let me know that you receive this information and are planning to write this tract for me.

Respectfully yours,

Gary Oakley
