Dear Beverly:

How thoughtful of you to write recently. It was great hearing from you but especially to know that things are going so well with you. Isn't it powerful the way God can work when we let Him, even in what otherwise might be called difficult situations?

Please give my best personal regards to your parents. I remember them with great respect and esteem.

Are you working in Little Rock? I have often wondered what you have been doing since returning home. I haven't heard much from Brenda Culp, but understand she has decided to leave home again. Pray that God will richly bless and protect her.

It was great hearing from you. Thank you so much for writing.

Your brother,

John Allen Chalk
