Dear John:

March 26, 1971

Just a brief note to say "many thanks" for the book you sent me. I have read excerpts of it from some of the material that the Herald of Truth put out; however, I wanted to have the complete book to re-read and for my library. Also, I certainly appreciate the kind words you wrote in front of it. They will be very meaningful in the years to come.

I certainly admire your work and what you stand for and the job you are doing.

Trust this letter finds you well, as your family also. I certainly have heard some very fine words from the folks in regard to your work there at Highland. Keep up the good work, and hope to see you soon, I remain

Sincerely yours,

Don
