sermons

Dear John Allen:

We think that progress is being made in preparing for our meeting. Perhaps our teenage meeting with Jerry Jones gave impetus to it although several of the responses you might have gotten were obtained through that meeting and since. We have baptized two more since it closed last Friday. It averaged 525 nightly in attendance and had 45 responses.

I wish Doris and I were situated so as to have you stay with us. Since we are not another family (whose children are all grown and gone from home) volunteered. They are Burny and Aloha Lee. They both work so the house will be yours all day. We are arranging for your meals elsewhere if you can snack for breakfast. I am not planning any special work for you with a possible exception or two in the way of visits. I imagine you may have other work to do anyway. If you are interested in baseball, notify me at once and I'll see about getting tickets to the Tigers opening day (that's a mistake! They open next week. Would have to be the following week). I've seen guest preachers run in circles during meetings and we'll try to avoid that.

Between Larry Grizzell and myself (he's my new assistant or associate here) we should be able to provide ample transportation for you. The Lee's live several miles from the building, about a twenty minute drive, but this should be no handicap.

Let me know of your arrival time and I will meet you. Our canvass work is this week end. We hope to get many more prospects.

In Christian fellowship,

Martel
