Friday early part of August

From the desk of...

James L. Lovell

Dear JAC:

I just finished mailing all but about 10,000 of the 300,000 copies of August Special and my desk looks like a garbage dump with mail falling off all sides but I had to get a note to you. Tell Helen I owe her a letter which will come.

Appreciated your call from Cookeville. Must send the paper to Jack but should have more address than just Cookeville as PO is tough. Will get when you come on 12th and did I misunderstand you when you phoned? I thought you were to be with Vivian and me night of July 21st. We waited late but got more to eat ourselves when you did not show. Can you possibly work it so you can stay with us this time? You name it and we will handle - just want to be with you - our Jac.

Note letter from Bro. Haddock. I would be untruthful if I said I was not disappointed. Frank Cawther rather committed Highland to the bundle since I turned his request into one of my own. Bro. Haddock mentions that the paper is received by every elder but if I am correct, we have sent it free to them since March 66 and no one has paid a penny. All of this is in line with our wishes and intent and I have no complaint, but I do feel that supplying our list and all we do otherwise for H of T, we deserve more love on the part of Highland toward our objectives.

I do want your judgment in this before I write and you bring this letter back and we will discuss it.

Great is the day. USE me. Love to you, Sue and Helen.

*Sincerely*
