Dear Jim:

What a very stupid mistake for me to make regarding your first name. I was the one who did that. In the haste to address your letter and get the note off to you with the Andersons' letter, I simply didn't stop to think. I have a very dear friend whose name is Robert Swafford. He's a wonderful Bible teacher and a great Christian. I suppose I got the two of you mixed up, even though I don't know how I could have in view of the just mentioned description.

Seriously, I hate to think about your leaving Jefferson City, but can certainly understand the problem. I am passing your letter on to Wally Bullington, who is in touch with a lot of brethren in Florida, as well as Art Haddox who has just made a trip to Florida. Anything we can do to help we will want to do. I can recommend your work without reservation. I don't know of anyone with whom I enjoy personally working more than with you and your wonderful family. Give my regards to your wife and daughter. It is with such a pleasure that I remember our week together last year. My very best to all the members at Jefferson City.

Fraternally yours,

Dear brother Allen:

It seems that I have the same problem with names that you have. I hope to do better in remembering names in the future.

I enjoyed the note (11 words) you included on the copy of the Anderson letter. Things continue to go well with us here. However, my doctor has recommended that I move to the east coast of Florida due to heavy pollen count here. If you happen to know of or hear of some place, and you feel that you could recommend me I would be grateful. I am in touch with the Church at Melbourne, Fla, it looks as if I contacted them too late.

Your sermons have been excellent in recent months, and I thank God for you and your great ability. May God bless you with sufficient strength for every task.

Sincerely

J. M. Swafford
