Dear John Allen:

Thank you very, very much for the contribution of \$50.00 toward scholarships for our Summer Seminar in Missions. We certainly do appreciate your confidence in this project and the interest that you have in making it successful. As the days pass and I observe the activity of our brethren in missions, I am convinced more and more that education in this area is greatly needed.

We haven't heard anything from the elders at Royal Oak. Although the research team idea was one of the most practical to develop in our brotherhood recently, I am afraid that it cannot be put into operation in this situation. I certainly do pray that Maurice Hall knows what he is doing. I would be very fearful with all that money and all those immature people in Viet Nam at the same time. Judging from everything that I have observed in the past in reference to missionary principles and practices, I would say that he is headed for some real difficulties; however, I pray that the Lord will work it all out for ultimate good.

We appreciate your good will.

In His service,
