Dear Folks:

We have finally gotten settled in our new home, even though we still remember with deep thought our many ties in Cookeville. Sue and I are deeply indebted to you and your family for some of the most precious times of our six-and-a-half years in Cookeville.

It was a pleasure to work with John as an elder in the congregation and to work with Johnny and Janet as young people in the congregation. Some of our finest moments were spent with John and Jane in our prayer and devotional periods.

We thank you for the many things you must have done on our behalf that we never even knew and for the innumerable expressions of concern and acts of kindness that we were aware of. We will never forget you and your entire family. Accept our love and gratitude for the wonderful relationship with you.

Fraternally yours,

John Allen Chalk
