Dear Big Mother and Big Dad:

We enjoyed receiving the flyer about the homecoming at Roaring Hollow. I don’t know that I have read of a more wonderful record than that which Pappy Brumley can claim from his children and other descendants. We were also hurt that we could not come for the reunion, for we had planned to do so for several months. I know that Sue has written to explain what happened; we did have a very sick girl on our hands that weekend.

I hope this finds Big Dad feeling better and both of you in good health. We love and appreciate you for all the inspiration and guidance and continual prayers that you have offered us. I am sure that whatever good many of us have been able to accomplish, much of it has been due to prayers you were uttering, of which we didn’t even have knowledge.

In Christian love,

John Allen Chalk
