Dear Marian:

I have passed on the material you sent to the two ladies conducting our girls' classes. We have both junior and senior high sections now in progress with a tremendous amount of interest. We are definitely convinced that this may be one of the most fruitful efforts we have ever put forth for our young people. Similar sessions are in progress for junior and senior high boys.

I am not sure as to where we will be when your books come off the press so am not making a definite order at this time except for five library copies which I hope you will send as soon as they are available. We may be making a much larger order a little later.

I am so happy you all are going to the Pan American Lecture-ship. I take great joy in knowing of the tremendous contribution both of you are making to the Lord's cause. Albert Lemons stayed in our home two nights ago when he spoke here on behalf of the college. It was a joy to be with him again. We are looking at the present at a five bedroom house for the simple reason that we know our friends will be headquartering with us.

Love,

John Allen Chalk
